# 11.00 Adjournment

DATE OF POSTING: October 2, 2014

Donna Richer

Executive Assistant to the Board of Education

SPECIAL BOARD MEETING OF:	October 9, 2014
PREPARED BY:	Kim Steeves, Professional Staff Liaison
TITLE OF AGENDA ITEM:	Approval of Matters Relating to Administrative and/or
	Professional-Technical Personnel
ACTION/INFORMATION/DISCUSSION:	Consent - Action

**BACKGROUND INFORMATION, DESCRIPTION OF NEED:** To gain Board of Education approval for personnel changes

**RATIONALE:** The hiring and transfer actions on attached roster are to meet Board of Education objectives in student achievement. Retirement and resignations, if any, are including in this roster.

**RELEVANT DATA AND EXPECTED OUTCOMES:** By addressing these action items, the Board of Education is approving the necessary actions that allow the District to continue its' function of hiring and other associated personnel activities that impact student achievement.

IMPACTS ON THE DISTRICT'S STRATEGIC PRIORITIES—THE BIG ROCKS:

Rock #1—Reestablishing the district as a trustworthy recipient of taxpayer investment	
Rock #2—Research, design and implement programs for intentional community participation	
Rock #3— Establish District 49 as the <u>best</u> district in Colorado to learn, work and lead	Major Impact
Rock #4— Grow a robust portfolio of distinct and exceptional schools	
Rock #5— Customize our educational systems to launch each student toward success	

**FUNDING REQUIRED:** Yes

**AMOUNT BUDGETED:** In accordance with Board of Education approved salary tables.

**RECOMMENDED COURSE OF ACTION/MOTION REQUESTED:** I move to approve the attached personnel changes as recommended by the administration.

APPROVED BY: Peter Hilts, Chief Education Officer;

Brett Ridgway, Chief Business Officer; Paul Andersen, Personnel Director

DATE: September 26, 2014

SPECIAL BOARD MEETING OF:	October 9, 2014
PREPARED BY:	Peter Hilts, Chief Education Officer
TITLE OF AGENDA ITEM:	District Accountability Advisory Committee Appointment
ACTION/INFORMATION/DISCUSSION:	Consent - Action

**BACKGROUND INFORMATION, DESCRIPTION OF NEED:** The District 49 District Accountability Advisory Committee (DAAC) Bylaws state that the membership of the DAAC will be appointed by or elected through a process created by the Board of Education.

The purpose of the DAAC is to institute an accountability and parental and community Involvement program to define and measure academic and safety quality in the district.

The DAAC must consist of at least three parents of students enrolled in the District's schools that are not employees or related to employees of the district, one teacher, one school administrator, and one person from the community who is involved in business.

Members of the DAAC are appointed to serve for a two year period.

**RATIONALE:** The enclosed membership application includes the names of two DAAC members for the 2014-2015 school year for your approval. At a minimum they are required to review the District Improvement Plan, charter school applications, recommend the prioritization of expenditures of school district funds, review district assessments and report on the educational and safety performance of the district.

**RELEVANT DATA AND EXPECTED OUTCOMES:** Recommended DAAC members: Erica West-Skyview Middle School and David Rex-Imagine Indigo Ranch. DAAC members have already committed to the responsibilities of their charge through state statue and will report out their accomplishments in June 2015.

RECOMMENDED COURSE OF ACTION/MOTION REQUESTED:

**APPROVED BY:** Jack Bay, COO, Peter Hilts, CEO, Brett Ridgway, CBO **DATE:** September 23, 2014

BOARD MEETING OF:	October 9, 2014
PREPARED BY:	Amber Whetstine, Learning Services
TITLE OF AGENDA ITEM:	Accreditation of Schools
ACTION/INFORMATION/DISCUSSION:	Action

BACKGROUND INFORMATION, DESCRIPTION OF NEED: The Colorado Department of Education recently released District Performance Framework and School Performance Framework reports to districts in Colorado. District 49 received a rating of "Accredited" based on seven indicators; Academic Achievement, Academic Growth, Academic Growth Gaps, Post Secondary and Work Force Readiness, Test Participation, Finance and Safety. Each of the District's schools also receives a rating from the state, indicating a proposed accreditation category and school improvement plan (Unified Improvement Plan) type. Schools are rated based on five performance indicators; Academic Achievement, Academic Growth, Academic Growth Gaps, Post Secondary and Work Force Readiness and Test Participation.

**RATIONALE:** District 49 will continue to offer accredited schools and use the District and School Performance Frameworks as tools to improve student achievement.

**RELEVANT DATA AND EXPECTED OUTCOMES:** Please see supporting documents attached.

### IMPACTS ON THE DISTRICT'S STRATEGIC PRIORITIES—THE BIG ROCKS:

Rock #1—Reestablishing the district as a trustworthy recipient of taxpayer investment	
Rock #2—Research, design and implement programs for intentional community participation	
Rock #3— Establish District 49 as the <u>best</u> district in Colorado to learn, work and lead	
Rock #4— Grow a robust portfolio of distinct and exceptional schools	By accrediting each of our coordinated, charter, alternative and virtual schools, the Board commits to growing and supporting our portfolio of distinct and exceptional schools.
Rock #5— Customize our educational systems to launch each student toward success	

**FUNDING REQUIRED:** No **AMOUNT BUDGETED:** N/A

**RECOMMENDED COURSE OF ACTION/MOTION REQUESTED:** Move to accredit all District 49 schools as recommended by the administration.

**APPROVED BY:** Peter Hilts, CEO **DATE:** September 26, 2014

# **Performance**

This is the plan type the school is required to adopt and implement, based on the 3 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Points Earned out of Points Eligible <sup>2</sup>					
Academic Achievement	Meets	<b>75.0%</b> ( 18.8 c	out of 25 points )				
Academic Growth	Meets	<b>79.2%</b> ( 39.6 c	out of 50 points )				
Academic Growth Gaps	Meets	<b>72.2%</b> ( 18.1 c	out of 25 points )				

Test Participation <sup>3</sup> Meets 95% Participation Rate

TOTAL	76.5%	( 76.5 out of 100 points )	

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

<sup>3</sup>Schools do not receive points for test participation. However, schools are assigned one plan type category lower than their points indicate if they do not (1) meet at least a 95% participation rate in all or all but one content area (reading, writing, math, science, social studies and COACT), or (2) for schools serving multiple levels (elementary, middle and high school grades, e.g., a 6-12 school), meet at least a 95% participation rate in all or all but one content area when individual content area rates are rolled up across school levels (elementary, middle and high school grades).

School Plan Type Assignments					
	Plan description				
Performance Plan	The school is required to adopt and implement a Performance Plan.				
Improvement Plan	The school is required to adopt and implement an Improvement Plan.				
Priority Improvement Plan	The school is required to adopt and implement a Priority Improvement Plan.				
Turnaround Plan	The school is required to adopt and implement a Turnaround Plan.				

A school may not implement a Priority Improvement and/or Turnaround Plan for longer than a combined total of five consecutive years before the State Board of Education must direct the authorizing district's local school board or the Institute to restructure or close the school. The five consecutive school years commence on July 1 of the summer immediately following the fall in which the school is notified that it is required to implement a Priority Improvement or Turnaround Plan.

### **Reference - PRELIMINARY DRAFT FOR DISTRICT REVIEW**

# 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

# **Reference Data for Key Performance Indicators**

#### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

### Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

#### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

#### State Mean COACT Composite Score (2009-10 baseline)

	N of Students	Mean Score
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

School: BANNING LEWIS RANCH ACADEMY - 0555

District: FALCON 49 - 1110 (3 Year<sup>1</sup>)

# Performance

This is the plan type the school is required to adopt and implement, based on the 3 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Points Earned out of Points Eligible <sup>2</sup>				
Academic Achievement	Meets	75.0%	( 18.8 out of 25 points )			
Academic Growth	Exceeds	87.5%	( 43.8 out of 50 points )			
Academic Growth Gaps	Meets	67.7%	( 16.9 out of 25 points )			

Test Participation <sup>3</sup> Meets 95% Participation Rate

TOTAL	79.5% ( 7	79.5 out of 100 points)		
-------	-----------	-------------------------	--	--

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

<sup>3</sup>Schools do not receive points for test participation. However, schools are assigned one plan type category lower than their points indicate if they do not (1) meet at least a 95% participation rate in all or all but one content area (reading, writing, math, science, social studies and COACT), or (2) for schools serving multiple levels (elementary, middle and high school grades, e.g., a 6-12 school), meet at least a 95% participation rate in all or all but one content area when individual content area rates are rolled up across school levels (elementary, middle and high school grades).

School Plan Type Assignments							
	Plan description						
Performance Plan	The school is required to adopt and implement a Performance Plan.						
Improvement Plan	The school is required to adopt and implement an Improvement Plan.						
Priority Improvement Plan	The school is required to adopt and implement a Priority Improvement Plan.						
Turnaround Plan	The school is required to adopt and implement a Turnaround Plan.						

A school may not implement a Priority Improvement and/or Turnaround Plan for longer than a combined total of five consecutive years before the State Board of Education must direct the authorizing district's local school board or the Institute to restructure or close the school. The five consecutive school years commence on July 1 of the summer immediately following the fall in which the school is notified that it is required to implement a Priority Improvement or Turnaround Plan.

#### Reference - PRELIMINARY DRAFT FOR DISTRICT REVIEW

# 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

# **Reference Data for Key Performance Indicators**

#### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

# Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

#### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

### State Mean COACT Composite Score (2009-10 baseline)

	N of Students	Mean Rate
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

rever: FWI

District: FALCON 49 - 1110 (All - 1 )

#### Accredited

This is the district's official accreditation rating, which is based on the 3 Year District Performance Framework. Districts are designated an accreditation category based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the accreditation category. Additionally, failing to meet finance, safety, test administration and/or test participation assurances will result in a lower accreditation category.

Accreditation Category	Framework Points Earned				
Accred. w/Distinction	at or above 80%				
Accredited	at or above 64% - below 80%				
Accred. w/Improvement Plan	at or above 52% - below 64%				
Accred. w/Priority Impr. Plan	at or above 42% - below 52%				
Accred. w/Turnaround Plan	below 42%				

Framework points are calculated using the percentage of points earned out of points eligible. For districts with data on all indicators, the total points possible are: 15 points for Academic Achievement, 35 for Academic Growth, 15 for Academic Growth Gaps, and 35 for Postsecondary and Workforce Readiness.

Performance Indicators	Rating	% of Points	Earned out of Points Eligible	2
Academic Achievement	Meets	66.7%	( 10.0 out of 15 points )	
Academic Growth	Approaching	60.7%	( 21.2 out of 35 points)	
Academic Growth Gaps	Approaching	51.7%	( 7.8 out of 15 points )	
Postsecondary and Workforce Readiness	Meets	85.9%	( 30.1 out of 35 points )	

Test Participation Meets 95% Participation Rate

6	TOTAL	69.1%	( 69.1 out of 100 points )		
				•	

<sup>2</sup> Districts may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

<sup>3</sup>Districts do not receive points for test participation. However, districts are assigned one accreditation category lower than their points indicate if they do not (1) meet at least a 95% participation rate in all or all but one content area (reading, writing, math, science, social studies and COACT), or (2) for districts serving multiple levels (elementary, middle and high school grades, e.g., a 6-12 school), meet at least a 95% participation rate in all or all but one content area when individual content area rates are rolled up across school levels (elementary, middle and high school grades).

Finance <sup>4</sup>	Meets Requirements
Safety <sup>4</sup>	Meets Requirements

<sup>&</sup>lt;sup>4</sup>Districts do not receive points for finance and safety assurances. However, districts that do not meet requirements in at least one area default to Accredited with Priority Improvement (or remain Accredited with Turnaround Plan) until they meet requirements.

5

		4-year	5-year	6-year	7-year
	2010	N<16	N<16	76.2	81
Anticipated Year	2011	N<16	83.3	88.9	
of Graduation	2012	78.3	100		
	2013	93.9			
	Aggregated	81.9	89.1	82.1	81

Colorado calculates "on-time" graduation as the percent of students who graduate from high school four years after entering ninth grade. A student is assigned a graduating class when they enter ninth grade by adding four years to the year the student enters ninth grade. The formula anticipates, for example, that a student who entered ninth grade in fall 2006 would graduate with the Class of 2010.

For the 1-year DPF, districts earn points based on the highest value among the following: 2013 4- year graduation rate, 2012 5-year graduation rate, 2011 6-year graduation rate and 2010 7year graduation rate (the shaded cells in the tables on the left). For the 3-year DPF, districts earn points based on the highest value among the following: aggregated 2010, 2011, 2012 and 2013 4-year graduation rate, aggregated 2010, 2011 and 2012 5-year graduation rate, aggregated 2010 and 2011 6-year graduation rate, or 2010 7-year graduation rate. For each of these rates, the aggregation is the result of adding the graduation totals for all available years and dividing by the sum of the graduation bases across all available years. For both 1-year and 3-year DPF, the "best of" graduation rate is bolded and italicized here and on the Performance Indicators detail page.

DPF 2014 - 1110, 1-Year

# Reference - PRELIMINARY DRAFT FOR DISTRICT REVIEW

# 1-year vs. 3-year Report

Districts receive a 1-year and a 3-year aggregated District Performance Framework report. CDE produces a report on the basis of three years of data to enable more districts to be considered within the same performance framework. Some small districts may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official accreditation category for the district: the one under which the district has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

# **Reference Data for Key Performance Indicators**

#### Academic Achievement

The Academic Achievement Indicator reflects a district's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

# Percent of Students Proficient or Advanced by Percentile Cut-Points - 1-year (2009-10 baseline)

# Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this district compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the district to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn rating depends on whether or not the district met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

7

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

#### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

#### State Mean COACT Composite Score (2009-10 baseline)

	N of Students	Mean Score
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

Level: EMH

District: FALCON 49 - 1110 (All - 3 Year')

# Accredited

This is the district's official accreditation rating, which is based on the 3 Year District Performance Framework. Districts are designated an accreditation category based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the accreditation category. Additionally, failing to meet finance, safety, test administration and/or test participation assurances will result in a lower accreditation category.

Accreditation Category	Framework Points Earned
Accred. w/Distinction	at or above 80%
Accredited	at or above 64% - below 80%
Accred. w/Improvement Plan	at or above 52% - below 64%
Accred. w/Priority Impr. Plan	at or above 42% - below 52%
Accred. w/Turnaround Plan	below 42%

Framework points are calculated using the percentage of points earned out of points eligible. For districts with data on all indicators, the total points possible are: 15 points for Academic Achievement, 35 for Academic Growth, 15 for Academic Growth Gaps, and 35 for Postsecondary and Workforce Readiness.

Rating	% of Points	Earned out of Points Eligible	2
Meets	69.4%	( 10.4 out of 15 points )	
Meets	65.5%	( 22.9 out of 35 points )	
Approaching	53.9%	( 8.1 out of 15 points )	
Meets	82.8%	( 29.0 out of 35 points )	
	Meets  Meets  Approaching	Meets 69.4%  Meets 65.5%  Approaching 53.9%	Meets       69.4%       ( 10.4 out of 15 points )         Meets       65.5%       ( 22.9 out of 35 points )         Approaching       53.9%       ( 8.1 out of 15 points )

Test Participation<sup>3</sup>

TOTAL 70.4% ( 70.4 out of 100 points )

**Meets 95% Participation Rate** 

<sup>2</sup>Districts may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

<sup>3</sup>Districts do not receive points for test participation. However, districts are assigned one accreditation category lower than their points indicate if they do not (1) meet at least a 95% participation rate in all or all but one content area (reading, writing, math, science, social studies and COACT), or (2) for districts serving multiple levels (elementary, middle and high school grades, e.g., a 6-12 school), meet at least a 95% participation rate in all or all but one content area when individual content area rates are rolled up across school levels (elementary, middle and high school grades).

Finance⁴	Meets Requirements

Safety<sup>4</sup> Meets Requirements

<sup>4</sup>Districts do not receive points for finance and safety assurances. However, districts that do not meet requirements in at least one area default to Accredited with Priority Improvement (or remain Accredited with Turnaround Plan) until they meet requirements.

### **Graduation and Disaggregated Graduation Rates**

The District Performance Framework reports use the 4-, 5-, 6- and 7-year graduation rates for the district and disaggregated student groups (students eligible for free/reduced lunch, minority students, students with disabilities and English learners).

# This District's Graduation Rate and Disaggregated Graduation Rate Overall Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	83.4	88.9	90.9	91.4

of Graduation	2012	78.3	100		
	2013	93.9			
	Aggregated	81.9	89.1	82.1	81

Colorado calculates "on-time" graduation as the percent of students who graduate from high school four years after entering ninth grade. A student is assigned a graduating class when they enter ninth grade by adding four years to the year the student enters ninth grade. The formula anticipates, for example, that a student who entered ninth grade in fall 2006 would graduate with the Class of 2010.

For the 1-year DPF, districts earn points based on the highest value among the following: 2013 4- year graduation rate, 2012 5-year graduation rate, 2011 6-year graduation rate and 2010 7year graduation rate (the shaded cells in the tables on the left). For the 3-year DPF, districts earn points based on the highest value among the following: aggregated 2010, 2011, 2012 and 2013 4-year graduation rate, aggregated 2010, 2011 and 2012 5-year graduation rate, aggregated 2010 and 2011 6-year graduation rate, or 2010 7-year graduation rate. For each of these rates, the aggregation is the result of adding the graduation totals for all available years and dividing by the sum of the graduation bases across all available years. For both 1-year and 3-year DPFs, the "best of" graduation rate is bolded and italicized here and on the Performance Indicators detail page.

# Reference - PRELIMINARY DRAFT FOR DISTRICT REVIEW

# 1-year vs. 3-year Report

Districts receive a 1-year and a 3-year aggregated District Performance Framework report. CDE produces a report on the basis of three years of data to enable more districts to be considered within the same performance framework. Some small districts may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official accreditation category for the district: the one under which the district has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

# **Reference Data for Key Performance Indicators**

#### Academic Achievement

The Academic Achievement Indicator reflects a district's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

### Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this district compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the district to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn rating depends on whether or not the district met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

District: FALCON 49 - 1110 (1 Year<sup>1</sup>)

# **Improvement**

This is the plan type the school is required to adopt and implement, based on the 3 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Points	Earned out of Points Eligible	2
Academic Achievement	Approaching	58.3%	( 14.6 out of 25 points )	
Academic Growth	Approaching	53.6%	( 26.8 out of 50 points )	
Academic Growth Gaps	Does Not Meet	35.4%	( 8.9 out of 25 points )	

Test Participation<sup>3</sup>

**Meets 95% Participation Rate** 

TOTAL	50.3%	( 50.3 out of 100 points )		
-------	-------	----------------------------	--	--

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

# 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

# **Reference Data for Key Performance Indicators**

#### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

### Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

#### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate

# **Performance**

This is the plan type the school is required to adopt and implement, based on the 3 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned	
Performance	at or above 59%	TOTAL
Improvement	at or above 47% - below 59%	<sup>2</sup> Schools may not be eligible for all possible points on an indicat
Priority Improvement		from the points eligible, so scores are not negatively impacted.
Turnaround	below 37%	<sup>3</sup> Schools do not receive points for test participation. However, s

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Point	s Earned out of Points Eligible <sup>2</sup>	
Academic Achievement	Approaching	58.3%	( 14.6 out of 25 points )	
Academic Growth	Meets	66.7%	( 33.4 out of 50 points )	
Academic Growth Gaps	Approaching	50.0%	( 12.5 out of 25 points )	
Test Participation <sup>3</sup>	Meets 95% Participation Rate			

/0		
%	<sup>2</sup> Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students.	In these cases, the points are removed

60.5%

<sup>3</sup>Schools do not receive points for test participation. However, schools are assigned one plan type category lower than their points indicate if they do not (1) meet at least a 95% participation rate in all or all but one content area (reading, writing, math, science, social studies and COACT), or (2) for schools serving multiple levels (elementary, middle and high school grades, e.g., a 6-12 school), meet at least a 95% participation rate in all or all but one content area when individual content area rates are rolled up across school levels (elementary, middle and high school grades).

