

Odyssey Weekly Update

My Path. My Future.

Principal Corner

Hello Odyssey Families,

Student-led Conferences are happening this week! We are so excited for this opportunity for you to hear from your child when it comes to their learning progress, goals, and leadership traits. There are truly great things taking place at Odyssey Elementary, and it's your child's opportunity to get to shine to you!

If you haven't already done so, please make sure you have signed up for your child's conference. Late last week, teachers sent out emails to parents through "SignUp Genius" with available times. Many of our teachers sent out an additional email at the end of this week, too, as reminder in case the previous email got buried in an inbox. Feel free to reach out to your child's teacher if you need to coordinate your conference time if special circumstances exist.

On February 9th, there was no school for elementary students. However, our teachers were hard at work at Odyssey. Curtis Turner is a former teacher and principal who currently teaches educational courses at UCCS, and he is an excellent resource for the Power Zone when it comes to math instruction. He came to our school on Friday to discuss math strategies with our teachers, provide tips for structuring teaching time, and to give steps for long-range mathematical planning. Math is a huge area of importance for us at Odyssey, and we want to do all that we can to help your child on their path toward future success as graduates and adults.

As always, should you have any questions, please don't hesitate to reach out to our teachers and administrators.

In partnership,

Mr. Kris Levi
OES Principal

Note from the Nurse's Room

A note from the health room:

As we approach cold and flu season please review the following illness guidance regarding fevers at school and the district medication policy. Falcon School District 49 is following the Illness Guidelines from the Colorado Department of Public Health & Children's Hospital Colorado. Please refer to the full guidelines posted here [How Sick is Too Sick?](#)

Symptom/Síntoma Should your child stay home?/Si su hija/hijo se queda en casa?

Fever

Fever is a temperature of 100.4°F or greater. Babies who are 3 months or younger need to see a health care provider right away for a fever of 100°F or higher. Call your health care provider for any fever in an infant aged 6

months or younger.

Yes – The child or staff member may return to school or child care if the fever has been resolved for 24 hours (without fever-reducing medications) unless the fever is caused by an illness that requires them to stay home longer.

If the fever is consistent with the usual symptoms of a known chronic condition and the person is otherwise well enough to return to school, no further evaluation is necessary.

A temporary, elevated temperature due to overexertion or overdress, without other symptoms of illness, should not be considered a fever.

For more information about fever, read Children's Hospital Colorado's recommendations on fever care for children.

Fiebre

La fiebre es una

temperatura de 100.4°F o mayor. Si su bebé de 3 meses o menos tiene fiebre mayor a 100°F debe consultar de inmediato a un médico. Llame a su proveedor de atención médica en caso de que un bebé de 6 meses o menos tenga fiebre.

Sí - El niño o el miembro del personal pueden volver a la escuela o a la guardería si la fiebre se ha resuelto en un plazo de 24 horas sin ingerir medicamentos antifebriles (a menos que la fiebre esté causada por una enfermedad que requiera que permanezcan en casa más tiempo).

Si la fiebre encuadra con los síntomas habituales de una enfermedad crónica conocida y la persona se halla lo suficientemente bien como para volver a la escuela, no es necesaria realizar ninguna otra evaluación.

Una temperatura corporal elevada de carácter temporario debida a un sobreesfuerzo o a un exceso de ropa, sin otros síntomas de enfermedad, no debe considerarse fiebre.

Para más información sobre la fiebre, lea Children's Hospital Colorado's recommendations on fever care for children.

CMAS Letter

February 9, 2024

Dear Odyssey Elementary School Family,

Thank you for your continued commitment and support of your students and the OES community. Beginning April, we will enter the state testing window for our 3rd, 4th, and 5th grade students. This is an amazing opportunity for students to demonstrate their learning and see their growth! We value the data that we gain from these assessments.

Please note: 3rd and 4th graders will be participating in the Math and ELA CMAS, 5th graders will be participating in Math, ELA, and Science CMAS. Our OES teachers continue to prepare your child throughout this school year. We are excited to see them shine as they demonstrate their learning through these state assessments. These tests provide important feedback on the firm foundation we have built with each learner.

