D49 BoE Baldrige Workshop

February 2, 2019

Workshop Purpose

- Provide an overview of the Baldrige Framework
- Provide examples of Baldrige application at the BoE level.

Agenda

- Overview of the Baldrige process for improving performance
- Current D49 Baldrige responses
- Baldrige recommendations for BoE activities
- Baldrige recipient BoE activity responses.
- Recent Baldrige Framework updates
- Summary/Action Items

Baldrige Overview

Baldrige Framework Review

- Congress passed the National Quality Improvement Act in 1987.
 - recognize American organizations that improve performance
 - provide specific guidance for other American organizations that wish to learn how to manage for performance improvement
- Guidance provided in the Baldrige Excellence Framework.
 - Provides a list of activities found in high-performing organizations
 - Describes a process for evaluating the execution of those activities

Baldrige Activities

- Types of Activities (Baldrige Categories)
 - Leadership
 - Strategy
 - Student Focus
 - Measurement, Analysis, and Knowledge Management
 - Workforce Focus
 - Operations
- Baldrige identifies three levels of importance of these activities.
 - Required for achieving mission
 - Achievement of high performance
 - Achievement of role model performance

Baldrige Activity Exercise

- Review the Baldrige Activity list for the Governance and Societal Responsibility subsection of the Leadership Category (Baldrige Level 1.2)
- Identify the activities that Baldrige suggests are required to achieve your mission: these are found in the bolded question that follows the 1.2 level title Governance and Societal Contributions.
- Identify the activities that Baldrige suggests will result in high performance: these are found in the bolded questions found in the shaded section.
- Review the not-bolded questions in the shaded section that are indication of role model performance.

Evaluation of the Activity Execution

- Baldrige defines four factors to use to evaluate activity execution.
- Approach: Is the execution of the activity well-defined, repeatable, measureable and effective?
- Deployment: Is the activity consistently executed by all appropriate people/groups and are all appropriate people/groups affected?
- Learning: Is the activity evaluated and improved?
- Integration: Does the activity conflict with any other activity or with organizational values/goals.

Activity Evaluation Exercise

- Consider D49 activities that answer the 1.2a(2) bolded question: **How do you evaluate the performance of your senior leaders and your governance board?**
- What is the D49 Approach for senior leaders; for the board?
 - Is the execution of the activity well-defined, repeatable, measureable and effective?
- What is the D49 Deployment for senior leaders; for the board?
 - Is the activity consistently executed by all appropriate people/groups and are all appropriate people/groups affected?
- What is the D49 Learning for senior leaders; for the board?
 - Is the activity evaluated and improved?
- What is the D49 Integration for senior leaders; for the board?
 - Does the activity conflict with any other activity or with organizational values/goals.
- Did the ADLI evaluation identify any opportunities of improvement?

Additional Framework Components

- Results- measurements of activity outcomes (example)
 - Student Learning (graduation rate) and Process Results (buses ontime)
 - Student-focused (satisfaction)
 - Workforce-focused (turn-over)
 - Leadership and Governance (action plan completion)
 - Budgetary, Financial, and Market (spend per pupil)
- Profile-description of organization
 - Facts: workforce characteristics, buildings/equipment, reporting relationships
 - Management Definitions: vision, values, strategic challenges/advantages
 - Used to evaluate the effectiveness and importance of organizational activities

Current D49 Baldrige Responses

Emphasizing Strategic Planning Content

Planning-related Baldrige Profile Terms

- Mission
 - Overall function
 - What D49 is attempting to accomplish
- Vision
 - the desired future state of D49
 - sets the context for strategic planning
- Strategic challenges
 - Pressures that exert a decisive influence on D49 likelihood of *future* success
 - Strategic planning should produce action plans to address mitigation
- Strategic advantages
 - Market benefits that exert a decisive influence on D49 likelihood of *future* success
 - Strategic planning should produce action plants to address capitalizing on the advantage.
- Core competencies (areas of greatest expertise)
 - Strategically important capabilities central to achieving your mission, or
 - Provide an ongoing competitive advantage that competitors would find difficult to imitate

D49 Current Vision Statement

- The Baldrige Framework asks how senior leaders set the vision.
 - The 2018 Annual Performance Review states: “BOE, CO’s, and other SL set the vision each year during the APS in January.”
 - 2018 vision: “Be *The Best Choice* for anyone choosing a school district for any reason.”
 - D49 Mission: To work, learn, and lead
- Exercise:
 - Individually consider what you think D49 needs to achieve to be the best choice to work, to learn, and to lead.
 - After 5 minutes, be prepared to share one idea for each work learn lead reason-to-choose.
- Discussion: How will D49 measure progress toward achieving this vision?
- Is a revision to the vision statement needed?