Turnaround Plan	The school is required to adopt and implement a Turnaround Plan.

# 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

# **Reference Data for Key Performance Indicators**

#### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

### Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

### State Mean Dropout Rate (2009-10 baseline)

# Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

#### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Rate
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

eligible, so scores are not negatively impacted.

School: FALCON HIGH SCHOOL - 2908 District: FALCON 49 - 1110 (1 Year')

# Performance

This is the plan type the school is required to adopt and implement, based on the 1 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 60%
Improvement	at or above 47% - below 60%
Priority Improvement	at or above 33% - below 47%
Turnaround	below 33%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 15 points for Academic Achievement, 35 for Academic Growth, 15 for Academic Growth Gaps, and 35 for Postsecondary and Workforce Readiness.

Performance Indicators	Rating	% of Points	Earned out of Points Eligible <sup>2</sup>	
Academic Achievement	Meets	75.0%	( 11.3 out of 15 points )	
Academic Growth	Meets	66.7%	( 23.3 out of 35 points )	
Academic Growth Gaps	Approaching	50.0%	( 7.5 out of 15 points )	
Postsecondary and Workforce Readiness	Meets	86.7%	( 30.3 out of 35 points )	
Test Participation <sup>3</sup>	Meets 95% Participation Rate			

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points

72.4%

( 72.4 out of 100 points)

		4-year	5-year	6-year	7-year
	2010	88.5	91.8	93.3	93.3
Anticipated Year	2011	96.4	98.1	98.1	
of Graduation	2012	92.6	94.1		
	2013	92			
	Aggregated	92.3	94.5	95.6	93.3

#### Students with Disabilities Graduation Rate (3-year aggregate)

		4-year	5-year	6-year	7-year
	2010	81.5	85.2	82.1	85.7
Anticipated Year	2011	90.9	87	91.7	
of Graduation	2012	61.9	70		
	2013	75.7			
	Aggregated	77.6	81.4	86.5	85.7

#### English Learners Graduation Rate (3-year aggregate)

		4-year	5-year	6-year	7-year
	2010	N<16	N<16	N<16	N<16
Anticipated Year	2011	N<16	N<16	N<16	
of Graduation	2012	N<16	N<16		
	2013	N<16			
	Aggregated	N<16	N<16	N<16	N<16

Colorado calculates "on-time" graduation as the percent of students who graduate from high school four years after entering ninth grade. A student is assigned a graduating class when they enter ninth grade by adding four years to the year the student enters ninth grade. The formula anticipates, for example, that a student who entered ninth grade in fall 2006 would graduate with the Class of 2010.

For the 1-year SPF, schools earn points based on the highest value among the following: 2013 4year graduation rate, 2012 5-year graduation rate, 2011 6-year graduation rate and 2010 7year graduation rate (the shaded cells in the tables on the left). For the 3-year SPF, schools earn points based on the highest value among the following: aggregated 2010, 2011, 2012 and 2013 4-year graduation rate, aggregated 2010, 2011 and 2012 5-year graduation rate, aggregated 2010 and 2011 6-year graduation rate, or 2010 7-year graduation rate. For each of these rates, the aggregation is the result of adding the graduation totals for all available years and dividing by the sum of the graduation bases across all available years. For both 1-year and 3-year SPFs, the "best of" graduation rate is bolded and italicized here and on the Performance Indicators detail page.

# 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

# **Reference Data for Key Performance Indicators**

#### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

### Percent of Students Proficient or Advanced by Percentile Cut-Points - 1-year (2009-10 baseline)

# Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Score
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

**TOTAL** 

School: FALCON HIGH SCHOOL - 2908 District: FALCON 49 - 1110 (3 Year')

# **Performance**

This is the plan type the school is required to adopt and implement, based on the 1 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 60%
Improvement	at or above 47% - below 60%
Priority Improvement	at or above 33% - below 47%
Turnaround	below 33%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 15 points for Academic Achievement, 35 for Academic Growth, 15 for Academic Growth Gaps, and 35 for Postsecondary and Workforce Readiness.

				•
Performance Indicators	Rating	% of Points	Earned out of Points Eligible <sup>2</sup>	
Academic Achievement	Meets	75.0%	( 11.3 out of 15 points)	
Academic Growth	Meets	66.7%	( 23.3 out of 35 points )	
Academic Growth Gaps	Approaching	56.7%	( 8.5 out of 15 points )	
Postsecondary and Workforce Readiness	Meets	83.3%	( 29.2 out of 35 points )	
Test Participation <sup>3</sup>	Meets 95% Participation Rate			

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

72.3%

(72.3 out of 100 points)

### **Graduation and Disaggregated Graduation Rates**

The School Performance Framework reports use the 4-, 5-, 6- and 7-year graduation rates for the school and disaggregated student groups (students eligible for free/reduced lunch, minority students, students with disabilities and English learners).

#### This School's Graduation Rate and Disaggregated Graduation Rate:

#### Overall Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	88.8	91.9	91.9	92.3
Anticipated Year	2011	94.7	95.8	96.5	
of Graduation	2012	92.6	94.7		
	2013	94.4			

#### Free/Reduced Lunch Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	80	82.1	82.9	85.4
Anticipated Year	2011	87.8	91.1	95.6	
of Graduation	2012	89.1	93.7		
	2013	87.9			

#### Minority Student Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	88.5	91.8	93.3	93.3
Anticipated Year	2011	96.4	98.1	98.1	
of Graduation	2012	92.6	94.1		
	2013	92			

#### Students with Disabilities Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	81.5	85.2	82.1	85.7
Anticipated Year	2011	90.9	87	91.7	
of Graduation	2012	61.9	70		
	2013	75.7			

#### **English Learners Graduation Rate (1-year)**

	2010	N<16	N<16	N<16	N<16
Anticipated Year	2011	N<16	N<16	N<16	
of Graduation	2012	N<16	N<16		
	2013	N<16			

#### Overall Graduation Rate (3-year aggregate)

		4-year	5-year	6-year	7-year
	2010	88.8	91.9	91.9	92.3
Anticipated Year	2011	94.7	95.8	96.5	
of Graduation	2012	92.6	94.7		
	2013	94.4			
	Aggregated	92.8	94.1	94.2	92.3

### Free/Reduced Lunch Graduation Rate (3-year aggregate)

		4-year	5-year	6-year	7-year
	2010	80	82.1	82.9	85.4
Anticipated Year	2011	87.8	91.1	95.6	
of Graduation	2012	89.1	93.7		
	2013	87.9			
	Aggregated	86.7	89.8	89.5	85.4

#### Minority Student Graduation Rate (3-year aggregate)

		4-year	5-year	6-year	7-year
	2010	88.5	91.8	93.3	93.3
Anticipated Year	2011	96.4	98.1	98.1	
of Graduation	2012	92.6	94.1		
	2013	92			
	Aggregated	92.3	94.5	95.6	93.3

#### Students with Disabilities Graduation Rate (3-year aggregate)

		4-year	5-year	6-year	7-year
	2010	81.5	85.2	82.1	85.7
Anticipated Year	2011	90.9	87	91.7	
of Graduation	2012	61.9	70		
	2013	75.7			
	Aggregated	77.6	81.4	86.5	85.7

#### **English Learners Graduation Rate (3-year aggregate)**

		4-year	5-year	6-year	7-year
	2010	N<16	N<16	N<16	N<16
Anticipated Year	2011	N<16	N<16	N<16	
of Graduation	2012	N<16	N<16		
	2013	N<16			
	Aggregated	N<16	N<16	N<16	N<16

Colorado calculates "on-time" graduation as the percent of students who graduate from high school four years after entering ninth grade. A student is assigned a graduating class when they enter ninth grade by adding four years to the year the student enters ninth grade. The formula anticipates, for example, that a student who entered ninth grade in fall 2006 would graduate with the Class of 2010.

For the 1-year SPF, schools earn points based on the highest value among the following: 2013 4year graduation rate, 2012 5-year graduation rate, 2011 6-year graduation rate and 2010 7year graduation rate (the shaded cells in the tables on the left). For the 3-year SPF, schools earn points based on the highest value among the following: aggregated 2010, 2011, 2012 and 2013 4-year graduation rate, aggregated 2010, 2011 and 2012 5-year graduation rate, aggregated 2010 and 2011 6-year graduation rate, or 2010 7-year graduation rate. For each of these rates, the aggregation is the result of adding the graduation totals for all available years and dividing by the sum of the graduation bases across all available years. For both 1-year and 3-year SPFs, the "best of" graduation rate is bolded and italicized here and on the Performance Indicators detail page.

Priority Improvement Plan	The school is required to adopt and implement a Priority Improvement Plan.				
Turnaround Plan	The school is required to adopt and implement a Turnaround Plan.				

## 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

### **Reference Data for Key Performance Indicators**

#### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

# Percent of Students Proficient or Advanced by Percentile Cut-Points - 1-year (2009-10 baseline)

	Reading			Math		Writing			Science

# Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

#### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Rate
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

School: FALCON MIDDLE SCHOOL - 2906

District: FALCON 49 - 1110 (1 Year<sup>1</sup>)

# **Performance**

This is the plan type the school is required to adopt and implement, based on the 3 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Points	Earned out of Points Eligible <sup>2</sup>	
Academic Achievement	Meets	75.0%	( 18.8 out of 25 points )	
Academic Growth	Approaching	58.3%	( 29.2 out of 50 points )	
Academic Growth Gaps	Approaching	52.8%	( 13.2 out of 25 points )	

Test Participation <sup>3</sup> Meets 95% Participation Rate

TOTAL 61.2% ( 61.2 out of 100 points )

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

# 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

# **Reference Data for Key Performance Indicators**

#### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

### Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

#### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Score
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

School: FALCON MIDDLE SCHOOL - 2906 District: FALCON 49 - 1110 (3 Year<sup>1</sup>)

# **Performance**

This is the plan type the school is required to adopt and implement, based on the 3 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Points	Earned out of Points Eligible <sup>2</sup>	
Academic Achievement	Meets	75.0%	( 18.8 out of 25 points )	
Academic Growth	Meets	66.7%	( 33.4 out of 50 points )	
Academic Growth Gaps	Approaching	50.0%	( 12.5 out of 25 points )	

Test Participation <sup>3</sup> Meets 95% Participation Rate

101712	0 11.7 70	( o iii) out or roo points)		
<sup>2</sup> Schools may not be eligible for all possible points on an indicat	or due to in	sufficient numbers of students	In these cases, the noints a	are removed

from the points eligible, so scores are not negatively impacted.

<sup>3</sup>Schools do not receive points for test participation. However, schools are assigned one plan type category lower than their points indicate if they do

( 64.7 out of 100 points )

# Performance

This is the plan type the school is required to adopt and implement, based on the 1 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 60%
Improvement	at or above 47% - below 60%
Priority Improvement	at or above 33% - below 47%
Turnaround	below 33%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 15 points for Academic Achievement, 35 for Academic Growth, 15 for Academic Growth Gaps, and 35 for Postsecondary and Workforce Readiness.

Performance Indicators	Rating	% of Points	s Earned out of Points Eligible <sup>2</sup>
Academic Achievement	Approaching	61.1%	( 9.2 out of 15 points )
Academic Growth	Approaching	58.3%	( 20.4 out of 35 points )
Academic Growth Gaps	Approaching	53.1%	( 8.0 out of 15 points )
Postsecondary and Workforce Readiness	Meets	83.3%	( 29.2 out of 35 points )
Test Participation <sup>3</sup>	Meets 95% Participation Rate		
TOTAL		66.8%	( 66.8 out of 100 points )

<sup>&</sup>lt;sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

## **Graduation and Disaggregated Graduation Rates**

The School Performance Framework reports use the 4-, 5-, 6- and 7-year graduation rates for the school and disaggregated student groups (students eligible for free/reduced lunch, minority students, students with disabilities and English learners).

### This School's Graduation Rate and Disaggregated Graduation Rate:

## Overall Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	N<16	N<16	N<16	N<16

Anticipated Year	2011	N<16	N<16	N<16	
of Graduation	2012	N<16	N<16		
	2013	N<16			
	Aggregated	N<16	N<16	N<16	N<16

Colorado calculates "on-time" graduation as the percent of students who graduate from high school four years after entering ninth grade. A student is assigned a graduating class when they enter ninth grade by adding four years to the year the student enters ninth grade. The formula anticipates, for example, that a student who entered ninth grade in fall 2006 would graduate with the Class of 2010.

For the 1-year SPF, schools earn points based on the highest value among the following: 2013 4year graduation rate, 2012 5-year graduation rate, 2011 6-year graduation rate and 2010 7year graduation rate (the shaded cells in the tables on the left). For the 3-year SPF, schools earn points based on the highest value among the following: aggregated 2010, 2011, 2012 and 2013 4-year graduation rate, aggregated 2010, 2011 and 2012 5-year graduation rate, aggregated 2010 and 2011 6-year graduation rate, or 2010 7-year graduation rate. For each of these rates, the aggregation is the result of adding the graduation totals for all available years and dividing by the sum of the graduation bases across all available years. For both 1-year and 3-year SPFs, the "best of" graduation rate is bolded and italicized here and on the Performance Indicators detail page.

# 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

# **Reference Data for Key Performance Indicators**

### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

## Percent of Students Proficient or Advanced by Percentile Cut-Points - 1-year (2009-10 baseline)

	Reading				Math			Writing		Science

## Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

## State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Score
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

# **Performance**

This is the plan type the school is required to adopt and implement, based on the 1 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 60%
Improvement	at or above 47% - below 60%
Priority Improvement	at or above 33% - below 47%
Turnaround	below 33%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 15 points for Academic Achievement, 35 for Academic Growth, 15 for Academic Growth Gaps, and 35 for Postsecondary and Workforce Readiness.

Performance Indicators	Rating	% of Points		
Academic Achievement	Approaching	61.1%	( 9.2 out of 15 points )	
Academic Growth	Approaching	50.0%	( 17.5 out of 35 points )	
Academic Growth Gaps	Approaching	53.1%	( 8.0 out of 15 points )	
Postsecondary and Workforce Readiness	Meets	76.8%	( 26.9 out of 35 points )	
Test Participation <sup>3</sup>	Meets 95% Participation Rate			

<sup>&</sup>lt;sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

61.6%

( 61.6 out of 100 points)

<sup>&</sup>lt;sup>3</sup>Schools do not receive points for test participation. However, schools are assigned one plan type category lower than their points indicate if they do not (1) meet at least a 95% participation rate in all or all but one content area (reading, writing, math, science, social studies and COACT), or (2) for schools serving multiple levels (elementary, middle and high school grades, e.g., a 6-12 school), meet at least a 95% participation rate in all or all but one content area when individual content area rates are rolled up across school levels (elementary, middle and high school grades).

## **Graduation and Disaggregated Graduation Rates**

The School Performance Framework reports use the 4-, 5-, 6- and 7-year graduation rates for the school and disaggregated student groups (students eligible for free/reduced lunch, minority students, students with disabilities and English learners).

### This School's Graduation Rate and Disaggregated Graduation Rate:

## Overall Graduation Rate (1-year)

		4-year	5-year	6-year	7-year

of Graduation	2012	N<16	N<16		
	2013	N<16			
	Aggregated	N<16	N<16	N<16	N<16

Colorado calculates "on-time" graduation as the percent of students who graduate from high school four years after entering ninth grade. A student is assigned a graduating class when they enter ninth grade by adding four years to the year the student enters ninth grade. The formula anticipates, for example, that a student who entered ninth grade in fall 2006 would graduate with the Class of 2010.

For the 1-year SPF, schools earn points based on the highest value among the following: 2013 4year graduation rate, 2012 5-year graduation rate, 2011 6-year graduation rate and 2010 7year graduation rate (the shaded cells in the tables on the left). For the 3-year SPF, schools earn points based on the highest value among the following: aggregated 2010, 2011, 2012 and 2013 4-year graduation rate, aggregated 2010. 2011 and 2012 5-year graduation rate, aggregated 2010 and 2011 6-year graduation rate, or 2010 7-year graduation rate. For each of these rates, the aggregation is the result of adding the graduation totals for all available years and dividing by the sum of the graduation bases across all available years. For both 1-year and 3-year SPFs, the "best of" graduation rate is bolded and italicized here and on the Performance Indicators detail page.

Performance Indicator	Scoring Guide		Rating	Point	t Value	Total Possible Points per EMH Level	Framework Points

## 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

## **Reference Data for Key Performance Indicators**

## Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

# Percent of Students Proficient or Advanced by Percentile Cut-Points - 1-year (2009-10 baseline)

# Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Rate
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

**TOTAL** 

School: GOAL ACADEMY - 3475 District: FALCON 49 - 1110 (1 Year<sup>1</sup>)

# **Pending AEC SPF**

All schools designated as an Alternative Education Campus (AEC) receive an AEC-specific SPF report that determines the plan type the school is required to adopt and implement. The plan type is based on the overall AEC framework score, which is a percentage of the total points earned out of the total points eligible in each performance indicator. The overall score is then matched to the scoring guide below to determine the plan type.

Framework Points Earned
at or above 60%
at or above 47% - below 60%
at or above 33% - below 47%
below 33%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 15 points for Academic Achievement, 35 for Academic Growth, 15 for Academic Growth Gaps, and 35 for Postsecondary and Workforce Readiness.

Rating	% of Points	Earned out of Points Eligible <sup>2</sup>	
Does Not Meet	25.0%	( 3.8 out of 15 points )	
Approaching	39.3%	( 13.8 out of 35 points )	
Does Not Meet	33.3%	( 5.0 out of 15 points )	
Does Not Meet	25.0%	( 8.8 out of 35 points )	
Meets 95% Participation Rate			
	Does Not Meet  Does Not Meet  Does Not Meet	Does Not Meet 25.0%  Approaching 39.3%  Does Not Meet 33.3%  Does Not Meet 25.0%	Does Not Meet         25.0%         ( 3.8 out of 15 points )           Approaching         39.3%         ( 13.8 out of 35 points )           Does Not Meet         33.3%         ( 5.0 out of 15 points )           Does Not Meet         25.0%         ( 8.8 out of 35 points )

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

## Graduation and Disaggregated Graduation Rates

The School Performance Framework reports use the 4-, 5-, 6- and 7-year graduation rates for the school and disaggregated student groups (students eligible for free/reduced lunch, minority students, students with disabilities and English learners).