- These assessments do not define a student's abilities and skills, but they do impact how we deliver instruction to meet the unique needs of each student. Teachers use these assessment results to plan with students and set goals to support their individual paths, planning for next steps in the learning journey.

- Parents gain insight about academic strengths and areas for growth, as well as information about how students compare to others across the state and nationally.
- Our community is provided with information about how our school is performing overall.

We are aiming for 100% participation on these tests.

Below are the dates and times, so please plan accordingly:

April 9th, 10th, 11th

Grades 3rd, 4th, 5th - 8:30 - 11:00 am - ELA Testing

April 16th, 17th, 18th

Grades 3-5 - 8:30 - 11:00 am - Math Testing

5th Grade Only, 1:45 - 3:15 pm - Science Testing

Here are some things you can do at home to maximize your child's success: feed your child a good breakfast the mornings of the assessment, ensure your child gets a good night's rest, continue daily reading time at home, and continue to practice basic math. Additional logistics of testing week will be shared in the coming week. Please mark these dates on your calendars and plan appointments around testing days.

You can also access further information about our district and state assessment program at: <http://d49.org/assessments>. We thank you for your partnership in supporting this endeavor!

Estimada familia de la escuela primaria Odyssey:

Gracias por su continuo compromiso y apoyo a sus estudiantes y a la comunidad OES. A partir de abril, entraremos en el período de pruebas estatales para nuestros estudiantes de 3.º, 4.º y 5.º grado. ¡Esta es una oportunidad increíble para que los estudiantes demuestren su aprendizaje y vean su crecimiento! Valoramos los datos que obtenemos de estas evaluaciones.

Tenga en cuenta: los estudiantes de 3er y 4to grado participarán en Matemáticas y ELA CMAS, los estudiantes de 5to grado participarán en Matemáticas, ELA y Ciencias CMAS. Nuestros maestros de OES continúan preparando a su hijo durante este año escolar. Estamos emocionados de verlos brillar mientras demuestran su aprendizaje a través de estas evaluaciones estatales. Estas pruebas brindan información importante sobre la base firme que hemos construido con cada alumno.

Estas evaluaciones no definen las habilidades y destrezas de un estudiante, pero sí impactan la forma en que brindamos instrucción para satisfacer las necesidades únicas de cada estudiante. Los maestros utilizan los resultados de estas evaluaciones para planificar con los estudiantes y establecer metas para respaldar sus caminos individuales, planificando los próximos pasos en el viaje de aprendizaje. Los padres obtienen información sobre las fortalezas académicas y las áreas de crecimiento, así como información sobre cómo se comparan los estudiantes con otros en todo el estado y a nivel nacional. Nuestra comunidad recibe información sobre el desempeño general de nuestra escuela.

Nuestro objetivo es lograr una participación del 100% en estas pruebas.

A continuación se detallan las fechas y horarios, así que planifique en consecuencia:

9, 10 y 11 de abril

16, 17, 18 de abril

Grados 3-5 - 8:30 - 11:00 am - Exámenes de Matemáticas

Solo 5to grado, 1:45 - 3:15 pm - Exámenes de ciencias

Aquí hay algunas cosas que puede hacer en casa para maximizar el éxito de su hijo: alimente a su hijo con un buen desayuno las mañanas de la evaluación, asegúrese de que descanse bien por la noche, continúe con el tiempo de lectura diario en casa y continúe practicando matemáticas básicas. La logística adicional de la semana de pruebas se compartirá la próxima semana. Marque estas fechas en sus calendarios y planifique citas alrededor de los días de exámenes.

También puede acceder a más información sobre nuestro programa de evaluación estatal y distrital en: <http://d49.org/assessments> ¡Le agradecemos su colaboración para apoyar este esfuerzo!