Strategic Planning vs Performance Planning

- Planning Focus:
 - Strategic planning focuses on preparing for the future (+2-5 years), particularly to achieve the vision.
 - Performance planning focuses on current results (this year) to set priorities to accomplish the mission.
- Performance action plans and strategic action plans differ only in motivation.
 - A performance action plan addresses a current performance level (and may also promote vision achievement).
 - A strategic action plan primarily promotes vision achievement.
- Example:
 - Performance: Action plan to address a decline in graduation rates.
 - Strategic: Action plan to address graduation rates that are second best in the area.
 - Recognition of this difference is intended to ensure a focus on the future (vision achievement).
 - If you always take the path you find in front of you, you might find yourself at the top of Cheyenne Mountain.
 - Strategic planning is intended to ensure your path-choices lead to the top of Pikes Peak.

2018 Strategic Challenges

- Cultural and Strategic Challenges- D49 2018 Annual Performance Review (APR)
 - Reinforcing Caring and Respectful Interactions
 - Creating Empowering Workplace Cultures
 - Preserving the Approval and Investment of Stakeholders
 - Sustaining Positive Community Engagement
 - Responding to diverse stakeholder requirements
 - Preparing Students For Success in Future Learning
 - Preparing Students for Success in Careers and College
- Discussion:
 - Are these challenges addressing the mission (work learn lead) or the vision (best choice)?
 - D49 strategic plan?: Address all mission-related performance measures until achieving best choice, focusing first on those representing the greatest deviation from best choice.
- Discussion: For 2019, is this an appropriate list of pressures that exert a decisive influence on D49 likelihood of future success?

2018 Strategic Advantages

- Cultural and Strategic Advantages-D49 2018 APR
 - Earned Autonomy
 - APEX Team Leadership
 - Precise Planning and Execution
 - Primary Literacy Performance
 - 49 Pathways—Career and College
 - Exceptional Partnerships
 - Military Community Alliances
 - Higher Education Collaboration
- Discussion: For 2019, is the appropriate list of market benefits that exert a decisive influence on D49 likelihood of future success?
- Baldrige suggests advantages should be applied to assist with appropriate processes and improvement efforts.

D49 Current Core Competencies

- D49 2018 APR list of areas of greatest expertise:
 - Continuous Innovation and Improvement
 - Portfolio School Management
 - Effective & Efficient Resource Management
- Why consider “core competencies”? Choose all that apply:
 - Build a case for being an award recipient
 - Ensure that these “areas of expertise” are effectively employed to promote high performance
- Baldrige recommendations to effectively employ a core competence:
 - Organize/manage work force to capitalize on core competencies
 - Incorporate in leadership and workforce training and development
 - Strategic objectives leverage core competence
 - Apply core competences to select the areas for community involvement
 - Make decisions about subcontracting
- Strategic planning should include determination of additional core competencies that should be developed to accomplish your mission and/or vision.

Baldrige Recommendations for BoE Activities

Baldrige Board of Education References

- Board activities are primarily found in Item 1.2
 - Take a few minutes to review all questions in the shaded area of the 1.2 handout. Remember:
 - Bolded questions suggest high performance.
 - Not-bolded suggest role model performance.
 - Identify, for discussion, any questions you may have about responsibility, intent, or D49 processes.
- One additional board activity is found in the Item addressing performance analysis and review.
 - 4.1(b): How does your governance board review the organization's performance and its progress on strategic objectives and action plans, if appropriate?
 - This afternoon's APS is an example of one activity that addresses this question.

Baldrige Recipient Responses

Addressing OFIs in 2018 APR feedback report

Baldrige Recipient Response to 2018 APR 1.2 OFI #1

- 1.2b(2): How do you monitor and respond to breaches of ethical behavior?
- D49 could benefit from a systematic approach to monitoring ethical complaints and breaches. Currently, there is no mechanism for tracking and monitoring ethical complaints that do not rise to the level of utilizing the formal grievance complaint system. Such a process could help the district identify trends and systematic issues in order to address issues that could affect trust earlier than their current approach allows.