## This School's Graduation Rate and Disaggregated Graduation Rate:

## Overall Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	27.8	24	32.9	36.4
Anticipated Year	2011	19.3	28.5	35	
of Graduation	2012	19.4	31.4		
	2013	27.1			

### Free/Reduced Lunch Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	21.2	19.1	29.8	34.2
Anticipated Year	2011	13.6	26.1	33.3	
of Graduation	2012	17.2	29.4		
	2013	25.6			

### Minority Student Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	23.8	21.7	29.1	32.1
Anticipated Year	2011	15.6	21.4	29.5	
of Graduation	2012	16.8	29.1		
	2013	25.1			

### Students with Disabilities Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	N<16	11.1	39.3	44.7
Anticipated Year	2011	19.2	19.2	25.3	
of Graduation	2012	7.6	17.9		
	2013	17.5			

### English Learners Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	N<16	20	24.6	28
Anticipated Year	2011	10.5	14.3	20	
of Graduation	2012	15.9	22.6		
	2013	21.1			

## Overall Graduation Rate (3-year aggregate)

		4-year	5-year	6-year	7-year
	2010	27.8	24	32.9	36.4
Anticipated Year	2011	19.3	28.5	35	
of Graduation	2012	19.4	31.4		
	2013	27.1			
	Aggregated	23.2	28.9	34.2	36.4

## Free/Reduced Lunch Graduation Rate (3-year aggregate)

		4-year	5-year	6-year	7-year
	2010	21.2	19.1	29.8	34.2
Anticipated Year	2011	13.6	26.1	33.3	
of Graduation	2012	17.2	29.4		
	2013	25.6			
	Aggregated	21	26.7	32.1	34.2

### Minority Student Graduation Rate (3-year aggregate)

		4-year	5-year	6-year	7-year
	2010	23.8	21.7	29.1	32.1
Anticipated Year	2011	15.6	21.4	29.5	
of Graduation	2012	16.8	29.1		
	2013	25.1			
	Aggregated	20.7	25.3	29.3	32.1

### Students with Disabilities Graduation Rate (3-year aggregate)

		4-year	5-year	6-year	7-year
	2010	N<16	11.1	39.3	44.7
Anticipated Year	2011	19.2	19.2	25.3	
of Graduation	2012	7.6	17.9		
	2013	17.5			
	Aggregated	15	17.5	29.1	44.7

## **English Learners Graduation Rate (3-year aggregate)**

		4-year	5-year	6-year	7-year
	2010	N<16	20	24.6	28
Anticipated Year	2011	10.5	14.3	20	
of Graduation	2012	15.9	22.6		
	2013	21.1			
	Aggregated	18.2	19.8	21.6	28

Colorado calculates "on-time" graduation as the percent of students who graduate from high school four years after entering ninth grade. A student is assigned a graduating class when they enter ninth grade by adding four years to the year the student enters ninth grade. The formula anticipates, for example, that a student who entered ninth grade in fall 2006 would graduate with the Class of 2010.

For the 1-year SPF, schools earn points based on the highest value among the following: 2013 4year graduation rate, 2012 5-year graduation rate, 2011 6-year graduation rate and 2010 7year graduation rate (the shaded cells in the tables on the left). For the 3-year SPF, schools earn points based on the highest value among the following: aggregated 2010, 2011, 2012 and 2013 4-year graduation rate, aggregated 2010, 2011 and 2012 5-year graduation rate, aggregated 2010 and 2011 6-year graduation rate, or 2010 7-year graduation rate. For each of these rates, the aggregation is the result of adding the graduation totals for all available years and dividing by the sum of the graduation bases across all available years. For both 1-year and 3-year SPFs, the "best of" graduation rate is bolded and italicized here and on the Performance Indicators detail page.

Performance Indicator	Scoring Guide		Rating	Point	Value	Total Possible Points per EMH Level	Framework Points

# 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

# **Reference Data for Key Performance Indicators**

### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

## Percent of Students Proficient or Advanced by Percentile Cut-Points - 1-year (2009-10 baseline)

		Reading			Math			Writing			Science

## Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

## State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Score
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

# **Pending AEC SPF**

All schools designated as an Alternative Education Campus (AEC) receive an AEC-specific SPF report that determines the plan type the school is required to adopt and implement. The plan type is based on the overall AEC framework score, which is a percentage of the total points earned out of the total points eligible in each performance indicator. The overall score is then matched to the scoring guide below to determine the plan type.

Plan Assignment	Framework Points Earned
Performance	at or above 60%
Improvement	at or above 47% - below 60%
Priority Improvement	at or above 33% - below 47%
Turnaround	below 33%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 15 points for Academic Achievement, 35 for Academic Growth, 15 for Academic Growth Gaps, and 35 for Postsecondary and Workforce Readiness.

Performance Indicators	Rating	% of Points	Earned out of Points Eligible <sup>2</sup>	
Academic Achievement	Does Not Meet	25.0%	( 3.8 out of 15 points )	
Academic Growth	Approaching	39.3%	( 13.8 out of 35 points )	
Academic Growth Gaps	Does Not Meet	31.7%	( 4.8 out of 15 points )	
Postsecondary and Workforce Readiness	Does Not Meet	25.0%	( 8.8 out of 35 points )	
Test Participation <sup>3</sup>	Meets 95% Participation Rate			

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

31.2%

## **Graduation and Disaggregated Graduation Rates**

The School Performance Framework reports use the 4-, 5-, 6- and 7-year graduation rates for the school and disaggregated student groups (students eligible for free/reduced lunch, minority students, students with disabilities and English learners).

## This School's Graduation Rate and Disaggregated Graduation Rate:

## Overall Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	27.8	24	32.9	36.4
Anticipated Year	2011	19.3	28.5	35	
of Graduation	2012	19.4	31.4		
	2013	27.1			

## Free/Reduced Lunch Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	21.2	19.1	29.8	34.2
Anticipated Year	2011	13.6	26.1	33.3	
of Graduation	2012	17.2	29.4		
	2013	25.6			

### Minority Student Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	23.8	21.7	29.1	32.1
Anticipated Year	2011	15.6	21.4	29.5	
of Graduation	2012	16.8	29.1		
	2013	25.1			

### Students with Disabilities Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	11.1	39.3	44.7	
Anticipated Year	2011	19.2	19.2	25.3	
of Graduation	2012	7.6	17.9		
	2013	17.5			

### **English Learners Graduation Rate (1-year)**

		4-year	5-year	6-year	7-year
	2010	N<16	20	24.6	28
Anticipated Year	2011	10.5	14.3	20	
of Graduation	2012	15.9	22.6		
	2013	21.1			

## Overall Graduation Rate (3-year aggregate)

		4-year	5-year	6-year	7-year
	2010	27.8	24	32.9	36.4
Anticipated Year	2011	19.3 28.5		35	
of Graduation	2012	19.4	31.4		
	2013	27.1			
	Aggregated	23.2	28.9	34.2	36.4

### Free/Reduced Lunch Graduation Rate (3-year aggregate)

		4-year	5-year	6-year	7-year
	2010	21.2	19.1	29.8	34.2
Anticipated Year	ted Year 2011		26.1	33.3	
of Graduation	2012	17.2	29.4		
	2013	25.6			
	Aggregated	21	26.7	32.1	34.2

### Minority Student Graduation Rate (3-year aggregate)

		4-year	5-year	6-year	7-year
	2010	23.8	21.7	29.1	32.1
Anticipated Year	2011	15.6	21.4	29.5	
of Graduation	2012	16.8	29.1		
	2013	25.1			
	Aggregated	20.7	25.3	29.3	32.1

### Students with Disabilities Graduation Rate (3-year aggregate)

		4-year	5-year	6-year	7-year
	2010	10 N<16 11		39.3	44.7
Anticipated Year	2011	19.2	19.2	25.3	
of Graduation	2012	7.6	17.9		
	2013	17.5			
	Aggregated	15	17.5	29.1	44.7

### **English Learners Graduation Rate (3-year aggregate)**

		4-year	5-year	6-year	7-year
	2010	N<16	20	24.6	28
Anticipated Year	2011	10.5 14.3 20			
of Graduation	2012	15.9	22.6		
	2013	21.1			
	Aggregated	18.2	19.8	21.6	28

Colorado calculates "on-time" graduation as the percent of students who graduate from high school four years after entering ninth grade. A student is assigned a graduating class when they enter ninth grade by adding four years to the year the student enters ninth grade. The formula anticipates, for example, that a student who entered ninth grade in fall 2006 would graduate with the Class of 2010.

For the 1-year SPF, schools earn points based on the highest value among the following: 2013 4year graduation rate, 2012 5-year graduation rate, 2011 6-year graduation rate and 2010 7year graduation rate (the shaded cells in the tables on the left). For the 3-year SPF, schools earn points based on the highest value among the following: aggregated 2010, 2011, 2012 and 2013 4-year graduation rate, aggregated 2010, 2011 and 2012 5-year graduation rate, aggregated 2010 and 2011 6-year graduation rate, or 2010 7-year graduation rate. For each of these rates, the aggregation is the result of adding the graduation totals for all available years and dividing by the sum of the graduation bases across all available years. For both 1-year and 3-year SPFs, the "best of" graduation rate is bolded and italicized here and on the Performance Indicators detail page.

## 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

## **Reference Data for Key Performance Indicators**

### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

# Percent of Students Proficient or Advanced by Percentile Cut-Points - 1-year (2009-10 baseline)

		Reading			Math		Writing			Science

# Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Rate
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

School: HORIZON MIDDLE SCHOOL - 4102

District: FALCON 49 - 1110 (1 Year<sup>1</sup>)

# **Performance**

This is the plan type the school is required to adopt and implement, based on the 1 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Points	Earned out of Points Eligible <sup>2</sup>	
Academic Achievement	Approaching	58.3%	( 14.6 out of 25 points )	
Academic Growth	Meets	71.4%	( 35.7 out of 50 points )	
Academic Growth Gaps	Approaching	56.3%	( 14.1 out of 25 points )	

Test Participation Meets 95% Participation Rate

TOTAL 64.4% ( 64.4 out of 100 points )

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

# 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

# **Reference Data for Key Performance Indicators**

### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

## Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

## State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Score
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

School: HORIZON MIDDLE SCHOOL - 4102 District: FALCON 49 - 1110 (3 Year<sup>1</sup>)

# **Performance**

This is the plan type the school is required to adopt and implement, based on the 1 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Points	Earned out of Points Eligible <sup>2</sup>	
Academic Achievement	Approaching	58.3%	( 14.6 out of 25 points )	
Academic Growth	Meets	71.4%	( 35.7 out of 50 points )	
Academic Growth Gaps	Approaching	51.7%	( 12.9 out of 25 points )	

Test Participation <sup>3</sup> Meets 95% Participation Rate

TOTAL 63.2% ( 63.2 out of 100 points )

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

# 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

# **Reference Data for Key Performance Indicators**

### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

## Percent of Students Proficient or Advanced by Percentile Cut-Points - 1-year (2009-10 baseline)

## Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

## State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Score
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

School: IMAGINE INDIGO RANCH - 4251 District: FALCON 49 - 1110 (3 Year<sup>1</sup>)

# **Performance**

This is the plan type the school is required to adopt and implement, based on the 3 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Points	Earned out of Points Eligible <sup>2</sup>	
Academic Achievement	Meets	75.0%	( 18.8 out of 25 points )	
Academic Growth	Approaching	58.3%	( 29.2 out of 50 points )	
Academic Growth Gaps	Approaching	49.0%	( 12.3 out of 25 points )	
		-		

Test Participation <sup>3</sup> Meets 95% Participation Rate

TOTAL 60.3% ( 60.3 out of 100 points )

2 Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed

from the points eligible, so scores are not negatively impacted.

3Schools do not receive points for test participation. However, schools are assigned one plan type category lower than their points indicate if they do

Test Participation Rate	S

### 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

### **Reference Data for Key Performance Indicators**

#### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

### Percent of Students Proficient or Advanced by Percentile Cut-Points - 1-year (2009-10 baseline)

### Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

#### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Rate
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

School: MERIDIAN RANCH INTERNATIONAL SCHOOL - 5779

District: FALCON 49 - 1110 (1 Year<sup>1</sup>)

# **Performance**

This is the plan type the school is required to adopt and implement, based on the 3 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Points E	Earned out of Points Eligible <sup>2</sup>	
Academic Achievement	Meets	75.0%	( 18.8 out of 25 points )	
Academic Growth	Meets	66.7%	( 33.4 out of 50 points )	
Academic Growth Gaps	Meets	66.7%	( 16.7 out of 25 points )	

Test Participation <sup>3</sup> Meets 95% Participation Rate

TOTAL	68.9%	( 68.9 out of 100 points )		
-------	-------	----------------------------	--	--

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

### 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

# **Reference Data for Key Performance Indicators**

#### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

### Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

#### State Mean Dropout Rate (2009-10 baseline)

1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Rate
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

School: ODYSSEY ELEMENTARY SCHOOL - 6483

District: FALCON 49 - 1110 (1 Year<sup>1</sup>)

# **Performance**

This is the plan type the school is required to adopt and implement, based on the 3 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Points	Earned out of Points Eligible <sup>2</sup>	
Academic Achievement	Approaching	50.0%	( 12.5 out of 25 points )	
Academic Growth	Meets	71.4%	( 35.7 out of 50 points )	
Academic Growth Gaps	Approaching	58.3%	( 14.6 out of 25 points )	

Test Participation <sup>3</sup> Meets 95% Participation Rate

<u>1</u> 6	TOTAL	62.8%	( 62.8 out of 100 points )	

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

<sup>3</sup>Schools do not receive points for test participation. However, schools are assigned one plan type category lower than their points indicate if they do not (1) meet at least a 95% participation rate in all or all but one content area (reading, writing, math, science, social studies and COACT), or (2) for schools serving multiple levels (elementary, middle and high school grades, e.g., a 6-12 school), meet at least a 95% participation rate in all or all but one content area when individual content area rates are rolled up across school levels (elementary, middle and high school grades).

### 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

# **Reference Data for Key Performance Indicators**

#### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

### Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

#### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

# **Performance**

This is the plan type the school is required to adopt and implement, based on the 3 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Points	Earned out of Points Eligible <sup>2</sup>	
Academic Achievement	Approaching	50.0%	( 12.5 out of 25 points )	
Academic Growth	Meets	71.4%	( 35.7 out of 50 points )	
Academic Growth Gaps	Meets	63.3%	( 15.8 out of 25 points )	

Test Participation Meets 95% Participation Rate

TOTAL	64.0%	( 64.0 out of 100 points )	
7			

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

### Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

#### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Rate
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

School: PATRIOT LEARNING CENTER - 6810 District: FALCON 49 - 1110 (1 Year')

# **Pending AEC SPF**

All schools designated as an Alternative Education Campus (AEC) receive an AEC-specific SPF report that determines the plan type the school is required to adopt and implement. The plan type is based on the overall AEC framework score, which is a percentage of the total points earned out of the total points eligible in each performance indicator. The overall score is then matched to the scoring guide below to determine the plan type.

Plan Assignment	Framework Points Earned
Performance	at or above 60%
Improvement	at or above 47% - below 60%
Priority Improvement	at or above 33% - below 47%
Turnaround	below 33%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 15 points for Academic Achievement, 35 for Academic Growth, 15 for Academic Growth Gaps, and 35 for Postsecondary and Workforce Readiness.

				<u>`</u>
Performance Indicators	Rating	% of Points	Earned out of Points Eligible <sup>2</sup>	
Academic Achievement	Does Not Meet	25.0%	( 3.8 out of 15 points)	
Academic Growth	Approaching	37.5%	( 13.1 out of 35 points )	
Academic Growth Gaps	Does Not Meet	31.3%	( 4.7 out of 15 points )	
Postsecondary and Workforce Readiness	Approaching	48.3%	( 16.9 out of 35 points )	
Test Participation <sup>3</sup>	Does Not Meet 95% Participation Rate			
TOTAL		38.5%	( 38.5 out of 100 points )	

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

### **Graduation and Disaggregated Graduation Rates**

The School Performance Framework reports use the 4-, 5-, 6- and 7-year graduation rates for the school and disaggregated student groups (students eligible for free/reduced lunch, minority students, students with disabilities and English learners).

#### This School's Graduation Rate and Disaggregated Graduation Rate:

### Overall Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	56.2	71.1	81.3	81.3
Anticipated Year	2011	55.4	68.7	72.3	
of Graduation	2012	62.4	84.7		
	2013	64.1			

#### Free/Reduced Lunch Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	43.5	64	72.2	75
Anticipated Year	2011	59.3	67.6	73	
of Graduation	2012	47.1	76.9		
	2013	65.9			

#### Minority Student Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	55.6	63.3	80.6	79.4
Anticipated Year	2011	42.4	62.9	65.7	
of Graduation	2012	48.6	78.4		
	2013	63.4			

#### Students with Disabilities Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	N<16	N<16	N<16	N<16
Anticipated Year	2011	N<16	N<16	N<16	
of Graduation	2012	N<16	N<16		
	2013	58.8			

#### English Learners Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	N<16	N<16	N<16	N<16
Anticipated Year	2011	N<16	N<16	N<16	
of Graduation	2012	N<16	N<16		
	2013	N<16			

#### Overall Graduation Rate (3-year aggregate)

		4-year	5-year	6-year	7-year
	2010	56.2	71.1	81.3	81.3
Anticipated Year	2011	55.4	68.7	72.3	
of Graduation	2012	62.4	84.7		
	2013	64.1			
	Aggregated	59.9	75.3	77	81.3

#### Free/Reduced Lunch Graduation Rate (3-year aggregate)

		4-year	5-year	6-year	7-year
	2010	43.5	64	72.2	75
Anticipated Year	2011	59.3	67.6	73	
of Graduation	2012	47.1	76.9		
	2013	65.9			
	Aggregated	55.2	70.3	72.6	<i>75</i>

#### Minority Student Graduation Rate (3-year aggregate)

		4-year	5-year	6-year	7-year
	2010	55.6	63.3	80.6	79.4
Anticipated Year	2011	42.4	62.9	65.7	
of Graduation	2012	48.6	78.4		
	2013	63.4			
	Aggregated	52.9	68.6	72.7	79.4

#### Students with Disabilities Graduation Rate (3-year aggregate)

		4-year	5-year	6-year	7-year
	2010	N<16	N<16	N<16	N<16
Anticipated Year	2011	N<16	N<16	N<16	
of Graduation	2012	N<16	N<16		
	2013	58.8			
	Aggregated	57.4	<i>75.8</i>	75	N<16

### **English Learners Graduation Rate (3-year aggregate)**

		4-year	5-year	6-year	7-year
	2010	N<16	N<16	N<16	N<16
Anticipated Year	2011	N<16	N<16	N<16	
of Graduation	2012	N<16	N<16		
	2013	N<16			
	Aggregated	N<16	62.5	62.5	N<16

Colorado calculates "on-time" graduation as the percent of students who graduate from high school four years after entering ninth grade. A student is assigned a graduating class when they enter ninth grade by adding four years to the year the student enters ninth grade. The formula anticipates, for example, that a student who entered ninth grade in fall 2006 would graduate with the Class of 2010.

For the 1-year SPF, schools earn points based on the highest value among the following: 2013 4year graduation rate, 2012 5-year graduation rate, 2011 6-year graduation rate and 2010 7year graduation rate (the shaded cells in the tables on the left). For the 3-year SPF, schools earn points based on the highest value among the following: aggregated 2010, 2011, 2012 and 2013 4-year graduation rate, aggregated 2010, 2011 and 2012 5-year graduation rate, aggregated 2010 and 2011 6-year graduation rate, or 2010 7-year graduation rate. For each of these rates, the aggregation is the result of adding the graduation totals for all available years and dividing by the sum of the graduation bases across all available years. For both 1-year and 3-year SPFs, the "best of" graduation rate is bolded and italicized here and on the Performance Indicators detail page.

Performance Indicator	Scoring Guide		Rating	Point	Value	Total Possible Points per EMH Level	Framework Points

Priority Improvement Plan	The school is required to adopt and implement a Priority Improvement Plan.					
Turnaround Plan	The school is required to adopt and implement a Turnaround Plan.					

### 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

# **Reference Data for Key Performance Indicators**

#### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

### Percent of Students Proficient or Advanced by Percentile Cut-Points - 1-year (2009-10 baseline)

	Reading				Math		Writing			Science

### Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

#### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Score
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

School: PATRIOT LEARNING CENTER - 6810

District: FALCON 49 - 1110 (3 Year<sup>1</sup>)

# **Pending AEC SPF**

All schools designated as an Alternative Education Campus (AEC) receive an AEC-specific SPF report that determines the plan type the school is required to adopt and implement. The plan type is based on the overall AEC framework score, which is a percentage of the total points earned out of the total points eligible in each performance indicator. The overall score is then matched to the scoring guide below to determine the plan type.