D49 Weather Conditions/Get Closure Updates

- In District 49, our community expects timely communications, especially during safety concerns, like inclement weather. Because each weather-related call is based on current and forecasted conditions, we often publish a final decision early in the morning, rather than the night before. But when a weather forecast is severe enough, we may issue a decision the night before. With winter conditions uncertain and further observations necessary, our crews start evaluating road conditions at midnight. Decisions to close the district are often made by 4:30 a.m.

While anyone can proactively check D49.org and our **Facebook page** for updates, or watch for local media reports.

Parent Notifications: If you are a parent in District 49, you can enable "text/SMS" messages with your school administrative secretary. Ensure your parent account in PowerSchool has your correct, text/SMS capable cell number and that the account is checked "enabled" in PowerSchool. You'll receive our D49 alert messages for closures and emergencies.

Please check with your D49 public charter school for how they handle weather delays and closures. Please note, Banning Lewis Ranch Academy parents should use Flash Alert for texts and push notifications, knowing the school does not use the district's student information system.

Nurse's Office

Attached is our annual required Immunization letter from the state with the OES 22/23 immunization data. This is required for schools to send to all students by Feb 15th.

D49 STUDENT PHOTO / IMAGE USAGE OPT-OUT FORM

- District 49 uses student photos and videos to promote school and educational activities, awards, athletics, clubs, special programs, honors, and other events, including photos in the yearbook.

These images will be used on district and school websites, social media, videos, posters, promotional materials, advertisements and other online and offline media. You have our assurance that these images will be used only for official purposes and with the respect and consideration to which you and your student(s) are entitled. Please take a look at the district website and social media for examples.

If you wish to opt out of having D49 use your student's image, (including yearbook) you will need to fill out this form that restricts your child's name, photo / image and directory information (school and grade) from being published in staff-produced district and school media listed above.

This does not restrict a teacher from sending information, photos or videos related to a student to the parent or guardian.

If no photo / image opt-out documentation is on file, it will be assumed that permission for release of information has been granted per school board policy JRA/JRC: Disclosure of Directory Information.

Open Events: Please be aware that ensuring student privacy is NOT POSSIBLE during open events such as school or district-related meetings, assemblies, activities, performances and athletics where cameras are permitted.

Parents, guardians, family members, and students are potentially taking and sharing photos and videos during these Open Events, even if not open to the general public. Images of your student could be in these photos and videos. By choosing to allow students to attend or participate in such activities and programs, parents/guardians agree to this condition. D49 will do its best to not share photos of students with photo opt-out forms taken at open events.

Public Events: Students participating in sports, choir, band, JROTC, cheerleading, theater, and other school activities, or attending such activities, that are open to the public are NOT ELIGIBLE for photo opt-out forms, as there is no way to prevent photography and videos and news media coverage of public events. D49 has the right to use photos of these students. Student-produced news is not considered student directory information. Parents/guardians who do not want their children included in student-produced media should not allow their children to pose for these photos or videos or participate in student media.

The district limits access to the outside news media, but it does not have control of the media. Access by news media, individuals, organizations, or television/film production companies to non-public locations and events, such as inside a classroom, will be conditioned upon agreement to honor parent/guardian preferences.

Instructions for the new form can be found on the D49 website here:

www.d49.org/Page/10310

1. If a student is participating in an activity such as band, sports, choir, ROTC, etc., parents and students cannot adhere to an expectation of privacy outlined in the Photo Opt Out, due to the public nature of events that correspond with the chosen activity.
2. Parents must fill out the form each school year.

PowerSchool Parent Portal: Account Creation Guide

Get Started ([pdf version of instructions](#)).

PowerSchool is the District's web-based tool providing real-time insights on student grades, schedules, performance, and attendance.

Before you can access your student information, you must create a new parent account (*existing IC accounts will not work in PowerSchool*).

You need to have at least one student Access ID and Password to create an account. If you have multiple students in our district, you should have received an email for each of those students with an Access ID and Password to link each of your students as you create the account.

If you did not receive an email containing the Access ID and Access Password(case sensitive), please contact your student's school to obtain this information.