2018 APR 1.2 OFI #1

- 1.2b(2): How do you monitor and respond to breaches of ethical behavior?
- City of Fort Collins (2017 recipient)
 - The Council Ethics Committee receives all ethical complaints directly. • The NAVEX hotline is posted on the website for staff to access. All inquiries are received and investigated through HR. • The Citizen Review Board (CRB) process gives citizens a chance to question and hold Police Services accountable for its treatment of residents. • A “no tolerance” culture for ethical violations that includes termination for non-disclosure violations that occur outside the workplace.
- Bristol Tennessee Essential Services (2017 recipient)
 - Open communication from outside and within BTES helps monitor ethical behaviors. Any breaches in ethical behavior are immediately addressed and discussed with the employee’s immediate supervisor, their director, the Director of Management Services and the CEO. They are formally reviewed and noted in the employee’s file and again addressed during the next appraisal, as appropriate.
- Charter School of San Diego (2015 Recipient)
 - CSSD is able to monitor and respond to all breaches of ethical behavior reported through the survey of all stakeholders annually and through the Complaint Process (Figure 3.2-1).

2018 APR 1.2 OFI #2

- 1.2a(2): How do you use performance evaluations in determining executive compensation?
- It was not evident that D49 uses their evaluation process for the Chief Officers to set or influence executive compensation. The use of single-year contracts has been implemented in response to community expectations and finding a way to incorporate compensation into the review process as an outcome could further enhance this approach

Baldrige Recipient Response to 2018 APR 1.2 OFI #2

- 1.2a(2): How do you use performance evaluations in determining executive compensation?
- City of Fort Collins (2017 recipient)
 - The Council formally evaluates the performance of the City Manager twice each year, with executive compensation based on accomplishing established goals.
- Bristol Tennessee Essential Services (2017 recipient)
 - The CEO's performance is evaluated during each of the monthly Board meetings. ...Compensation of the CEO is compared at the local, regional and national level to ensure consistency.
- Charter School of San Diego (2015 Recipient)
 - Performance evaluations do not determine executive compensation. Executive compensation is determined through the Salary Compensation Council and approved by the BOD.

Updates in 2019-2020 Framework

Added Subjects

- Culture
 - Profile: Describe characteristics of the organizational culture.
 - Leadership question: How do you create and reinforce organizational culture?
 - Workforce question: repeats reinforcement question
 - Discussions of Cultural Compass should address these questions.
- Cybersecurity: expanded
 - Responsibilities of various groups
 - Awareness of threats
 - Identify, prioritize, and protect key systems
- Supplier Network:
 - Covers purchased materials and services
 - Expansion of existing questions that may not apply to D49

Reorganization of Existing Questions

- Student Focus (Category 3)
 - “Make the Criteria more logical for the user”
- Workforce Engagement (Item 5.2)
 - New question section for Performance Management and Development

2018 VoW Learning Tour

Chief officers met with 30+ Focus Groups
representing Support Staff, Professional-
Technical, and Licensed Segments

Key Themes from VLT Sessions

Valuing Support Staff is a major OFI. compensation, training, equipping, and respect are key concerns	Technology OFI's included Powerschool and network usability along with multiple, simultaneous system changes
Special Education processes and structure do not yet meet growing demands for support and compliance	Relevant and Valued Training remains an unmet expectation for all workforce segments—especially cross-training
Staffing and Compensation Levels remain a high-priority OFI—especially linked to relevant training, experience, and workload for hard-to-fill positions	The VoW System is increasingly valued and appreciated and there is desire to differentiate and focus the survey

Multiple sessions expressed **Growing Pride** about working for District 49—contrasting frequently with prior embarrassment about the district's reputation

D49 STRATEGIC FACILITIES PLANNING

5 Year Timeframe

Board of Education Annual Planning Summit
Feb 2, 2019

Today's Purpose

Discuss Options for the 5 Year Facilities Plan

New Schools

Support Facilities

Receive Planning Guidance/Direction

Agenda

Part I – School Planning

Part II – Supporting Facilities 5 Year Plan

Request: hold most discussion until the end of each part above

Planning Assumptions

Pods - have additional lifespan use (includes HMS Panther Den, which need investment)

10 Class Pod at SES

Mods - at end of life across D49,
cost \$\$ to maintain

Typical Mods

COO Position

We must plan on phasing out current Mods and reduce reliance upon them (as opposed to deliberate planning for continued use).