Plan Assignment	Framework Points Earned
Performance	at or above 60%
Improvement	at or above 47% - below 60%
Priority Improvement	at or above 33% - below 47%
Turnaround	below 33%

Framework points are calculated using the percentage of scores are not negatively impacted. all indicators, the total points possible are: 15 points for Academic Achievement, 35 for Academic Growth, 15 for Academic Growth Gaps, and 35 for Postsecondary and (elementary, middle and high school grades). Workforce Readiness.

### **Graduation and Disaggregated Graduation Rates**

The School Performance Framework reports use the 4-, 5-, 6- and 7-year graduation rates for the school and disaggregated student groups (students eligible for free/reduced lunch, minority students, students with disabilities and English learners).

#### This School's Graduation Rate and Disaggregated Graduation Rate:

### Overall Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	56.2	71.1	81.3	81.3
Anticipated Year	2011	55.4	68.7	72.3	
of Graduation	2012	62.4	84.7		
	2013	64.1			

#### Free/Reduced Lunch Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	43.5	64	72.2	75
Anticipated Year	2011	59.3	67.6	73	
of Graduation	2012	47.1	76.9		
	2013	65.9			

#### Minority Student Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	55.6	63.3	80.6	79.4
Anticipated Year	2011	42.4	62.9	65.7	
of Graduation	2012	48.6	78.4		
	2013	63.4			

#### Students with Disabilities Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	N<16	N<16	N<16	N<16
Anticipated Year	2011	N<16	N<16	N<16	
of Graduation	2012	N<16	N<16		
	2013	58.8			

#### **English Learners Graduation Rate (1-year)**

of Graduation	2012	62.4	84.7		
	2013	64.1			
	Aggregated	59.9	75.3	77	81.3

#### Free/Reduced Lunch Graduation Rate (3-year aggregate)

		4-year	5-year	6-year	7-year
	2010	43.5	64	72.2	75
Anticipated Year	2011	59.3	67.6	73	
of Graduation	2012	47.1	76.9		
	2013	65.9			
	Aggregated	55.2	70.3	72.6	<i>75</i>

#### Minority Student Graduation Rate (3-year aggregate)

		4-year	5-year	6-year	7-year
	2010	55.6	63.3	80.6	79.4
Anticipated Year	2011	42.4	62.9	65.7	
of Graduation	2012	48.6	78.4		
	2013	63.4			
	Aggregated	52.9	68.6	72.7	79.4

#### Students with Disabilities Graduation Rate (3-year aggregate)

		4-year	5-year	6-year	7-year
	2010	N<16	N<16	N<16	N<16
Anticipated Year	2011	N<16	N<16	N<16	
of Graduation	2012	N<16	N<16		
	2013	58.8			
	Aggregated	57.4	75.8	75	N<16

#### English Learners Graduation Rate (3-year aggregate)

		4-year	5-year	6-year	7-year
	2010	N<16	N<16	N<16	N<16
Anticipated Year	2011	N<16	N<16	N<16	
of Graduation	2012	N<16	N<16		
	2013	N<16			
	Aggregated	N<16	62.5	62.5	N<16

Colorado calculates "on-time" graduation as the percent of students who graduate from high school four years after entering ninth grade. A student is assigned a graduating class when they enter ninth grade by adding four years to the year the student enters ninth grade. The formula anticipates, for example, that a student who entered ninth grade in fall 2006 would graduate with the Class of 2010.

For the 1-year SPF, schools earn points based on the highest value among the following: 2013 4year graduation rate, 2012 5-year graduation rate, 2011 6-year graduation rate and 2010 7year graduation rate (the shaded cells in the tables on the left). For the 3-year SPF, schools earn points based on the highest value among the following: aggregated 2010, 2011, 2012 and 2013 4-year graduation rate, aggregated 2010, 2011 and 2012 5-year graduation rate, aggregated 2010 and 2011 6-year graduation rate, or 2010 7-year graduation rate. For each of these rates, the aggregation is the result of adding the graduation totals for all available years and dividing by the sum of the graduation bases across all available years. For both 1-year and 3-year SPFs, the "best of" graduation rate is bolded and italicized here and on the Performance Indicators detail page.

Performance Indicator	Scoring Guide		Rating	Point	t Value	Total Possible Points per EMH Level	Framework Points

### 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

### **Reference Data for Key Performance Indicators**

#### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

## Percent of Students Proficient or Advanced by Percentile Cut-Points - 1-year (2009-10 baseline)

	Reading			Math			Writing			Science

### Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

#### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Rate
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

School: PIKES PEAK SCHOOL EXPEDITIONARY LEARNING - 6935

District: FALCON 49 - 1110 (1 Year<sup>1</sup>)

# **Performance**

This is the plan type the school is required to adopt and implement, based on the 1 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Points	Earned out of Points Eligible <sup>2</sup>	
Academic Achievement	Meets	75.0%	( 18.8 out of 25 points )	
Academic Growth	Meets	83.3%	( 41.7 out of 50 points )	
Academic Growth Gaps	Exceeds	87.5%	( 21.9 out of 25 points )	

Test Participation<sup>3</sup>

**Meets 95% Participation Rate** 

TOTAL	82.4%	( 82.4 out of 100 points )	
-------	-------	----------------------------	--

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

% of Students Tested				Participation Rating			Students Tested					Total Students				
Content Area	Elem	Middle	High	Overall	Elem	Middle	High	Overall	Elem	Middle	High	Overall	Elem	Middle	High	Overall

Turnaround Plan	The school is required to adopt and implement a Turnaround Plan.					

# 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

# **Reference Data for Key Performance Indicators**

### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

## Percent of Students Proficient or Advanced by Percentile Cut-Points - 1-year (2009-10 baseline)

## Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Score
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

School: PIKES PEAK SCHOOL EXPEDITIONARY LEARNING - 6935

District: FALCON 49 - 1110 (3 Year<sup>1</sup>)

# **Performance**

This is the plan type the school is required to adopt and implement, based on the 1 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Points	Earned out of Points Eligible <sup>2</sup>	
Academic Achievement	Meets	75.0%	( 18.8 out of 25 points )	
Academic Growth	Meets	79.2%	( 39.6 out of 50 points)	
Academic Growth Gaps	Meets	64.6%	( 16.2 out of 25 points )	

Test Participation <sup>3</sup> Meets 95% Participation Rate

TOTAL 74.	6% (	74.6 out of 100 points )		
-----------	------	--------------------------	--	--

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

## 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

## **Reference Data for Key Performance Indicators**

### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

# Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Rate
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

School: REMINGTON ELEMENTARY SCHOOL - 7317

District: FALCON 49 - 1110 (1 Year<sup>1</sup>)

# **Performance**

This is the plan type the school is required to adopt and implement, based on the 1 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Points	Earned out of Points Eligible <sup>2</sup>	
Academic Achievement	Meets	75.0%	( 18.8 out of 25 points )	
Academic Growth	Meets	75.0%	( 37.5 out of 50 points )	
Academic Growth Gaps	Meets	75.0%	( 18.8 out of 25 points )	

Test Participation <sup>3</sup> Meets 95% Participation Rate

|--|

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

# 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

# **Reference Data for Key Performance Indicators**

### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

# Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Rate
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

School: ROCKY MOUNTAIN CLASSICAL ACADEMY - 7463

District: FALCON 49 - 1110 (1 Year<sup>1</sup>)

# **Performance**

This is the plan type the school is required to adopt and implement, based on the 1 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Points Earned out of Points Eligible <sup>2</sup>				
Academic Achievement	Meets	75.0%	( 18.8 out of 25 points )			
Academic Growth	Meets	79.2%	( 39.6 out of 50 points )			
Academic Growth Gaps	Meets	73.6%	( 18.4 out of 25 points )			

Test Participation Meets 95% Participation Rate

TOTAL	76.8%	( 76.8 out of 100 points )		
-------	-------	----------------------------	--	--

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

Improvement Plan	The school is required to adopt and implement an Improvement Plan.						
Priority Improvement Plan	The school is required to adopt and implement a Priority Improvement Plan.						
Turnaround Plan	The school is required to adopt and implement a Turnaround Plan.						

# 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

# **Reference Data for Key Performance Indicators**

### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

## Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Score
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

School: ROCKY MOUNTAIN CLASSICAL ACADEMY - 7463

District: FALCON 49 - 1110 (3 Year<sup>1</sup>)

# Performance

This is the plan type the school is required to adopt and implement, based on the 1 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Points Earned out of Points Eligible <sup>2</sup>					
Academic Achievement	Meets	75.0%	( 18.8 out of 25 points )				
Academic Growth	Meets	70.8%	( 35.4 out of 50 points )				
Academic Growth Gaps	Meets	63.5%	( 15.9 out of 25 points )				

Test Participation Meets 95% Participation Rate

TOTAL	70.1%	( 70.1 out of 100 points)		
-------	-------	---------------------------	--	--

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

## 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

## **Reference Data for Key Performance Indicators**

### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

# Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Rate

District: FALCON 49 - 1110 (1 Year<sup>1</sup>)

# **Performance**

This is the plan type the school is required to adopt and implement, based on the 3 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	Points Earned out of Points Eligible <sup>2</sup>						
Academic Achievement	Approaching	58.3%	( 14.6 out of 25 points )					
Academic Growth	Approaching	46.4%	( 23.2 out of 50 points )					
Academic Growth Gaps	Does Not Meet	34.4%	( 8.6 out of 25 points )					
Test Participation <sup>3</sup>	Meets 95% Participation Rate							

			i
TOTAL	46.4%	( 46.4 out of 100 points )	i
TOTAL	4h 4%	( 4b 4 OUT OT 100 DOINTS )	1

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

School: RIDGEVIEW ELEMENTARY SCHOOL - 7339

District: FALCON 49 - 1110 (3 Year<sup>1</sup>)

# **Performance**

This is the plan type the school is required to adopt and implement, based on the 3 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Points	Earned out of Points Eligible <sup>2</sup>	?
Academic Achievement	Meets	75.0%	( 18.8 out of 25 points )	
Academic Growth	Meets	75.0%	( 37.5 out of 50 points )	
Academic Growth Gaps	Approaching	58.3%	( 14.6 out of 25 points )	

Test Participation Meets 95% Participation Rate

TOTAL 70.9% ( 70.9 out of 100 points )	
--	--

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

<sup>3</sup>Schools do not receive points for test participation. However, schools are assigned one plan type category lower than their points indicate if they do not (1) meet at least a 95% participation rate in all or all but one content area (reading, writing, math, science, social studies and COACT), or (2) for schools serving multiple levels (elementary, middle and high school grades, e.g., a 6-12 school), meet at least a 95% participation rate in all or all but one content area when individual content area rates are rolled up across school levels (elementary, middle and high school grades).

	Plan description
Performance Plan	The school is required to adopt and implement a Performance Plan.
Improvement Plan	The school is required to adopt and implement an Improvement Plan.
Priority Improvement Plan	The school is required to adopt and implement a Priority Improvement Plan.
Turnaround Plan	The school is required to adopt and implement a Turnaround Plan.

## 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

## **Reference Data for Key Performance Indicators**

### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

## Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

# Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Rate
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

**TOTAL** 

School: SAND CREEK HIGH SCHOOL - 7613

District: FALCON 49 - 1110 (1 Year<sup>1</sup>)

# **Performance**

This is the plan type the school is required to adopt and implement, based on the 3 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 60%
Improvement	at or above 47% - below 60%
Priority Improvement	at or above 33% - below 47%
Turnaround	below 33%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 15 points for Academic Achievement, 35 for Academic Growth, 15 for Academic Growth Gaps, and 35 for Postsecondary and Workforce Readiness.

				•
Performance Indicators	Rating	% of Points	Earned out of Points Eligible <sup>2</sup>	
Academic Achievement	Approaching	50.0%	( 7.5 out of 15 points )	
Academic Growth	Approaching	58.3%	( 20.4 out of 35 points )	
Academic Growth Gaps	Approaching	58.3%	( 8.7 out of 15 points )	
Postsecondary and Workforce Readiness	Meets	83.3%	( 29.2 out of 35 points )	
Test Participation <sup>3</sup>	Meets 95% Participation Rate			

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

of Graduation	2012	N<16	N<16		
	2013	N<16			
	Aggregated	87.5	100	94.7	N<16

Colorado calculates "on-time" graduation as the percent of students who graduate from high school four years after entering ninth grade. A student is assigned a graduating class when they enter ninth grade by adding four years to the year the student enters ninth grade. The formula anticipates, for example, that a student who entered ninth grade in fall 2006 would graduate with the Class of 2010.

For the 1-year SPF, schools earn points based on the highest value among the following: 2013 4year graduation rate, 2012 5-year graduation rate, 2011 6-year graduation rate and 2010 7year graduation rate (the shaded cells in the tables on the left). For the 3-year SPF, schools earn points based on the highest value among the following: aggregated 2010, 2011, 2012 and 2013 4-year graduation rate, aggregated 2010, 2011 and 2012 5-year graduation rate, aggregated 2010 and 2011 6-year graduation rate, or 2010 7-year graduation rate. For each of these rates, the aggregation is the result of adding the graduation totals for all available years and dividing by the sum of the graduation bases across all available years. For both 1-year and 3-year SPFs, the "best of" graduation rate is bolded and italicized here and on the Performance Indicators detail page.

School Plan Type Assignments				
	Plan description			
Performance Plan	The school is required to adopt and implement a Performance Plan.			
Improvement Plan	The school is required to adopt and implement an Improvement Plan.			
Priority Improvement Plan	The school is required to adopt and implement a Priority Improvement Plan.			
Turnaround Plan	The school is required to adopt and implement a Turnaround Plan.			

### 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

## **Reference Data for Key Performance Indicators**

#### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

### Percent of Students Proficient or Advanced by Percentile Cut-Points - 1-year (2009-10 baseline)

### Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

## Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

#### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Score
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

TOTAL

School: SAND CREEK HIGH SCHOOL - 7613

District: FALCON 49 - 1110 (3 Year<sup>1</sup>)

## Performance

This is the plan type the school is required to adopt and implement, based on the 3 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 60%
Improvement	at or above 47% - below 60%
Priority Improvement	at or above 33% - below 47%
Turnaround	below 33%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 15 points for Academic Achievement, 35 for Academic Growth, 15 for Academic Growth Gaps, and 35 for Postsecondary and Workforce Readiness.

Performance Indicators	Rating	% of Points	Earned out of Points Eligible <sup>2</sup>	
Academic Achievement	Meets	66.7%	( 10.0 out of 15 points )	
Academic Growth	Meets	66.7%	( 23.3 out of 35 points )	
Academic Growth Gaps	Approaching	56.7%	( 8.5 out of 15 points )	
Postsecondary and Workforce Readiness	Meets	84.4%	( 29.5 out of 35 points )	
Test Participation <sup>3</sup>	Meets 95% Participation Rate			

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

71.3%

(71.3 out of 100 points)

of Graduation	2012	54.2	59.1		
	2013	52.6			
	Aggregated	60.2	73.8	79.7	88.1

#### **English Learners Graduation Rate (3-year aggregate)**

		4-year	5-year	6-year	7-year
	2010	N<16	N<16 N<16		N<16
Anticipated Year	2011	N<16	N<16	N<16	
of Graduation	2012	N<16	N<16		
	2013	N<16			
	Aggregated	87.5	100	94.7	N<16

Colorado calculates "on-time" graduation as the percent of students who graduate from high school four years after entering ninth grade. A student is assigned a graduating class when they enter ninth grade by adding four years to the year the student enters ninth grade. The formula anticipates, for example, that a student who entered ninth grade in fall 2006 would graduate with the Class of 2010.

For the 1-year SPF, schools earn points based on the highest value among the following: 2013 4year graduation rate, 2012 5-year graduation rate, 2011 6-year graduation rate and 2010 7year graduation rate (the shaded cells in the tables on the left). For the 3-year SPF, schools earn points based on the highest value among the following: aggregated 2010, 2011, 2012 and 2013 4-year graduation rate, aggregated 2010. 2011 and 2012 5-year graduation rate, aggregated 2010 and 2011 6-year graduation rate, or 2010 7-year graduation rate. For each of these rates, the aggregation is the result of adding the graduation totals for all available years and dividing by the sum of the graduation bases across all available years. For both 1-year and 3-year SPFs, the "best of" graduation rate is bolded and italicized here and on the Performance Indicators detail page.

Priority Improvement Plan	The school is required to adopt and implement a Priority Improvement Plan.
Turnaround Plan	The school is required to adopt and implement a Turnaround Plan.

### 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

### **Reference Data for Key Performance Indicators**

#### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

### Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

## Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

#### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Rate
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

District: FALCON 49 - 1110 (1 Year<sup>1</sup>)

# **Performance**

This is the plan type the school is required to adopt and implement, based on the 3 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Points	Earned out of Points Eligible <sup>2</sup>	
Academic Achievement	Meets	66.7%	( 16.7 out of 25 points )	
Academic Growth	Meets	75.0%	( 37.5 out of 50 points )	
Academic Growth Gaps	Approaching	50.0%	( 12.5 out of 25 points )	

Test Participation <sup>3</sup> Meets 95% Participation Rate

TOTAL 66.7	7% ( 66.7 out of 100 points )	
------------	-------------------------------	--

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

### 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

## **Reference Data for Key Performance Indicators**

#### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

### Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP	
Exceeds	60-99	70-99	
Meets	45-59	55-69	
Approaching	30-44	40-54	
Does Not Meet	1-29	1-39	

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

## Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

#### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Rate
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

School: SKYVIEW MIDDLE SCHOOL - 7960

District: FALCON 49 - 1110 (1 Year<sup>1</sup>)

# **Performance**

This is the plan type the school is required to adopt and implement, based on the 1 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Points	% of Points Earned out of Points Eligible <sup>2</sup>						
Academic Achievement	Meets	66.7%	( 16.7 out of 25 points )						
Academic Growth	Meets	71.4%	( 35.7 out of 50 points )						
Academic Growth Gaps	Approaching	58.3%	( 14.6 out of 25 points )						

Test Participation Meets 95% Participation Rate

TOTAL 67.0% ( 67.0 out of 100 points )

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

Turnaround Plan	The school is required to adopt and implement a Turnaround Plan.								

### 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

## **Reference Data for Key Performance Indicators**

#### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

### Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

## Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

#### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Rate
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

District: FALCON 49 - 1110 (1 Year<sup>1</sup>)

# **Performance**

This is the plan type the school is required to adopt and implement, based on the 3 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Points	Earned out of Points Eligible <sup>2</sup>	
Academic Achievement	Meets	75.0%	( 18.8 out of 25 points )	
Academic Growth	Meets	64.3%	( 32.2 out of 50 points )	
Academic Growth Gaps	Approaching	50.0%	( 12.5 out of 25 points )	

Test Participation <sup>3</sup> Meets 95% Participation Rate

TOTAL	63.5%	( 63.5 out of 100 points)		
-------	-------	---------------------------	--	--

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

### 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

## **Reference Data for Key Performance Indicators**

#### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

### Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

## Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

#### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Rate
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

**TOTAL** 

eligible, so scores are not negatively impacted.

School: VISTA RIDGE HIGH SCHOOL - 8791

District: FALCON 49 - 1110 (1 Year<sup>1</sup>)

## Performance

This is the plan type the school is required to adopt and implement, based on the 1 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 60%
Improvement	at or above 47% - below 60%
Priority Improvement	at or above 33% - below 47%
Turnaround	below 33%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 15 points for Academic Achievement, 35 for Academic Growth, 15 for Academic Growth Gaps, and 35 for Postsecondary and Workforce Readiness.

