

Springs Studio for Academic Excellence
6113 Constitution Avenue
719-494-8940
springsstudio.org

It is the time of year to measure the progress your child has made in school this year. In April, our 9th-11th grade students will participate in assessments to begin to assess career and college readiness. Our 11th-graders will take the SAT and CMAS Science, and 9th and 10th-graders will take the PSAT. These tests provide important feedback on the firm foundation we have built with each learner.

- These assessments do not define a student's abilities and skills, but they do impact how we deliver instruction to meet the unique needs of each student. As examples: Teachers use these assessment results to plan with students and set goals to support their individual learning.
- Parents gain insight about academic strengths and areas for growth, as well as information about how students compare to others across the state and nationally.
- Our community is provided with information about how our school is performing overall.

Springs Studio High School Testing Schedule:

9th-Grade PSAT Testing: Friday, April 15th

10th-Grade PSAT Testing: Friday, April 15th

11th-Grade SAT Testing: Wednesday, April 13th

11th-Grade CMAS Science Testing: Wednesday, April 20th

On behalf of the entire staff, thank you for your continued support of your child, our teachers and our school. Please calendar the dates of the testing and if possible reschedule any appointments that might conflict with this important assessment.

If you wish to consider having your child exempted from these important assessments, please email me so we can set a time to talk. You can access further information about our district and state assessment program at <http://d49.org/assessments>.

The staff at Springs Studio is thankful to partner with you to support our excellent students. If you have any questions or concerns, feel free to contact me using the information below.

In partnership,
Adrienne Ryland
State Assessment Coordinator
Dean of Students/