School Planning – Other Notes

Charter Schools - Constantly evolving landscape

LTA, GPA, RMCA, PPSEL, BLRA, BLPA, PTEC, AIST...

Impacts Student Population

New Small Building

PPEC? PEAK? Homeschool? Combination? Other?

Funding solution is available

Option: Build at SSAE Site (start Aug 2020/open Aug 2021)

Option: Buy a building outright Aug 2020

If use for PPEC and Homeschool at SSAE campus...

Frees up Creekside space

Consolidates SSAE/PPEC (efficient use of facilities)

School Capacity

Middle Schools

- FMS and SMS - over capacity now
- HMS needs investment to maximize use, but do we increase enrollment there?

SCZ growth not supporting increased student load at HMS

If we choose to shift students there from SMS

- Need more capacity (fix old RMCA) →
 - Increases elementary feeder flow to HMS
 - Increases SCHS input
- Temp relief – do we consider K-6 in some schools?

Elementary Schools

Overall capacity: good through 2023 (localized crowding)

High Schools

Zones future? Will we build? When? Online/distributed learning?

School Construction – Options

Option

Middle School - Voter Initiative

Vote Nov 2020 / Start construction Summer 2021/Open Aug 2022

Elementary School - Use accumulating MLO \$\$

Timeline – 2022 or 2023 likely earliest opening

High School – TBD

Option

Middle School – Use accumulating MLO \$\$

Timeline – 2025 or 2026 likely earliest school opening

Elementary School – postpone until a Voter Initiative

High School – TBD

More Options Are Possible!

School Construction – Next Steps

- Too early to determine the funding path for the next school construction (during 2019 will have revaluation of property values, legislative developments, etc). By end of 2019, we will be better informed to discuss funding options.
- A middle school is the next construction project required: we should set initial goal of opening one NLT Aug 2023
- Chief Officers should set up focused discussions now to address following issues
 - Long term Zone structure
 - Consider temporary relief options for school population management, including
 - Shifting Zone boundaries to relieve POWER Zone pressure
 - K-6 school structure to relieve middle school pressure

Part I – School Planning

Discussion

Agenda

Part I – School Planning

Part II – Supporting Facilities 5 Year Plan

Supporting Facilities

Topics

- Central Office
- Transportation Workspace, Maintenance and Parking
- Facilities Grounds Maintenance Workspace and Parking
- Creekside Support Center
- Individualized Education
 - Pre School
 - Transition Program
 - PEAK Program

Central Office

Requirements

- BOE space expansion
 - BOE Audience, Parking
- Office staff space
 - Current and future
- Parking – Employees and Guests
- Remove Mods – end of life

Options

1. Expand current location
2. Acquire new location

Central Office – Expand Current

Action: Expand BOE Room

Advantages

- Cost - lower than a new building (12' westward ~ \$108-120k)

Disadvantages

- Continued reliance on Mods
- Does not address parking
- Does not support staff growth
- Does not free up space for other support functions
- Temporary solution at best

Central Office – Acquire New

Action: Build/Acquire Space for BOE, Chiefs, Bus Office, Ed Office

Planning Assumption: Funding strategy is available

Advantages

- Design to what we need for growth
- Parking space for all
- Allows us to re-purpose current CO space
- Removes CO Mods
- Opportunity to centralize Ed Office

Disadvantages

- Cost (\$4MM to \$9MM – requires detailed planning)
- Timeline – probably 2021-2024 window

RECOMMENDED

Transportation

Highest Priority in Support Facilities

Out of space now, increasing ~11 routes in Aug19

Concern: \$\$ into solutions w/o knowing where we are heading

Requirements

15 acres with paved parking (plan 300 buses/50 yrs)

Employee parking

Maintenance bays (should have 1 per 25 buses)

Training space (close down maint for training now)

Options

1. Maintain/expand current location (acquire nearby parking)
2. “Split-based” operations (use 2 bus facilities permanently)
3. New location - large enough to grow along with D49 requirements

Maintain/Expand Current Trans

Planning Assumption – Central Office moves to new spot

Action: Acquire additional 5-10 acres very close by for bus parking, plus spread into space opened up by Central Office move