					•		
Performance Indicators	Rating	% of Points Earned out of Points Eligible <sup>2</sup>					
Academic Achievement	Meets	66.7%	( 10.0 out of 15 points )				
Academic Growth	Meets	66.7%	( 23.3 out of 35 points )				
Academic Growth Gaps	Approaching	58.3%	( 8.7 out of 15 points )				
Postsecondary and Workforce Readiness	Meets	85.0%	( 29.8 out of 35 points )				
Test Participation <sup>3</sup>	Meets 95% Participation Rate						

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points

71.8%

(71.8 out of 100 points)

	2013	N<16			
	Aggregated	<i>95.7</i>	N<16	N<16	N<16

Colorado calculates "on-time" graduation as the percent of students who graduate from high school four years after entering ninth grade. A student is assigned a graduating class when they enter ninth grade by adding four years to the year the student enters ninth grade. The formula anticipates, for example, that a student who entered ninth grade in fall 2006 would graduate with the Class of 2010.

For the 1-year SPF, schools earn points based on the highest value among the following: 2013 4year graduation rate, 2012 5-year graduation rate, 2011 6-year graduation rate and 2010 7year graduation rate (the shaded cells in the tables on the left). For the 3-year SPF, schools earn points based on the highest value among the following: aggregated 2010, 2011, 2012 and 2013 4-year graduation rate, aggregated 2010, 2011 and 2012 5-year graduation rate, aggregated 2010 and 2011 6-year graduation rate, or 2010 7-year graduation rate. For each of these rates, the aggregation is the result of adding the graduation totals for all available years and dividing by the sum of the graduation bases across all available years. For both 1-year and 3-year SPFs, the "best of" graduation rate is bolded and italicized here and on the Performance Indicators detail page.

### 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

## **Reference Data for Key Performance Indicators**

#### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

### Percent of Students Proficient or Advanced by Percentile Cut-Points - 1-year (2009-10 baseline)

### Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP		
Exceeds	60-99	70-99		
Meets	45-59	55-69		
Approaching	30-44	40-54		
Does Not Meet	1-29	1-39		

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

## Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

#### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9
3-year (2007-09)	1,238,096	3.9

	N of Students	Mean Score
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

**TOTAL** 

School: VISTA RIDGE HIGH SCHOOL - 8791

SCHOOL - 8791 District: FALCON 49 - 1110 (3 Year<sup>1</sup>)

## Performance

This is the plan type the school is required to adopt and implement, based on the 1 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 60%
Improvement	at or above 47% - below 60%
Priority Improvement	at or above 33% - below 47%
Turnaround	below 33%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 15 points for Academic Achievement, 35 for Academic Growth, 15 for Academic Growth Gaps, and 35 for Postsecondary and Workforce Readiness.

				•
Performance Indicators	Rating	% of Points	Earned out of Points Eligible <sup>2</sup>	
Academic Achievement	Meets	66.7%	( 10.0 out of 15 points )	
Academic Growth	Approaching	50.0%	( 17.5 out of 35 points )	
Academic Growth Gaps	Approaching	46.7%	( 7.0 out of 15 points )	
Postsecondary and Workforce Readiness	Meets	82.8%	( 29.0 out of 35 points )	
Test Participation <sup>3</sup>	Meets 95% Participation Rate			

<sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

### **Graduation and Disaggregated Graduation Rates**

The School Performance Framework reports use the 4-, 5-, 6- and 7-year graduation rates for the school and disaggregated student groups (students eligible for free/reduced lunch, minority students, students with disabilities and English learners).

### This School's Graduation Rate and Disaggregated Graduation Rate:

### Overall Graduation Rate (1-year)

		4-year	5-year	6-year	7-year
	2010	N<16	61.1	N<16	N<16
Anticipated Year	2011	89.1	90.3	91.6	
of Graduation	2012	95.3	96.4		
	2013	94.6

of Graduation	2012	N<16	N<16		
	2013	N<16			
	Aggregated	95.7	N<16	N<16	N<16

Colorado calculates "on-time" graduation as the percent of students who graduate from high school four years after entering ninth grade. A student is assigned a graduating class when they enter ninth grade by adding four years to the year the student enters ninth grade. The formula anticipates, for example, that a student who entered ninth grade in fall 2006 would graduate with the Class of 2010.

For the 1-year SPF, schools earn points based on the highest value among the following: 2013 4year graduation rate, 2012 5-year graduation rate, 2011 6-year graduation rate and 2010 7year graduation rate (the shaded cells in the tables on the left). For the 3-year SPF, schools earn points based on the highest value among the following: aggregated 2010, 2011, 2012 and 2013 4-year graduation rate, aggregated 2010, 2011 and 2012 5-year graduation rate, aggregated 2010 and 2011 6-year graduation rate, or 2010 7-year graduation rate. For each of these rates, the aggregation is the result of adding the graduation totals for all available years and dividing by the sum of the graduation bases across all available years. For both 1-year and 3-year SPFs, the "best of" graduation rate is bolded and italicized here and on the Performance Indicators detail page.

School Plan Type Assign	school Plan Type Assignments								
Plan description									
Performance Plan	The school is required to adopt and implement a Performance Plan.								
Improvement Plan	The school is required to adopt and implement an Improvement Plan.								
Priority Improvement Plan	The school is required to adopt and implement a Priority Improvement Plan.								
Turnaround Plan	The school is required to adopt and implement a Turnaround Plan.								

A school may not implement a Priority Improvement and/or Turnaround Plan for longer than a combined total of five consecutive years before the State Board of Education must direct the authorizing district's local school board or the Institute to restructure or close the school. The five consecutive school years commence on July 1 of the summer immediately following the fall in which the school is notified that it is required to implement a Priority Improvement or Turnaround Plan.

### Reference - PRELIMINARY DRAFT FOR DISTRICT REVIEW

### 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

### **Reference Data for Key Performance Indicators**

### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

### Percent of Students Proficient or Advanced by Percentile Cut-Points - 1-year (2009-10 baseline)

	Reading			Math			Writing			Science

### Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

### Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

### State Mean COACT Composite Score (2009-10 baseline)

	N of Students	Mean Rate
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

School: WOODMEN HILLS ELEMENTARY SCHOOL - 9706

District: FALCON 49 - 1110 (1 Year<sup>1</sup>)

### **Performance**

This is the plan type the school is required to adopt and implement, based on the 1 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Points Earned out of Points Eligible <sup>2</sup>						
Academic Achievement	Meets	75.0%	( 18.8 out of 25 points )					
Academic Growth	Meets	66.7%	( 33.4 out of 50 points )					
Academic Growth Gaps	Approaching	52.8%	( 13.2 out of 25 points )					

Test Participation <sup>3</sup> Meets 95% Participation Rate

TOTAL	65.4%	( 65.4 out of 100 points )		
-------	-------	----------------------------	--	--

<sup>&</sup>lt;sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

Test Participation Rate	es															
		% of Studer	ts Tested			Participation Rating			Students Tested					Total Students		
Content Area	Elem	Middle	High	Overall	Elem	Middle	High	Overall	Elem	Middle	High	Overall	Elem	Middle	High	Overall

Colorado ACT	-	-	-	-	-	-	-	-	-	-	-	-	-	-	-	-

<sup>&</sup>lt;sup>3</sup>Schools do not receive points for test participation. However, schools are assigned one plan type category lower than their points indicate if they do not (1) meet at least a 95% participation rate in all or all but one content area (reading, writing, math, science, social studies and COACT), or (2) for schools serving multiple levels (elementary, middle and high school grades, e.g., a 6-12 school), meet at least a 95% participation rate in all or all but one content area when individual content area rates are rolled up across school levels (elementary, middle and high school grades).

School Plan Type Assign	nments
	Plan description
Performance Plan	The school is required to adopt and implement a Performance Plan.
Improvement Plan	The school is required to adopt and implement an Improvement Plan.
Priority Improvement Plan	The school is required to adopt and implement a Priority Improvement Plan.
Turnaround Plan	The school is required to adopt and implement a Turnaround Plan.

A school may not implement a Priority Improvement and/or Turnaround Plan for longer than a combined total of five consecutive years before the State Board of Education must direct the authorizing district's local school board or the Institute to restructure or close the school. The five consecutive school years commence on July 1 of the summer immediately following the fall in which the school is notified that it is required to implement a Priority Improvement or Turnaround Plan.

### **Reference - PRELIMINARY DRAFT FOR DISTRICT REVIEW**

### 1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type category for the school: the one under which the school has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

### **Reference Data for Key Performance Indicators**

### Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

### Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

### Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

### State Mean COACT Composite Score (2009-10 baseline)

	N of Students	Mean Score
1-year (2010)	51,438	20.0
3-year (2008-10)	151,439	20.1

School: WOODMEN HILLS ELEMENTARY SCHOOL - 9706

District: FALCON 49 - 1110 (3 Year<sup>1</sup>)

### **Performance**

This is the plan type the school is required to adopt and implement, based on the 1 Year School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the plan type. Additionally, failing to meet test administration and/or test participation assurances will result in a lower plan type category.

Plan Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Academic Achievement, 50 for Academic Growth, and 25 for Academic Growth Gaps.

Performance Indicators	Rating	% of Points	s Earned out of Points Eligible <sup>2</sup>	
Academic Achievement	Meets	75.0%	( 18.8 out of 25 points )	
Academic Growth	Approaching	58.3%	( 29.2 out of 50 points )	
Academic Growth Gaps	Approaching	52.1%	( 13.0 out of 25 points )	
Test Participation <sup>3</sup>	Meets 95% Participation Rate			

Test Participation Meets 95% Participation Rate

TOTAL 61.0% ( 61.0 out of 100 points )	TOTAL	61.0%	( 61.0 out of 100 points)		
--	-------	-------	---------------------------	--	--

<sup>&</sup>lt;sup>2</sup>Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

Test Participation Rate																
	% of Students Tested					Participati	on Rating			Studen	ts Tested			Total S	Students	
Content Area	Elem	Middle	High	Overall	Elem	Middle	High	Overall	Elem	Middle	High	Overall	Elem	Middle	High	Overall

Writing	99.6%	-	-	99.6%	Meets	-	-	Meets	1115	-	-	1115	1120	-	-	1120
Science	100.0%	-	-	100.0%	Meets	-	-	Meets	371	-	-	371	371	-	-	371
Social Studies	100.0%	-	-	100.0%	Meets	-	-	Meets	134	-	-	134	134	-	-	134
Colorado ACT	-	-	-	-	-	-	-	-	-	-	-	-	-	-	-	-

<sup>&</sup>lt;sup>3</sup>Schools do not receive points for test participation. However, schools are assigned one plan type category lower than their points indicate if they do not (1) meet at least a 95% participation rate in all or all but one content area (reading, writing, math, science, social studies and COACT), or (2) for schools serving multiple levels (elementary, middle and high school grades, e.g., a 6-12 school), meet at least a 95% participation rate in all or all but one content area when individual content area rates are rolled up across school levels (elementary, middle and high school grades).

### Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this school compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the school to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach certain levels of language proficiency on ACCESS in set amounts of time. The median growth percentile required to earn each rating depends on whether or not the school met adequate growth (AGP).

	Made AGP	Did Not Make AGP
Exceeds	60-99	70-99
Meets	45-59	55-69
Approaching	30-44	40-54
Does Not Meet	1-29	1-39

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

### Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

### State Mean Dropout Rate (2009-10 baseline)

	N of Students	Mean Rate
1-year (2009)	416,953	3.6
3-year (2007-09)	1,238,096	3.9

### **AEC: Performance**

All schools designated as an Alternative Education Campus (AEC) receive an AEC-specific SPF report that determines the plan type the school is required to adopt and implement. The plan type is based on the overall AEC framework score, which is a percentage of the total points earned out of the total points eligible in each performance indicator. The overall score is then matched to the scoring guide below to determine the plan type.

### Plan Type Assignment Framework Points Earned

Performance	at or above 60%
Improvement	at or above 47% - below 60%
Priority Improvement	at or above 33% - below 47%
Turnaround	below 33%

Framework points are calculated using the percentage of points earned out of points eligible. For AECs with data on all indicators, the total points possible are: 15 points for Academic Achievement, 35 for Academic Growth, 30 for Postsecondary and Workforce Readiness, and 20 for Student Engagement.

Performance Indicators	Rating	% of Points Earned out of Points Eligible		Total Points Eligible	Weighted Points Earned	Weighted Points Eligible
Academic Achievement	Approaching	52.5%	21	40	7.9	15
Academic Growth	Approaching	60.0%	24	40	21	35

Postsecondary and Workforce Readines	s Meets	83.3%	10	12	25	30
TOTAL	AEC: Performance	68.9%			68.9	100

### Alternative Education Campus (AEC) School Performance Framework Reports: Overview

All Colorado schools receive a School Performance Framework (SPF) report from the Colorado Department of Education (CDE) that annually reviews the performance of the public schools in the state. The SPF report determines the plan type that the school must adopt and implement.

Some schools have specialized missions and are designated as Alternative Education Campuses (AECs). These schools serve a student population where either: (1) all students have severe limitations that preclude appropriate administration of the state assessments, (2) all students attend on a part-time basis and come from other public schools where the part-time students are counted in the enrollment of the other public school, or (3) more than 95% of the students have either an Individual Education Program and/or meet the definition of a high-risk student, as defined in the Educational Accountability Act of 2009.

Alternative Education Campuses receive a SPF report as all traditional schools do; however, they also receive an AEC-specific SPF report that determines their plan type. This AEC SPF report takes into account the unique purposes of the schools and the unique circumstances of the challenges posed by the students enrolled in the schools. The AEC SPF includes the required state measures defined in the indicators below, but may also include optional additional measures. These additional measures must be approved by CDE, but are selected by the district, with results provided by the district. Where available, three years of data are reported.

### What do the performance indicators measure?

### **Academic Achievement**

The Achievement Indicator reflects how a school's students are doing at meeting the state's proficiency goal: the percentage of students proficient or advanced on Colorado's standardized assessments. For AECs, this Indicator includes results from TCAP and CoAlt (Reading, Writing, Math and Science), and Lectura and Escritura. AECs may also include additional optional measures that reflect academic achievement, as approved by CDE.

### **Academic Growth**

The Growth Indicator measures academic progress using the Colorado Growth Model. For AECs, this Indicator reflects median student growth percentiles: how the academic progress of the students in this school compared to that of other students statewide with a similar TCAP score history in that subject area. AECs may also include additional optional measures that reflect academic growth, as approved by CDE.

### **Student Engagement**

The Student Engagement Indicator reflects a student's sense of belonging, safety and involvement in school that leads to academic achievement, regular attendance, and postsecondary and workforce success. For AECs, this Indicator includes (1) average daily attendance and (2) truancy rates. AECs may also include additional optional measures that reflect student engagement, as approved by CDE.

### Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or jobs upon completing high school. For AECs, this Indicator reflects student completion rates, dropout rates, and average Colorado ACT composite scores. AECs may also include additional optional measures that reflect postsecondary and workforce readiness, as approved by CDE.

School: PATRIOT LEARNING CENTER - 6810 District: FALCON 49 - 1110

### **Results by School Level**

The data on this page reflects the overall indicator ratings and results disaggregated for each applicable school level (elementary, middle, and high). These ratings roll up into overall performance indicator ratings and an overall plan type for the school. See page 1 for this school's overall results.

### ELEMENTARY SCHOOL LEVEL

Dropout Rate	3	4	Meets	893	4.6	88	
Colorado ACT Composite	3	4	Meets	150	16.3	86	

Colorado calculates "on-time" completion rate as the percent of students completing high school four years after entering ninth grade. A student is assigned a graduating class when they enter ninth grade, and the graduating class is assigned by adding four years to the year the student enters ninth grade.

For the AEC performance framework, schools earn points based on the highest value among the aggregated completion rates. The aggregated completion rates are the result of adding the completion totals for all available years and dividing by the sum of the graduation bases across all available years.

### **Completion Rates for this AEC**

		4-Year	5-Year	6-Year	7-Year
	2010	56.2	73.3	83.5	83.3

### **AEC: Improvement**

All schools designated as an Alternative Education Campus (AEC) receive an AEC-specific SPF report that determines the plan type the school is required to adopt and implement. The plan type is based on the overall AEC framework score, which is a percentage of the total points earned out of the total points eligible in each performance indicator. The overall score is then matched to the scoring guide below to determine the plan type.

### Plan Type Assignment Framework Points Earned

Performance	at or above 60%
Improvement	at or above 47% - below 60%
Priority Improvement	at or above 33% - below 47%
Turnaround	below 33%

Framework points are calculated using the percentage of points earned out of points eligible. For AECs with data on all indicators, the total points possible are: 15 points for Academic Achievement, 35 for Academic Growth, 30 for Postsecondary and Workforce Readiness, and 20 for Student Engagement.

Performance Indicators	Rating	% of Points Earned out of Points Eligible		Total Points Eligible	Weighted Points Earned	Weighted Points Eligible
Academic Achievement	Meets	75.0%	9	12	11.3	15
Academic Growth	Approaching	41.7%	5	12	14.6	35

### Alternative Education Campus (AEC) School Performance Framework Reports: Overview

All Colorado schools receive a School Performance Framework (SPF) report from the Colorado Department of Education (CDE) that annually reviews the performance of the public schools in the state. The SPF report determines the plan type that the school must adopt and implement.

Some schools have specialized missions and are designated as Alternative Education Campuses (AECs). These schools serve a student population where either: (1) all students have severe limitations that preclude appropriate administration of the state assessments, (2) all students attend on a part-time basis and come from other public schools where the part-time students are counted in the enrollment of the other public school, or (3) more than 95% of the students have either an Individual Education Program and/or meet the definition of a high-risk student, as defined in the Educational Accountability Act of 2009.

Alternative Education Campuses receive a SPF report as all traditional schools do; however, they also receive an AEC-specific SPF report that determines their plan type. This AEC SPF report takes into account the unique purposes of the schools and the unique circumstances of the challenges posed by the students enrolled in the schools. The AEC SPF includes the required state measures defined in the indicators below, but may also include optional additional measures. These additional measures must be approved by CDE, but are selected by the district, with results provided by the district. Where available, three years of data are reported.

### What do the performance indicators measure?

### **Academic Achievement**

The Achievement Indicator reflects how a school's students are doing at meeting the state's proficiency goal: the percentage of students proficient or advanced on Colorado's standardized assessments. For AECs, this Indicator includes results from TCAP and CoAlt (Reading, Writing, Math and Science), and Lectura and Escritura. AECs may also include additional optional measures that reflect academic achievement, as approved by CDE.

### **Academic Growth**

The Growth Indicator measures academic progress using the Colorado Growth Model. For AECs, this Indicator reflects median student growth percentiles: how the academic progress of the students in this school compared to that of other students statewide with a similar TCAP score history in that subject area. AECs may also include additional optional measures that reflect academic growth, as approved by CDE.

### **Student Engagement**

The Student Engagement Indicator reflects a student's sense of belonging, safety and involvement in school that leads to academic achievement, regular attendance, and postsecondary and workforce success. For AECs, this Indicator includes (1) average daily attendance and (2) truancy rates. AECs may also include additional optional measures that reflect student engagement, as approved by CDE.

### **Postsecondary and Workforce Readiness**

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or jobs upon completing high school. For AECs, this Indicator reflects student completion rates, dropout rates, and average Colorado ACT composite scores. AECs may also include additional optional measures that reflect postsecondary and workforce readiness, as approved by CDE.

### **BOARD OF EDUCATION AGENDA ITEM 7.02**

BOARD MEETING OF:	October 9, 2014
PREPARED BY:	Heather Diaz, Finance Department
TITLE OF AGENDA ITEM:	Selection of Official Survey Date for Impact Aid
ACTION/INFORMATION/DISCUSSION:	Action

BACKGROUND INFORMATION, DESCRIPTION OF NEED: Each year, the District must set an official survey date for Impact Aid – Public Law 103-382. This survey determines where students are connected to other federal programs; in our case, largely the US Military. The District receives a federal revenue subsidy each year that is based on this student count. In general, there is a delay in the count data and the dollars that are remitted related to that count. So, while this particular count technically has no impact on the current year budget, it will have an impact on the 2015-2016 budget and so is still a very import exercise.