Advantages

- Lower overall cost

Disadvantages

- Do not gain space for other support uses (Facilities, NUTS, Safety and Security)

- Waits on Central Office move

- Still need \$\$ into expanding maintenance bays, paving current lot (over \$1MM), training areas, and improving any acquired lot (paving, small buildings possibly)

- Parking for employees? Depends on how much land acquired

Split-Based Transportation

Action: Acquire “satellite” spot and operate permanently from 2 locations. Build up support capacity over time at the 2nd location

Advantages

- Less impact from weather and traffic (stuck on Woodmen?)
- Reduce fuel costs
- Gain space for Facilities (at either satellite or current location)
- Can start working solutions now in advance of CO move
- Relieves employee parking issue (assuming proper route distribution)
- Recruitment benefit (assuming 2nd location closer to city)

Disadvantages

- Cost (ultimately about \$5MM, phased in over time)
- Long term overhead of 2 locations (personnel, 2 fuel farms, 2 maint areas...)
- Still need to put \$\$ into paving lot at current location

New Permanent Trans Location

Action: Acquire 15 acres (300 bus capacity) and build facility

Advantages

- Provides space to grow to ultimate district requirements

- One location = less personnel and facilities overhead

- Re-purpose current space for Facilities, NUTS, and Safety/Security requirements (meeting space, storage space, training areas, etc)

- Best Long Term Solution (think 30-50 years)...design what we need and what will work best

RECOMMENDED

Disadvantages

- Costs (ultimately about \$9MM, phased in over years)

- Time to implement (assume doing split based ops during transition)

Facilities & Grounds Maintenance

Requirements

- Functional work space (Carpentry, equipment maintenance)
- Bathrooms
- Exterior Lighting
- Employee parking
- Seasonal storage for grounds equipment and supplies

Options

1. Improve current space
2. Co-locate with Transportation
3. Backfill space in Central Office

Grounds Maintenance Space

2 AM Snow Duty

Post Sunrise

Facilities - Improve Grounds' Space

Action: Add lighting, pave lot, add plumbing, improve and add structures, add employee parking

Advantages

- Have the land and space

Disadvantages

- Groundwater issue, flooding risk in heavy rains

 - Not the right place to invest in building for long term

- Cost (rough estimate about \$600k for paving, lighting, water and sewer, covered equipment parking)

Facilities - Co-Locate with Trans

Planning Assumption – Transportation goes split-based or into entirely new location

Action: Facilities grounds maintenance shares space in Transportation area

Advantages

- Shared support assets (buildings, electricity, lighting, plumbing)

Disadvantages

- Reliant upon cost and timeline of Transportation move

Facilities - Backfill CO Area

Planning Assumption – Transportation moves out of CO

Actions: Facilities Grounds Maintenance take parking and bus maintenance space at CO, pave at least portions of current area inside of fence

Advantages

- Re-use of current assets
- Cost effective solution
- Centralizes entire facilities workforce

Disadvantages

- Reliant upon cost and timeline of Transportation move
- Costs to pave portion of current bus parking area

RECOMMENDED

Creekside Support Center

PPCC future at Creekside? Critical Planning Factor

Planning Assumption: PPEC and PPCC moves from Creekside

Options for Use of Space

- Central Registration

- Office Space

 - Significant portion of Central Office staff can move here

 - Culture and Services - Centralized

- Pre-School

- Training Areas

Solution dependent upon PPEC & PPCC future, and Central Office future

Individualized Education

Requirements

- Pre School - Numbers/Growth

- Transition Program - Numbers/Growth

- PEAK Program - Numbers/Growth

Option 1: One building

- Transition Program

- PEAK Program

- Possibly Pre-K ...3-4 year olds

- Shared space: efficiencies (laundry, kitchen, home skills education)

- ICA building? Investment required for risk analysis ref: building issues

Option 2: Multiple locations across district

Recommendation

5 Year Support Facilities Plan

1. Build new small building for PPEC by 2021, re-allocate Creekside space
2. Remove PPCC from Creekside and re-allocate office space
3. Build new Central Office ASAP (earliest 2021?)
4. Transportation – move towards completely new centralized facility
 - Acquire 15 acres ASAP (will be harder to get land in 10 years!)
 - Move some buses ASAP to alleviate parking (temp split based opns)
 - Phase in parking, maintenance, and office space growth over time to meet D49 needs
5. Facilities Grounds Maintenance – backfill into Transportation space at CO
6. Seek solutions for Individualized Education

Way Ahead

Enhanced Security Community Advisory Team Initiatives

**Board of Education Annual Planning Summit
Feb 2, 2019**

Today's Purpose

Provide BOE information on ESCAT recommended initiatives for continued planning.