**RATIONALE:** Monday, October 27, 2014 is the recommended date for this year. Being a Monday, it is believed that this will give schools an opportunity to distribute the forms to the students and the families will have that week as well as the weekend to complete the form and return them early the following week. The final due date will be Tuesday, November 25, 2014.

**RELEVANT DATA AND EXPECTED OUTCOMES:** Our process for impact aid tracking has evolved over the last couple of years to be much more rigorous and we believe that that effort will result in better funding results in coming years. In addition, we had a review by Impact Aid auditors this past year and they are assisting in the design of the form to ensure we have complete information for their purposes.

IMPACTS ON THE DISTRICT'S STRATEGIC PRIORITIES—THE BIG ROCKS:

Rock #1—Reestablishing the district as a trustworthy recipient of taxpayer investment	Clarity and transparency in financial management strategies and decisions.
<b>Rock #2</b> —Research, design and implement programs for intentional <u>community</u> participation	Impact Aid is a community participation item in that we are asking the community for their assistance and they have the direct ability, then, to impact a revenue stream available to the District.
Rock #3— Establish District 49 as the <u>best</u> district in Colorado to learn, work and lead	
Rock #4— Grow a robust portfolio of distinct and exceptional schools	
Rock #5— Customize our educational systems to launch each student toward success	

**FUNDING REQUIRED:** Yes

**AMOUNT BUDGETED:** N/A

**DATE:** September 19, 2014

**RECOMMENDED COURSE OF ACTION/MOTION REQUESTED:** I move to approve Monday, October 27, 2014 as the Official Impact Aid Survey Date for the 2014-15 school year.

**APPROVED BY:** Brett Ridgway, Chief Business Officer

## Falcon School District #49 Impact Aid Program Survey Form The survey date is: October 27, 2014

### **BOARD OF EDUCATION AGENDA ITEM 7.03**

BOARD MEETING OF:	October 9, 2014
PREPARED BY:	Sean Dorsey, Zone Leader
TITLE OF AGENDA ITEM:	Before and After School Program Job Description-Before and
	After School Program Manager
ACTION/INFORMATION/DISCUSSION:	Action

**BACKGROUND INFORMATION, DESCRIPTION OF NEED:** The Sand Creek Zone is in the midst of implementing a before and after school program to serve the families in the Zone. A new job description has been developed and now requires Board approval.

**RATIONALE:** Kids' Corner Before and After School Program provides quality before and after school care on scheduled school days, as well as during early release and assessment/professional development days to working families that require our services. In an effort to continue to enhance the level of service to patrons, Kids' Corner requires a dedicated program manager.

**RELEVANT DATA AND EXPECTED OUTCOMES:** Kids Corner is a self-sustained program with revenue paying for personnel.

### IMPACTS ON THE DISTRICT'S STRATEGIC PRIORITIES—THE BIG ROCKS:

INTREES ON THE DISTRICT STRAIT	THE DIG NO CHO.
Rock #1—Reestablishing the district as a trustworthy recipient of taxpayer investment	
Rock #2—Research, design and implement programs for intentional community participation	
Rock #3— Establish District 49 as the <u>best</u> district in Colorado to learn, work and lead	<u>X</u>
Rock #4— Grow a robust portfolio of distinct and exceptional schools	
Rock #5— Customize our educational systems to launch each student toward success	<u>X</u>

**FUNDING REQUIRED: Yes** 

**AMOUNT BUDGETED:** Professional/Technical Range 1-salary paid through tuition revenue

**RECOMMENDED COURSE OF ACTION/MOTION REQUESTED:** Move to approve the Before and After School Program Manager job description as recommended by the administration.

**APPROVED BY:** Peter Hilts, CEO **DATE:** September 26, 2014

### **Before and After School Program Manager**

Job Title:	Before and After School Program Manager		Related Organization Chart
Job Code:			Zone Leader/Zone
Initial:		l	Superintendent
Revised:			Before and After School
Work Year:	261 Days – Full-Time/Full-Year		Program Manager
Office:	Zone Operations		Program Site Leaders
Department:	Sand Creek Zone		
Reports To:	Innovation Zone Leader/Zone Superintendent		
FLSA Status:	Exempt		
Pay Range:	Professional Technical Range 1		

### **SUMMARY:**

The Before and After School Program Manager is directly accountable for all operational aspects of a group of sites including, ensuring quality care and education for children; achievement of financial targets; applying rigorous, proactive cost controls; incorporating active continuous improvement of quality of operations; demonstrating results in employee development and contribution; delivering excellent customer service by conducting instructor observations and providing prompt feedback; developing and retaining business; keeping accurate records of student attendance and program results; and ensuring legal compliance.

### **ESSENTIAL DUTIES AND RESPONSIBILITIES:**

The following statements of duties and responsibilities describe the general nature and level of work being performed by the leader filling this position. These statements are not an exhaustive list of all duties and responsibilities required by this position.

- Maintains positive communication with parents. Recognizes parent concerns, evaluates courses of action and responds professionally to the needs of the parents.
- Models and fosters an environment of customer service, strengthening partnerships with teachers, educational specialists, school/district administrators, and parent/teacher organizations.
- Actively partners with school personnel, zone leader, and principal to create marketing strategies that
  maximize utilization and enrollment. Responds to all enrollment inquiries and provides facility tours
  and detailed information about the program.
- Consistently grows the business with new enrollment per location and retention.
- Visits each program at least twice per month to ensure quality programming. Provides necessary feedback to site staff and helps devise site action plans when necessary.
- Ensures compliances with all Falcon School District 49 department procedures.

- Ensures compliance with Falcon School District 49 contract and state regulations regarding the care of children. Keeps supervisor informed of all necessary information regarding the care and safety of children.
- Ensures appropriate and effective staffing of program. Anticipates staffing needs and prepares staffing schedule to ensure that state regulations are met at all times. Leads interviewing process and makes hiring recommendations.
- Orients and trains all program staff to ensure staff comply with all applicable federal and state laws, company policies and procedures, proper implementation of curriculum, and licensing requirements when necessary.
- Manages staff performance, including setting expectations, providing corrective feedback and performing evaluations per District policy and procedures.
- Tracks all monetary transactions with clients and ensures that all related record keeping requirements are met. Enforces company tuition requirements and appropriately imposes policy regarding non-payment of tuition.
- Achieves financial results. Maintains and has knowledge of budget analysis, expense reviews, P&L
  analysis, and general ledger reconciliations. Makes necessary changes by flexing personnel and variable
  cost expenses to the revenue generation.
- Performs other duties as assigned.

### **EDUCATION AND TRAINING:**

- Four (4) year college degree with a major in recreation, education with a specialty in art, elementary or early childhood education, or a subject in the human field or
- Two (2) years of college training and six (6) months of satisfactory and verifiable full-time experience in the care and supervision of 4 or more children or
- Three (3) year of satisfactory and verifiable full-time experience in the care and supervision of 4 or more children. Must complete six (6) semester hours, nine clock hours in course work from regionally accredited college or university or 40 clock hours of training in course work applicable to school-age children within the first 9 months of employment.

### **SKILLS and KNOWLEDGE:**

• Must be qualified by demonstrated knowledge, training and experience to fulfill the responsibilities of the program. This will include but not be limited to: outstanding interpersonal skills, customer service skills and extensive knowledge of financial management skills.

### **CERTIFICATES, LICENSES, & REGISTRATIONS:**

- Criminal background check required for hire.
- Driver license with specific endorsements, if needed, for van and/or short bus driving
- Valid auto insurance
- First aid and CPR within first month of employment

### MATERIALS AND EQUIPMENT OPERATING KNOWLEDGE:

- General office equipment
- Equipment specific to a before and after school site program

### SUPERVISION AND TECHNICAL RESPONSIBLITIES:

• Will oversee site staff at various locations. Evaluation of staff in collaboration with Zone Leader/Zone Superintendent to be performed one time per year at a minimum. Coaching and strength building within Kids Corner staff to be done on an ongoing basis.

### PHYSICAL DEMANDS:

The physical demands, work environment factors, and mental functions described below are representative of those that must be met by an employee to successfully perform the essential functions of this job. The district may make reasonable accommodations to enable individuals with disabilities to perform the essential functions.

Must be capable of bending, crouching or kneeling at children's level. Must be able to lift children weighing up to 50 (fifty) pounds. Must be able to reach at and above shoulder height. Must be capable of frequent changes of positions throughout work shift. Must be able to walk with children and play sitting and outdoor games with children. Must be willing to drive a van or short bus if needed during summer and school breaks.

### WORK ENVIRONMENT:

- Must be able to travel to each location in personal vehicle
- Must be able to sit for long periods of time or stand for periods at a time
- Must be able to give direction to all site staff and act in a lead role
- Noise level at various sites may be moderate to noisy at times

### **MENTAL FUNCTIONS:**

While performing the duties of this job, the employee is regularly required to compare, analyze, communicate, copy, coordinate, instruct, compute, synthesize, evaluate, use interpersonal skills, compile and negotiate.

### **BOARD OF EDUCATION AGENDA ITEM 7.04**

BOARD MEETING OF:	October 9, 2014
PREPARED BY:	Mary Perez, Director of Concurrent Enrollment
TITLE OF AGENDA ITEM:	Concurrent Enrollment
ACTION/INFORMATION/DISCUSSION:	Action

**BACKGROUND INFORMATION, DESCRIPTION OF NEED:** In the Spring of 2014, District 49 decided to provide increased access to Concurrent Enrollment as another excellent academic and career preparation option for our district high school students. Our intent is to fully implement Concurrent Enrollment in the Fall of 2015, with a pilot enrollment in the Spring of 2014. District and zone leaders have presented initial concurrent enrollment overview presentations and discussed implementation implications with high school and middle school leadership, counselors, and some teachers.

**RATIONALE:** The Director of Concurrent Enrollment provided an overview and proposed implementation timeline for D49 Concurrent Enrollment. The leadership recommends we update key policies IHCDA, IHCDA R-1, IHCD R-2, and IKCA to reflect the proposed plan to implement Concurrent Enrollment in all district high schools.

### **RELEVANT DATA AND EXPECTED OUTCOMES:** Approval of the following policies:

- IHCDA Concurrent Enrollment
- IHCDA-R-1 Concurrent Enrollment
- IHCDA-R-2 ASCENT
- IKCA Weighted Grading

### IMPACTS ON THE DISTRICT'S STRATEGIC PRIORITIES—THE BIG ROCKS:

Rock #1—Reestablishing the district as a trustworthy recipient of taxpayer investment	Concurrent Enrollment Third Party Billing will provide detailed spending of district funds for early college tuition & fees for all qualified students participating in the program. Concurrent Enrollment will save students & families much money & time as D49 directs PPR funding to pay for early college opportunities and as students earn college (and HS) credits which will transfer to 4 year universities or accumulate toward professional certifications and associate degree plans.
Rock #2—Research, design and implement programs for intentional community participation	Concurrent Enrollment will open more opportunities for our homeschool community students to participate in D49.  Concurrent Enrollment will open opportunities for shared educational spaces with Institutions of Higher Education, providing convenient postsecondary learning opportunities on our high school campuses for our adult learning community.
Rock #3— Establish District 49 as the <u>best</u> district in Colorado to learn, work and lead	Concurrent Enrollment, along with CTE and AVP, will provide competitive college, career, and financial advantages for our students and their families. Concurrent Enrollment will also add a competitive element to our D49 program offerings, which will attract excellent teachers, counselors, administrators, and families to our district and to the new postsecondary model.
Rock #4— Grow a robust portfolio of distinct and exceptional schools	As our schools partner more carefully with local colleges, our schools will increasingly offer the level of rigor and motivation

BOE Regular Meeting October 9, 2014 Item 7.04 continued

	that truly prepare students to thrive in college and careers.
Rock #5— Customize our educational systems to launch each student toward success	High school will become more relevant to students as they realize through ICAP advising and their participation in individualized course planning, that their specific career and college goals belong to them. Concurrent Enrollment provides a safe place to learn how to become a college student, with support from the District and home.

**FUNDING REQUIRED:** No

**AMOUNT BUDGETED:** N/A

**RECOMMENDED COURSE OF ACTION/MOTION REQUESTED:** I move to approve policies in item 7.04 as recommended by the administration.

**APPROVED BY:** Peter Hilts, Chief Education Officer **DATE:** September 24, 2014

#### **BOARD-APPROVED POLICY OF DISTRICT 49**

Title	Post-Secondary Options/Concurrent Enrollment	
Designation	IHCDA	
Office/Custodian	Education/Director of Concurrent Enrollment	

The Board believes that students who are capable of and wish to pursue college-postsecondary level work while in high school should be permitted to do so. In accordance with this policy and accompanying graduation requirements for successful completion of approved postsecondary courses offered by institutions of higher education.

There are two options in state law available to high school students meeting specified criteria for post-secondary study. Any student participating in either of these programs shall be granted a high school diploma upon evidence of completion of the required academic work.

This policy and accompanying regulation do not apply to students seeking to enroll in postsecondary courses pursuant to the Accelerating Students through Concurrent Enrollment (ASCENT) program or a "dropout recovery program" pursuant to the Concurrent Enrollment Programs Act (the Act). Students seeking to enroll in the ASCENT program or a dropout recovery program shall work with district administrators and meet the Act's applicable requirements.

#### **Definitions**

For purposes of this policy and accompanying regulation, the following definitions shall apply:

"Concurrent enrollment" means the simultaneous enrollment of a qualified student in a district high school and in one or more postsecondary courses at an institution of higher education.

"Qualified student" means a person who is less than 21 years of age and is enrolled in the 9<sup>th</sup> grade or higher grade level and demonstrates both college readiness and personal readiness for postsecondary coursework.

"Postsecondary course" means a course offered by an institution of higher education and includes coursework resulting in the acquisition of a certificate; an associate degree of applied sciences, general studies, arts, or science; and all baccalaureate degree programs.

"Institution of higher education" means:

- a. A state university or college, community college, junior college, or area vocational school as described in title 23, C.R.S.;
- b. A postsecondary career and technical education program that offers postsecondary courses and is approved by the state board for community colleges and occupational education pursuant to applicable state law; and
- c. An educational institution operating in Colorado that meets the Act's specified criteria.

#### Eligibility

Qualified students seeking to enroll in postsecondary courses at the district's expense and receive high school credit for such courses shall follow the procedure(s) accompanying this policy.

#### 1. Post-secondary program

Any 11th- or 12th-grade student who is under the age of 21 shall be eligible to apply to an institution of higher education for enrollment through the post-secondary options program if he or she:

a. Is deemed by the student and parent/guardian on the advice of the principal to be in need of course work at a higher academic level than that available le at the student's designated neighborhood school or school of choice.

Designation: **IHCDA** 

- b. Is deemed by school personnel to show a high degree of maturity and responsibility, especially with regard to potential for completing post-secondary courses.
- **C.** Is deemed by school personnel to be in need of a different environment.
- d. Has given two months written notice to the District specifying the courses in which the student intends to enroll.
- **e.** Is enrolled in the District and considered at least part time in their designated neighborhood school or school of choice

#### **Academic Credit**

Academic credit granted for postsecondary courses work successfully completed by a qualified student and approved for high school credit shall count qualify as high school credit toward graduation requirements. and as credit toward a degree or certificate at the institutions of higher learning. Advance approval from the school principal is required for the receipt of high school credit and will not be given for courses which do not meet or exceed the district's graduation requirements. Students who have satisfied district graduation requirements prior to enrollment in a postsecondary course may not receive high school credit for such course work. In the event a student is denied high school credit, the student may appeal to the Superintendent or designee and, ultimately, to the Board of Education. A student participating in this program shall still be considered as enrolled in the district and eligible for all high school activities.

High school credit shall be granted for postsecondary courses that meet or exceed the district's academic standards. High school credit may be denied for a postsecondary course substantially similar to a course offered by the district unless the qualified student's enrollment in the postsecondary course is approved due to reasons deemed legitimate by the district.

Concurrent enrollment is not available for summer school.

The program is not available for summer school.

#### Agreement with institution of higher education

When a qualified student seeks to enroll in postsecondary courses at an institution of higher education for and to receive high school credit for such courses, the District and the participating institution shall enter into a written cooperative agreement in accordance with the Act. which shall include, but not be limited to, the requirement that the student or parent/guardian shall be reimbursed by the District for the amount of tuition paid by the student or parent/guardian for the first two courses taken in any one academic term upon successful completion of the courses. The agreement shall include statements that any courses taken by students under this program also shall qualify as credit toward earning a degree or certificate at the institution of higher education.

#### Payment of tuition by student

Except as noted below, the student or parent/guardian shall be responsible for paying the tuition associated with postsecondary courses taken by the student. The District shall reimburse the student or parent/guardian for tuition paid for the first two postsecondary courses taken by a student for high school eredit in any one academic term upon receipt of proof that the student received a passing grade upon completion of the course. The District shall not reimburse the student or parent/guardian for tuition for courses not passed, for any courses in excess of two per academic term, or for courses voluntarily dropped without consent of the Principal. The student and/or parent/guardian shall pay the regular tuition charged by the institution of higher education for the third and each additional course per academic term.

Designation: **IHCDA** 

Students are responsible for all other expenses related to enrollment in the postsecondary courses.

#### 5. Payment of tuition by district

The District shall pay tuition for the first two courses per academic term for any student who meets the criteria for participation in a postsecondary program and who is eligible for free or reduced lunch. The District may pay tuition for the first two courses per academic term for any student if the payment of tuition would constitute a financial hardship for the student or parent/guardian and the student has shown evidence of responsibility for, and commitment to, successfully completing postsecondary courses.

The district shall pay the tuition for up to 60 credit hours of postsecondary courses successfully completed by a qualified student and for which the qualified student receives high school credit. A qualified student may enroll in no more than 15 credit hours of postsecondary courses per academic term, unless prior authorization has been obtained from the school principal or designee.

The tuition paid by the district for the qualified student's successful completion of an approved postsecondary course shall be in accordance with the Act and the district's cooperative agreement with the institution of higher education. The institution of higher education may charge additional tuition and/or associated fees to the qualified student or the student's parent/guardian in addition to the tuition paid by the district.

Prior to paying the tuition for any qualified student, the District shall require the student and student's parent/guardian to sign an agreement stating to repay the amount of tuition paid by the District on the student's behalf if the student fails (with a final grade of D or F) or otherwise does not complete the postsecondary course for any reason without consent of the principal of the high school in which the student is enrolled, the student and/or the student's parent/guardian shall repay the amount of tuition paid by the District on the student's behalf. This contract shall be enforced by the District, and the student or parent/guardian shall be responsible for reimbursing the District as provided in the agreement.

#### **Transportation Costs**

The District shall not provide or pay for **the qualified student's** transportation to the institution of higher education.

#### Notice to students and parents/guardians

Information about concurrent enrollment options the post-secondary options program, including the appeals procedure if high school credit is denied, shall be made available distributed annually to high school students and all students in grades nine through 12 and to their parents/guardians on an annual basis. Notice shall be given to allow sufficient time for students and parents to consider this option.

#### 6. Reports to State Board

The Board shall comply with all reporting requirements of the State Board of Education.

#### Fast track program

Any student who has completed the requirements for graduation may take one or more higher education courses during the senior year. The student shall remain eligible for sanctioned high school activities if meeting the academic and residency qualifications.

Tuition for higher education courses shall be paid by the District in accordance with the formula in law. The District shall not be responsible for the costs of transportation, room and board, fees, books, or equipment.

Office/Custodian	Education	

#### Post-Secondary Options/Concurrent Enrollment

A student intending to enroll in concurrent enrollment for the fall semester a post-secondary program must provide give written notice to the high school principal or designee by February 6 prior to the semester in which the student intends to concurrently enroll in postsecondary courses. A student intending to enroll in concurrent enrollment for the spring semester must provide written notice to the high school principal or designee by August 6 prior to the semester in which the student intends to concurrently enroll in postsecondary courses. Concurrent Enrollment Student Request Forms are available at high school counseling offices.

The notice must include a description of all course work for which the student plans—to enroll and will request high school graduation credit. The notice also must include—a statement which explains the basis for the request to take course work at an institution of higher education.

The Principal or designee will determine whether the student is eligible for concurrent enrollment based on academic and personal readiness. the postsecondary program on the basis that the student shows a high degree of maturity and responsibility with regard to completion of postsecondary courses, is in need of course work at a higher academic level, or is in need of a different learning environment. The Principal or designee may request a meeting with the student and family to discuss the student's eligibility for the program concurrent enrollment and may delay concurrent enrollment until the student is deemed college ready. The Principal or designee may also deny concurrent enrollment for a period of time if the student is unable to successfully complete postsecondary courses and the Principal or designee determines that additional support is necessary for successful completion of future concurrent enrollment courses.

Postsecondary concurrent enrollment courses requested by the student must align with the student's Individual Career & Academic Plan (ICAP). The Principal or designee must authorize concurrent enrollment course selections and must confirm course alignment with the student's ICAP. The student must meet the same course prerequisites and course expectations as noted in the current postsecondary course catalog and course syllabus. The student is expected to comply with the policies and procedures in the Student Code of Conduct of the Institution of Higher Education.

The student, parent, Principal, and concurrent enrollment designee must sign a Concurrent Enrollment Agreement (CEA) prior to postsecondary course registration each semester. All postsecondary course/schedule changes must be communicated in writing immediately and directly to the concurrent enrollment designee. All course/schedule changes must be updated on the CEA prior to the semester Drop Date at the Institution of Higher Education.

A record of postsecondary attendance for concurrent enrollment students is required; concurrent enrollment students may be required to complete and submit an attendance form, with postsecondary instructor signature, for each postsecondary course each semester.

If the student receives a final grade of "D" or "F," or withdraws from the postsecondary course after the Institution of Higher Education Drop Date, the student's parent or guardian may be required to pay the school district for the postsecondary course tuition that was paid by the district on the student's behalf.

Once the eligibility of the student for the postsecondary program is established, the Principal or designee will determine if the requested courses are appropriate for high—school graduation credit.—Credit will be denied for courses which do not meet—graduation requirements in subject content or grade.—

If the Principal or designee denies credit toward graduation for any of the requested courses, the student will be notified in writing of the reason within 10 working days of receipt of the enrollment notice. The student will have the ability at that time to appeal to the Chief Education Officer or designee.

If the student decides to appeal to the Chief Education Officer or designee, the appeal must be filed in the Chief Education Officer's office within 10 working days after receiving notice of denial of credit.

The Chief Education Officer or designee must notify the student in writing of his/her decision within 30 working days of the filing of the appeal. The decision of the Chief Education Officer regarding approval or denial of high school credit will be final.

#### **BOARD-APPROVED POLICY OF DISTRICT 49**

Title	ASCENT (Accelerating Students through Concurrent	
	Enrollment)	
Designation	IHCDA-R-2	
Office/Custodian	Education	

ASCENT is concurrent enrollment that extends the opportunity for postsecondary enrollment one year beyond the 12<sup>th</sup> grade year for qualified applicants.

Students who wish to enroll in ASCENT must:

- 1. be on track to complete all high school graduation requirements by the end of the 12<sup>th</sup> grade year;
- 2. complete 12 college credits of transcripted postsecondary coursework prior to the completion of the 12<sup>th</sup> grade year (this postsecondary coursework does not include International Baccalaureate (IB), Advanced Placement (AP), or College Level Education Program (CLEP) credits);
- 3. be identified by the Principal or designee as a qualified ASCENT candidate with a current/updated ICAP (Individual Career & Academic Plan);
- 4. be less than 21 years of age;
- 5. be accepted into a postsecondary degree/certification program;
- 6. not have previously participated in ASCENT;
- 7. not have been a retained 5<sup>th</sup> year senior in previous year;
- 8. satisfy the minimum prerequisites for ASCENT postsecondary courses
- 9. require no remediation for postsecondary courses.

ASCENT students will be selected by the Principal or designee based on the number of allocated ASCENT slots, students' course completion history of postsecondary courses, and other academic and personal readiness factors. The Principal or designee will confirm ASCENT selections no later than February 1 of the student's 12<sup>th</sup> grade year.

ASCENT postsecondary concurrent enrollment courses requested by the student must align with the student's Individual Career & Academic Plan (ICAP) and degree plan or professional certification course requirements. The Principal or designee must authorize concurrent enrollment course selections and confirm course alignment with the student's ICAP. The student must meet the same course prerequisites and course expectations as noted in the current postsecondary course catalog and course syllabus. The student is expected to comply with the policies and procedures in the Student Code of Conduct of the Institution of Higher Education.

Full-time ASCENT students must enroll in at least 12 postsecondary credits each semester of the ASCENT year. Part-time ASCENT students must enroll in 3-11 postsecondary credits each semester of the ASCENT year. High school diplomas will be retained until the end of the ASCENT year and will be dated the end of the ASCENT year.

The student, parent, Principal, and concurrent enrollment designee must sign an ASCENT Concurrent Enrollment Agreement prior to postsecondary course registration each semester. All course/schedule changes must be updated on the ASCENT Concurrent

Enrollment Agreement prior to the Institution of Higher Education Drop Date.

A record of postsecondary attendance for ASCENT concurrent enrollment is required; ASCENT students may be required to complete and submit an attendance form, with postsecondary instructor signature, for each postsecondary course, each semester of the ASCENT year.

If the student receives a final grade of "D" or "F," or withdraws from the postsecondary course after the Institution of Higher Education Drop Date, the student's parent or guardian may be required to pay the school district for the postsecondary course tuition that was paid by the district on the student's behalf.

If the Principal or designee denies credit toward graduation for any of the requested courses, the student will be notified in writing of the reason within 10 working days of receipt of the enrollment notice. The student will have the ability at that time to appeal to the Chief Education Officer or designee.

If the student decides to appeal to the Chief Education Officer or designee, the appeal must be filed in the Chief Education Officer's office within 10 working days after receiving notice of denial of credit.

The Chief Education Officer or designee must notify the student in writing of his/her decision within 30 working days of the filing of the appeal. The decision of the Chief Education Officer regarding approval or denial of high school credit will be final.

#### **CROSS REF:**

- IHCDA Concurrent Enrollment
- IKF Graduation Requirements
- IHBK Preparation for Postsecondary and Workforce Success
- IKCA Weighted Grading

#### **BOARD-APPROVED POLICY OF DISTRICT 49**

Title	Weighted Grading
Designation	IKCA
Office/Custodian	Education/Director of Concurrent Enrollment

The Board of Education believes that all high school students should pursue the most challenging and rigorous course of instruction which their individual skills and abilities will allow them to master. At the same time, the Board believes that students who are engaged in the most demanding course work offered in the curriculum should be recognized in a manner which makes them highly competitive with their peers for admission to selective colleges and universities and for scholarships and financial aid.

The term "weighted grading" is used to describe the process of assigning additional strength or numerical value to a grade which a student earns in certain courses designated as "weighted" courses. This additional numerical value will be used to compute a student's grade point average (GPA) and class rank. Courses selected for weighting are those which are determined to be rigorous, require prerequisites, and are considered as preparation courses for college.

All Advanced Placement (AP), college level Concurrent Enrollment, CU Succeed, and International Baccalaureate (IB) courses, and college level Concurrent Enrollment courses will be given credit on a 5.0 weighted grade scale, with the exception of the following college courses:

- 1. Academic Achievement Skills (AAA)
- 2. Physical Education (PED)
- 3. Outdoor Studies (OUT)
- 4. Any Developmental Level course (ex: CCR092/094, ENG090, MAT050/055)

Designated honors courses will be given credit on a 4.5 weighted grading scale. Any student taking a weighted class who does not earn a passing grade will not be awarded class credit.

Students, who transfer into the District with credit in courses that meet the stipulations outlined, will have their transfer grades adjusted to the appropriate weighted grade scale.

All courses approved for weighted grades will follow a District approved curriculum and require the course final exam. Honors courses will be weighted once the curriculum has been developed to meet specific standards.

#### **BOARD OF EDUCATION AGENDA ITEM 7.05**

BOARD MEETING OF:	October 9, 2014
PREPARED BY:	Paul Andersen, Director of Human Resources and Peter Hilts, Chief
	Education Officer
TITLE OF AGENDA ITEM:	Stakeholder Grievance Policy KEA, KEA-R and KEA-E
ACTION/INFORMATION/DISCUSSION:	Action

**BACKGROUND INFORMATION, DESCRIPTION OF NEED:** The chief officers propose the adoption of a new policy that gives parents and community members' access to a grievance process. The new policy, regulation and exhibits build on the existing employee grievance policy (GBK) and provide a clear and well-documented process for presenting and seeking resolution to grievances.

**RATIONALE:** In our work toward becoming the best district in Colorado to learn, work and lead, we are striving to be more intentional about connecting with stakeholders in tangible, sincere and effective ways. To that end, we have an opportunity to foster open communication with stakeholders through a clear stakeholder grievance system. While direct communication will remain the preferred method of resolving disagreement, this policy will help facilitate resolution, foster open communication, and clarify accountability for the parties involved.

#### **RELEVANT DATA AND EXPECTED OUTCOMES:**

IMPACTS ON THE DISTRICT'S STRATEGIC PRIORITIES—THE BIG ROCKS:

<b>Rock #1</b> —Reestablishing the district as a trustworthy recipient of taxpayer investment	
Rock #2—Research, design and implement programs for intentional <u>community</u> participation	An effective stakeholder grievance process will serve to strengthen trust with our stakeholders, foster intentional stakeholder participation and support our goal to become the best district to
Rock #3— Establish District 49 as the <u>best</u> district in Colorado to learn, work and lead	learn, work and lead.
Rock #4— Grow a robust portfolio of distinct and exceptional schools	
Rock #5— Customize our educational systems to launch each student toward success	

FUNDING REQUIRED: No AMOUNT BUDGETED:

**RECOMMENDED COURSE OF ACTION/MOTION REQUESTED:** Move to approve policies in item 7.05 as recommended by the administration.

**APPROVED BY:** Peter Hilts, CEO; Brett Ridgway, CBO; Jack Bay, COO **DATE:** September 24, 2014

#### **BOARD-APPROVED POLICY OF DISTRICT 49**

Title	Stakeholder Grievance	
Designation	KEA	
Office/Custodian	Education Office/Chief Education Officer	

District 49 values all its stakeholders, including students, parents, staff and community members, and endeavors to earn their trust. The District seeks to serve all stakeholders with fairness and respect.

The District recognizes that there will be times when stakeholders disagree with a classroom or administrative decision and sincerely desires to partner with stakeholder in resolving issues, concerns or grievances. To that end, the Board of Education has established this stakeholder grievance policy as a formal process by which stakeholders may present and seek resolution to problems, issues, or concerns (generally referred to in this policy and procedure as "grievances") related to matters of policy.

This policy does not modify, delegate, limit, or extend the rights of the school board to act or make decisions under applicable state and federal law.

# Access to the grievance policy

The grievance policy process is available to parents or those with custodial rights of District 49 students, to residents of District 49 and to full-time employees of District 49, who will be referred to as a "concerned party" for purposes of this policy and regulations.

# What may be grieved

The Board established this grievance policy for resolution of grievances that involve one or more Board policies. It does not exist to resolve simple disagreements, personality differences or disputes over— a classroom teacher's or an administrator's legitimate decision or actions. Staff may not use the grievance process to dispute a performance evaluation or corrective action.

In bringing a grievance forward for resolution, the stakeholder will be required to specify the policy in question and whether s/he:

- 1. Believes Alleges the policy was violated; or
- +2. Alleges that the policy was misapplied or inequitably applied; or
- 2.3. Is requesting that the policy be changed; or
- 3.4. Is requesting that an exception to policy be made.

#### Regulations and exhibits

District administration will develop regulations to implement this policy. The regulations will strive to accomplish the following goals:

- Encourage resolution at the lowest possible level.
- Ensure a well-documented process.
- Specify time frames for the filing of and responding to grievances.
- Provide a clear process for appealing a decision to the next level of review.
- Provide general guidelines for the grounds upon which a person might base an appeal.

District administration shall provide a feedback form to be completed by the stakeholder once there is complete resolution at any level to a grievance. The results of these feedback forms will be tracked. The Chief Education Officer will provide a report to the Board of Education on a semi-annual basis.

The staff, administrators and Board will not entertain complaints about staff members that have not been

formally addressed using the appropriate grievance forms and appeals procedures. In order to satisfactorily address each grievance and to avoid convoluting the issues, stakeholders must address them separately in writing, beginning with the appropriate grievance form. If, while working through the grievance process, a stakeholder becomes concerned with the behavior or conduct of a District staff member, that concern then becomes a new matter for resolution, which must be addressed as a completely separate grievance.

Designation: KEA

The regulations, exhibits and forms associated with this policy shall be made available on the District website or in paper format upon request.

# **Urgent matters**

While the grievance procedures designate timelines and sequence for raising concerns and receiving feedback, if a concern involves imminent danger to a student, staff member, or other member of our community, or if there is an urgent need for immediate resolution to the matter, the stakeholder is expected to immediately notify a District administrator regarding the matter and request a review by a chief officer **or his designee**.

If the chief officer **or his designee** determines that the concern does not involve imminent danger, the stakeholder will be directed back to the procedures described herein.

#### **Timelines**

The District desires to respond to grievances in a timely manner. The timelines established in the associated regulations and exhibit, at the discretion of the staff member designated at each level, may be altered to allow for an appropriately thorough review of the grievance. Any needed time extensions should be communicated to the concerned party as soon as practicable.

# Independent review mechanism

At the outset of a grievance, a process leader will be assigned to facilitate the process when needed. When an employee files a grievance, the Coordinator of Cultural Capacity will serve as the process leader. When the grievance is initiated by any other stakeholder, the Director of Human Resources will serve as the process leader.

A chief officer or the Board of Education may request an internal review of a grievance. When this happens, the Chief Education Officer will direct either the Director of Human Resources or the Coordinator of Cultural Capacity to perform a review of the particular grievance matter and provide a report to the requestor.

#### Recordkeeping

The District shall maintain records associated with grievance proceedings for a minimum of three (3) years.

#### Good faith efforts

It is inevitable that conflicts will occur. How the parties handle conflict plays a major role in defining the culture of our district. When adults work together to resolve conflicts with civility, they model skills for students that will enable them to effectively resolve conflict.

The District expects all stakeholders to treat others with respect and courtesy, and to strive for the following with regard to grievance resolution:

- 1. Seek to address issues at the appropriate level. For example, a concern about the classroom should be addressed first with the teacher. School-wide issues should be addressed with the school principal.
- 2. While the District seeks to support and assist individual families, recognize that all decisions must factor in the impact on other students and staff.
- 3. Understand that the District expects school administrators to make judgment calls. Generally speaking, judgment calls will not be overturned at a higher level unless there are compelling grounds based on policy issues.

Designation: KEA

4. Accept that privacy laws or other confidentiality requirements may expressly prohibit the administration from disclosing discipline measures taken with staff or with other students. The District recognizes that this limitation on open communication can be very frustrating for both parents and administrators.

Adopted: September October 911, 2014

#### **BOARD-APPROVED POLICY OF DISTRICT 49**

Title	Stakeholder Grievance	
Designation	KEA-R	
Office/Custodian	Education Office/Chief Education Officer	

The conflict resolution procedures contained herein are intended to provide a clear, well-defined means of articulating and bringing forth concerns.

#### **Classroom Level Procedure**

If you have a concern, you should set up a meeting with the classroom teacher or appropriate individual with the goal of resolving the matter informally. Communication is essential to resolving concerns and conflicts. It is important that the classroom teacher or appropriate individual understands your concern so they may fully address and resolve it. It is important to explain your concerns, the resolution you are seeking and your suggested remedy.

The classroom teacher or appropriate individual shall provide you with their decision within three working days of being notified that there is a concern. This may occur over the phone, face to face or via email. If more time is needed to appropriately address the concern, the concerned party will be notified of the needed extension as soon as practicable.

#### **Admin Level I: School Administrator**

If the concern is not resolved to your satisfaction, you may submit a **Grievance** Conflict-Resolution Request (CGRR) Form within five working days of receipt of the Classroom Level decision. The CRR-GRR can be accessed on the District web site. Fill out the form thoroughly.

The school administrator **or his/her designee** will review the **CGRR** and contact you to arrange a meeting. The purpose of this meeting is to gain a full understanding of the situation. The staff member who provided the decision at the Classroom Level will be invited to attend the meeting. The staff member may opt to not attend.

The school administrator or his/her designee will contact you within three business days to schedule a meeting. Within 5 days after the meeting the administrator shall communicate the decision. Within five working days after receiving your written concern, the school administrator shall communicate to you his/her written decision. This decision shall include the school administrator's findings, conclusions, and recommendations.

#### Admin Level II: Zone Leader/Executive Director Level Procedure

If you are not satisfied after receiving the School Administrator's written decision, you may appeal the matter to the Zone Leader/Executive Director Level. To do this, you will need to initiate an appeal using the online GRR form. new CRR.

The Zone Leader/Executive Director or his/her designee will contact you within three business days to schedule a meeting. will review the CGRR and contact you to set up a meeting. The purpose of this meeting is to gain a full understanding of the situation. The staff members involved in the previous levels will be invited to attend this meeting.

Within five working days after the meetingreceiving your written concern, the Zone Leader/Executive Director or his/her designee shall communicate to you his/her written decision. This decision shall include the Zone Leader's/Executive Director's findings, conclusions, and recommendations.

#### Admin Level III: Chief Officer Level Procedure

If you are not satisfied after receiving the Zone Leader's/Executive Director's **decision**, you may appeal the matter to the Chief Officer. To do this, you will need to initiate a new *CGRR*. The appeal shall include the decisions from all previous levels. The Chief Officer may choose select a designee to hear the matter.

Designation: KEA-R

After an appropriate review of the CGRR and previous decisions, the Chief Officer will within ten working days of receipt of the appeal contact you to arrange a meeting.

The meeting will include the staff members who provided the decisions at the previous levels and the Chief Officer or his/her designee. The meeting shall be limited to those grounds specified in the written concern signed by the stakeholder.

Within ten working days of the hearing meeting, the Chief Officer or his/her designee shall communicate his/her decision to you in writing. The decision shall include the findings and conclusions of the Chief Officer or his/her designee.

#### **Board Level Procedure**

If you are not satisfied with the decision at the Chief Officer Level, you may, within five working days, submit at **GRR** to your concern to the Board of Education and request a hearing before the Board.

The Board president or his/her designee may attempt to work directly with has the opportunity to work with the stakeholder to resolve the conflict prior to an official appeal to the entire Board of Education.

The Board shall respond to the request for a hearing no later than its next regularly scheduled meeting, provided it has received the request at least five working days prior to such meeting. If the Board agrees to hear the appeal, the hearing shall be held no later than the next regularly scheduled meeting. The hearing will include the staff members who provided decisions at any previous levels (unless a staff member opts to not attend). The meeting shall be limited to those grounds specified in the written concern signed by the stakeholder.

The Board shall render its written decision not later than fifteen working days after hearing the appeal. The Board may agree not to hear the appeal. In such instances, the decision from the Chief Officer Level shall be final.

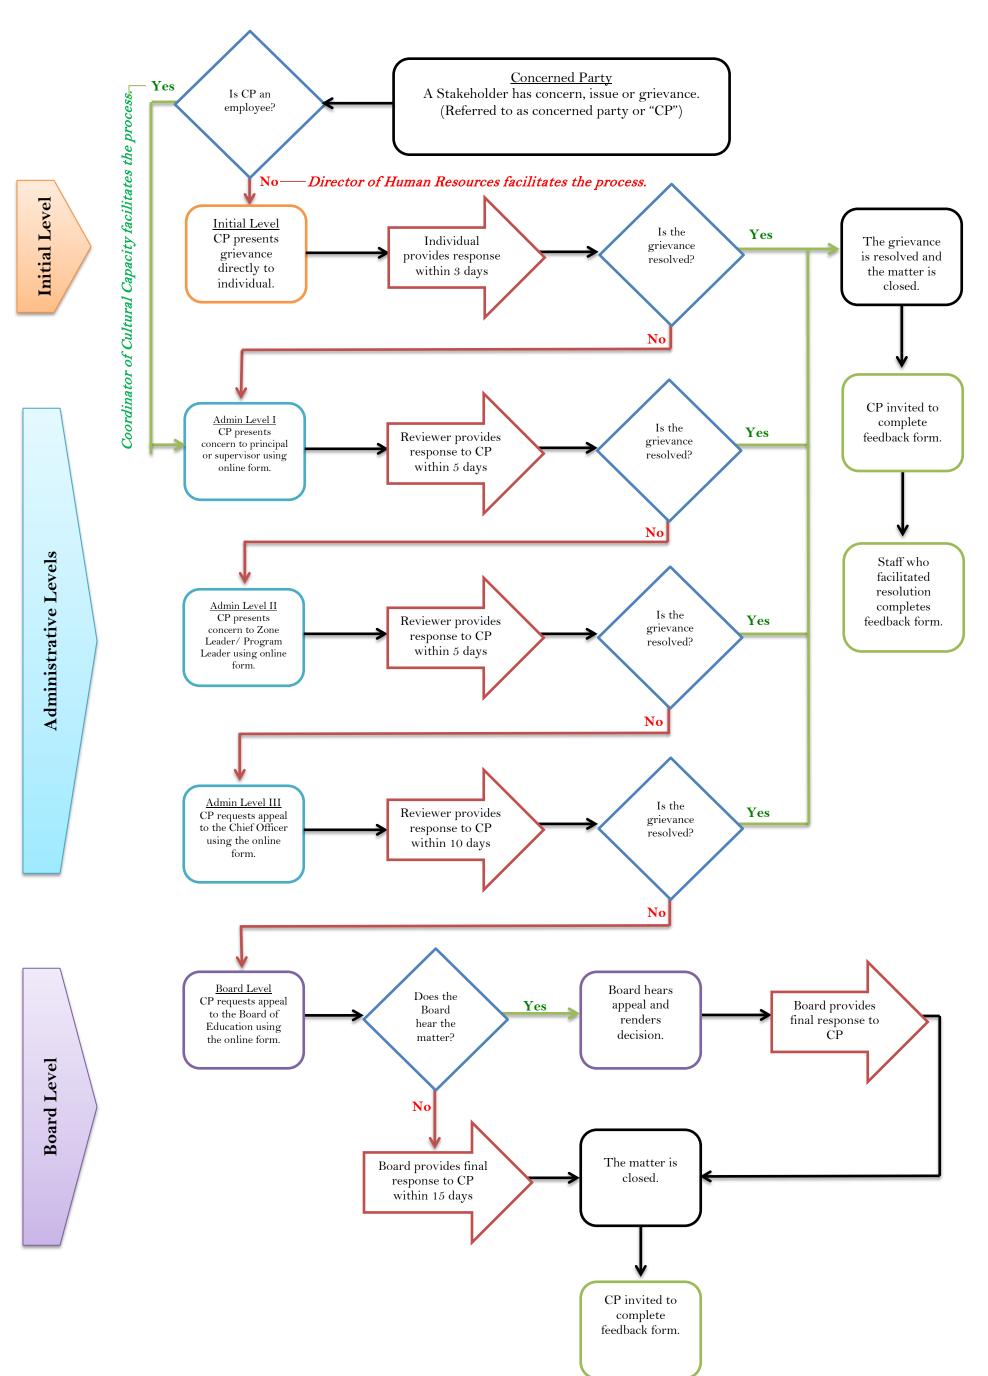

• Adopted: September 11, 2014

Stakeholder Grievance Policy

**Designation:** KEA – E

Office/Custodian: Education Office/Chief Education Officer

# **Grievance Initiation Form**

This form must be submitted within five (5) working days within the receipt of the decision from the teacher or your supervisor. If you have not attempted to resolve this concern by speaking directly with the teacher or your supervisor, please do so before you initiate this form.

STAKEHOLDER INFORMATION				
Name of Person Initiating Grievance	:	I	Date:	<del></del>

Do you dispute how the police	cy was applied with the facts?	Yes	No	

Click "Submit" to initiate your grievance. Thank you for using District 49's grievance process. A District leader will contact you in the near future.

#### When the Stakeholder clicks "Submit"

- 1. System assigns reference number to the grievance
- 2. System sends email confirmation to Stakeholder
- 3. System notifies "Process Facilitators" (Director of Human Resources and Coordinator of Cultural Capacity)

#### ADMINISTRATIVE LEVELS

Throughout each of the administrative levels, the Stakeholder must submit an appeal through the grievance management system. The Process Facilitator will assist the Stakeholder as needed.

At each of the administrative levels, the Grievance Reviewer provides the written decision to the Stakeholder and the Process Facilitator. The Process Facilitator ensures that each written decision is uploaded to the grievance file.

Whenever the Stakeholder appeals the matter to the next level in the process, the system notifies the Process Facilitator and the next level Grievance Reviewer.

#### **BOARD OF EDUCATION LEVEL**

When a grievance reaches the Board of Education level, the Stakeholder finds the following message:

At this point in the process, it is important to be clear that the Board of Education desires to empower our principals, zone leaders and chief officers to make judgment calls and decisions regarding the operation of schools and departments.

Before appealing a grievance to the Board of Education, you must first attempt to resolve the matter at the appropriate administrative levels. If you have not already done that, please do so. If you are attempting to bypass the administrative levels in the grievance resolution process, you must provide an explanation for the Board's consideration.

Please help our Board understand why you feel that the Board should intervene in this particular issue:

Do you allege that a judgment call grossly violated the District's mission and values?

Do you allege a violation of the law or Board policy? Explain.

Specify	your grounds for escalation to the Board (check all that apply):
	Does the Chief Officer endorse this appeal in order to promote a change or request clarification from the
	Board?
	Do you request that the Board permanently change a school policy?
	Do you request that an exception be made to a school policy? Explain the justification below.
	Do you allege that a conflict of interest exists with the Chief Officer's decision?

#### STAKEHOLDER FEEDBACK

When a grievance is resolved, the Process Facilitator will invite the Stakeholder to provide feedback about the process. The invitation will include a link to a web form. The Stakeholder submits the completed survey online. The system sends the completed form to the Process Facilitators.

# **Grievance Process Feedback Survey**

In an effort to help District 49 improve our culture and processes, please complete the following survey once you have reached satisfactory resolution of your concern. Please complete this feedback form and click "submit" at the end of the survey.

#### **BOARD OF EDUCATION AGENDA ITEM 7.06**

BOARD MEETING OF:	October 9, 2014
PREPARED BY:	Kim McClelland
TITLE OF AGENDA ITEM:	Policy DIA, Online Schools and Online Programs
ACTION/INFORMATION/DISCUSSION:	Action

**BACKGROUND INFORMATION, DESCRIPTION OF NEED:** On August 13, 2014, the Colorado State Board of Education passed a set of emergency rules updating rules pertaining to online education so that they align with changes to statute that resulted from HB 14-1382 (see attached).

On or about September 3, 2014 the Colorado Department of Education made available a form (see attached) which requires that online school authorizers adopt alternative documentation policies which track "student enrollment, attendance, and participation," signed by the Chief Financial Officer and Superintendent, along with a copy of the board approved policies, to the CDE Blended and Online Learning Office no later than September 22, 2014.

**RATIONALE:** As Falcon School District 49 includes schools and programs that provide blended learning and differentiated instruction for students, including online instruction, this policy addresses the types of documentation the district may utilize as proof of a student's enrollment and attendance in any district online school or online program.

**RELEVANT DATA AND EXPECTED OUTCOMES:** Additional count documentation may be in addition to or as a substitute to any student management system login for the district's on-line schools and programs. All such documentation shall be used to determine whether the student is enrolled in a district online school or program on a part-time or full-time basis, in accordance with applicable state law. Supporting documentation includes: CDE Response to Emergency Rules, Online Assurance Form

#### IMPACTS ON THE DISTRICT'S STRATEGIC PRIORITIES—THE BIG ROCKS:

Rock #1—Reestablishing the district as a trustworthy recipient of taxpayer investment	
Rock #2—Research, design and implement programs for intentional community participation	
Rock #3— Establish District 49 as the <u>best</u> district in Colorado to learn, work and lead	Falcon school district is a leader of online learning and continues to innovate in terms of demonstrating online student active participation.
Rock #4— Grow a robust portfolio of distinct and exceptional schools	
Rock #5— Customize our educational systems to launch each student toward success	

**FUNDING REQUIRED:** No

**AMOUNT BUDGETED:** None

**RECOMMENDED COURSE OF ACTION/MOTION REQUESTED:** Move to approve policy DIA as recommended by the administration.

**APPROVED BY:** Peter Hilts, Chief Education Officer **DATE:** September 24, 2014

# **BOARD-APPROVED POLICY OF DISTRICT 49**

Title	Online Schools and Online Programs (Permissible Documentation)	
Designation	DIA	
Office/Custodian	Education/iConnect Zone Leader	

The district includes schools and programs that provide blended learning and differentiated instruction for students, including online instruction. This policy addresses the types of documentation the district may utilize as proof of a student's enrollment and attendance in any district **or district charter** online school or online program.

In accordance with applicable state law, the following forms of documentation are acceptable for purposes of tracking a student's enrollment, attendance and participation in educational activities to support student learning in any district **or district charter** online school or online program:

- Assessment
- Orientation and induction activities
- In-person educational instruction
- Synchronous and asynchronous Internet-based educational activities
- Field trips
- Concurrent enrollment
- Work study
- Peer mentoring; and
- Internship hours or similar forms of instruction

Documentation of the above-mentioned educational activities may be in addition to or as a substitute to any student management system login for the district's online schools and programs. All such documentation shall be used to determine whether the student is enrolled in a district **or district charter** online school or program on a part-time or full-time basis, in accordance with applicable state law.

- Adopted: September 11, 2014 (temporary approval)
- Adopted/Revised: October 9, 2014

#### **LEGAL REFS:**

- C.R.S. 22-30.7-105(2)(a) (online programs and online schools must document student attendance and participation in educational activities)
- C.R.S. 22-54-104 (district total program requirements, including pupil count)
- 1 CCR 301-39 (Rules for the Administration of the Public School Finance Act of 1994)
- 1 CCR 301-71, Rule 8.0 (process for documenting students enrolled in an online program or online school)

#### **BOARD OF EDUCATION AGENDA ITEM 7.07a**

BOARD MEETING OF:	October 9, 2014
PREPARED BY:	Tammy Harold
TITLE OF AGENDA ITEM:	Resolution of Support for Ballot Issue 3A
ACTION/INFORMATION/DISCUSSION:	Action

**BACKGROUND INFORMATION, DESCRIPTION OF NEED:** After an extensive community process involving members of every school family, the larger district community, staff and elected officials, the Board of Education submitted ballot language to seek community approval of Issue 3A.

**RATIONALE:** Issue 3A will provide operating revenue to continue District 49's drive to become the best district to learn, work, and lead.

**RELEVANT DATA AND EXPECTED OUTCOMES:** The issue does not raise taxes or create any new taxes, but it permits the district to use existing revenues for critical needs such as teacher compensation, core classes, school security, and instructional technology.

#### IMPACTS ON THE DISTRICT'S STRATEGIC PRIORITIES—THE BIG ROCKS:

Rock #1—Reestablishing the district as a trustworthy recipient of taxpayer investment	District 49 has worked hard to become fiscally sound and efficient. Issue 3A give our community a chance to affirm that District 49 is reestablishing trust.
Rock #2—Research, design and implement programs for intentional community participation	The extended capital planning process led to a healthy and vigorous debate about the best future for District 49. The entire community was invited, and thousands participated in school-level, board, tele-town hall, and other meetings to discuss this proposal.
Rock #3— Establish District 49 as the <u>best</u> district in Colorado to learn, work and lead	Issue 3A will help District 49 compete with other districts in El Paso County as we create great learning, enhance productive workplaces, and lead the way in public education.
Rock #4— Grow a robust portfolio of distinct and exceptional schools	The mill levy money will fund programs to boost elementary literacy, vocational and professional training in secondary, and free college credits for students in high school.
Rock #5— Customize our educational systems to launch each student toward success	With new state graduation guidelines taking effect this year, the resources from Issue 3A will give our staff the time to lead each student on an individualized pathway to college and career success.

**FUNDING REQUIRED:** No

**AMOUNT BUDGETED:** N/A

**RECOMMENDED COURSE OF ACTION/MOTION REQUESTED:** Move to approve the following:

A Resolution in Support of El Paso County Ballot Issue 3A (Mill Levy)

WHEREAS, 3A continues an existing mill levy without raising existing taxes or creating any new taxes; and WHEREAS, 3A will allow District 49 to attract and retain excellent, highly effective teachers by offering a salary and benefits package that are competitive with other school districts in El Paso County; and

BOE Regular Meeting October 9, 2014 Item 7.09a continued

**WHEREAS**, 3A will allow District 49 to nurture individual passions of each student on a journey of academic excellence in preparing for college and the workforce by offering classes to earn practical, vocational industry certification; and

**WHEREAS,** 3A will allow District 49 to focus on each student's individualized path to achieving academic excellence in preparing for college and career by offering classes to earn free college credit while in high school; and **WHEREAS,** 3A will enhance multiple security measures district-wide, including securing perimeters, main entries and classrooms and providing safety training for personnel; and

**WHEREAS**, 3A will update technology in district classrooms to accelerate academic achievement; and **WHEREAS**, a strong school district retains property and home values for residents;

**Now Therefore Be It Resolved** that the Board of Directors of School District 49 support ballot issue 3A and strongly urge the residents of District 49 to vote yes for the measure in November.

**APPROVED BY:** Chief Officers

**DATE:** September 24, 2014

# The **Best District**to Learn, Work and Lead

# A RESOLUTION IN SUPPORT OF EL PASO COUNTY BALLOT ISSUE 3A (MILL LEVY)

- WHEREAS, 3A continues an existing mill levy without raising existing taxes or creating any new taxes; and
- WHEREAS, 3A will allow District 49 to attract and retain excellent, highly effective teachers by offering a salary and benefits package that are competitive with other school districts in El Paso County; and
- WHEREAS, 3A will allow District 49 to nurture individual passions of each student on a journey of academic excellence in preparing for college and the workforce by offering classes to earn practical, vocational industry certification; and
- WHEREAS, 3A will allow District 49 to focus on each student's individualized path to achieving academic excellence in preparing for college and career by offering classes to earn free college credit while in high school; and

- WHEREAS, a strong school district retains property and home values for residents;

# Now Therefore Be It Resolved

that the Board of Directors of School District 49 support ballot issue 3A and strongly urge the residents of District 49 to vote yes for the measure in November.

Adopted this 9<sup>th</sup> day of October, 2014 by SCHOOL DISTRICT 49

By:	Attest By:	
Tammy Harold	Marie Lavere-Wright	
President, Board of Education	Secretary, Board of Education	

#### **BOARD OF EDUCATION AGENDA ITEM 7.07b**

BOARD MEETING OF:	October 9, 2014
PREPARED BY:	Tammy Harold
TITLE OF AGENDA ITEM:	Resolution of Support for Ballot Issue 3B
ACTION/INFORMATION/DISCUSSION:	Action

**BACKGROUND INFORMATION, DESCRIPTION OF NEED:** After an extensive community process involving members of every school family, the larger district community, staff and elected officials, the Board of Education submitted ballot language to seek community approval of Issue 3B.

**RATIONALE:** Issue 3B will provide capital revenue to continue District 49's deliberate plan to take care of the schools we have and build the precise mix of new schools we need to serve current and future growth.

**RELEVANT DATA AND EXPECTED OUTCOMES:** Because we have been so frugal with our resources and the capital planning committee has limited this proposal to only essential capital projects, we are able to make significant upgrades to the district's capacity for only \$1 per \$100,000 of home value. The savings to our taxpayers are two to five times more valuable than other district proposals around Colorado.

# IMPACTS ON THE DISTRICT'S STRATEGIC PRIORITIES—THE BIG ROCKS:

Rock #1—Reestablishing the district as a trustworthy recipient of taxpayer investment	District 49 has worked hard to become fiscally sound and efficient. Issue 3B give our community a chance to affirm the efficiency of our capital plans while growing our capacity for the future.
Rock #2—Research, design and implement programs for intentional community participation	The extended capital planning process led to a healthy and vigorous debate about the best future for District 49. The entire community was invited, and thousands participated in school-level, board, tele-town hall, and other meetings to discuss this proposal.
Rock #3— Establish District 49 as the <u>best</u> district in Colorado to learn, work and lead	Issue 3B will take care of what we have by expanding and modernizing Horizon Middle and Falcon Elementary schools, along with expansions at all three neighborhood high schools. Along with new schools, these projects will create great places to learn, the best working environment, and establish our community as a leader in public education.
Rock #4— Grow a robust portfolio of distinct and exceptional schools	The capital bond monies will fund essential improvements, acquisitions, and construction in the areas of our district that have badly outgrown existing neighborhood school facilities.
Rock #5— Customize our educational systems to launch each student toward success	The specialized spaces at our high schools will host programs that launch every student to success—in college, in the workforce, in military service, ministry, or community life.

**FUNDING REQUIRED:** No

**AMOUNT BUDGETED:** N/A

**RECOMMENDED COURSE OF ACTION/MOTION REQUESTED:** Move to approve the following:

A Resolution in Support of El Paso County Ballot Issue 3B (School Bond)

BOE Regular Meeting October 9, 2014 Item 7.09b continued

WHEREAS, the student population of District 49 has grown 76.77% since 2005, the last time new funds were approved for building construction; and

WHEREAS, the citizen-led Capital Improvement Committee carefully studied District 49's capital needs and made recommendations to the Board of Education based on the most immediate needs of the district; and

**WHEREAS**, District 49 appreciates the tax-sensitivity of our residents and strives to remain a trustworthy steward of taxpayer funds; and

**WHEREAS,** 3B will take care of what we have by modernizing and expanding six existing neighborhood schools to extend their useful life; and

WHEREAS, 3B will create three new excellent neighborhood schools, two elementary and one middle, will reduce the number of students currently being taught in modular units and reduce the number of students currently being displaced outside their neighborhood to attend other schools; and

**WHEREAS,** 3B will allow District 49 to focus on each student's individualized path to academic excellence in preparing for college and the workforce by creating specialized spaces to expand advanced vocational programs and support science, engineering, technology and mathematics education; and

**WHEREAS,** a citizen's oversight committee will provide accountability by monitoring how the funds generated by 3B are spent and will provide an annual audit on the district website; and

WHEREAS, all funds will directly benefit our students, with no funds being spent on administration; and WHEREAS, a strong school district retains property and home values for residents;

**Now Therefore Be It Resolved** that the Board of Directors of School District 49 support ballot issue 3B and strongly urge the residents of District 49 to vote yes for the measure in November.

**APPROVED BY:** Chief Officers **DATE:** September 24, 2014

# The **Best District**to Learn, Work and Lead