Provide BOE information on initiatives the ESCAT recommended against for continued planning.

Receive Planning Guidance/Direction

NOTE: General concepts only are provided. If continued planning is directed, detailed implementation and funding strategies will be developed.

Agenda

ESCAT Recommended Initiatives

- Reinforcing Window Films
- Blue Point Alert System
- Centralized Security Force Structure
- Arming Security
- Handheld Radios

Other Initiatives Considered and Not Recommended

- Arming Faculty Members
- Safe Defend
- Door Barricades

Window Film

Description

- The glass on windows and doors of a school can be a vulnerable entry point into the building.
- Schools do not have fortified glass to prevent shattering, resulting in potentially easy access through the window.

<https://www.youtube.com/watch?v=H5jUEC2sQW4>

Window Films Pricing

- Amounts are approximate without detailed quote
- Depends on extent of coverage we decide
- POWER Zone - \$28,000 for entry areas across all schools (detailed quote)
- Very rough estimate - \$100,000 across D49
- Possibly Grant Funded

ESCAT Initiative Discussion

Initiative: Window Films

PROS	CONS
Slowdown forced entry	Cost (depends on extent applied)
Severe Weather/All Hazards Protection	Compromise emergency egress
Literally Transparent / No Visual Impact	

Feedback – Window Films

Blue Point Alert System

ESCAT Initiative Discussion

Initiative: Blue Point Alert System

Background: Alternative to SafeDefend

Purpose: Provide schools a method to rapidly alert people in the facility, as well as local law enforcement of a Lock Down threat

Blue Point

Instant visual and auditory alerts

Instant police notification including location of activated device

Command & Control Incident Management

ESCAT Initiative Discussion

Blue Point

PROS	CONS
Early notification / Immediate	Anyone can alert / False alarms
Pinpoint activity	Not in every room
Easy accessibility (Students & Staff)	Cost (but less than Safe Defend)
Improve communication	Special Needs Population Concerns
Transferability of habits (Fire Handles)	
Deterrence	
After action review – time stamps	

Feedback – Blue Point

Centralized Security Force

THE BEST CHOICE TO LEARN, WORK & LEAD

ESCAT Initiative Discussion

Initiative: Centralized Security Force

Background: Currently “decentralized” security force structure

D49: 4 armed district security officers

Select schools: unarmed (school-managed) security teams

Purpose: Optimize the D49 security structure for maximum effectiveness, training and response to security concerns across all campuses

Centralized Security Force Concept

- All security falls under Director of Safety and Security (DoSS) (hiring, training, and staffing responsibility)
- D49 establishes processes and procedures
- Select security reps (current security reps may not qualify)
- Maintain district standards for selection, training, job performance, uniform appearance, and professionalism
- Fill positions by school/maintain steady school relationship
- Ability to rapidly shift personnel in crisis if needed
- Option: develop roving driving patrol over time
- Centralize budget and funding
- Create tiered personnel structure (“ranks”)

Resource Required Estimate

TIME	Time Required to Initially Implement	Minimal
	Time Investment to Maintain	Minimal
PEOPLE	# Additional Full Time Employees Required (Admin Specialist)	1
	Training Requirement	Increased for school security reps
MONEY	Overall Cost of Material Acquisition (uniforms, equipment, \$1500 x 21 reps)	\$32,000
	Impact on Facilities/Modifications Required	0
	Insurance Costs	Researching
	Salary Impacts (training days, supervisory authority) (General Estimate!)	\$35,000/year
	Admin Specialist	\$20-30K plus benefits/year

ESCAT Initiative Discussion

Centralized Security Force

PROS	CONS
Flexibility of response	Reduced campus autonomy
Communication flow	Salary increases
Maximize district coverage	Ensure consistency in site representatives
Uniformity of training & oversight	
Experts leading	

Feedback – Centralized Security

ESCAT –Support (about 80%)

SBOR – Support. Comments....

- Students are attached to their security reps – need consistent personnel
- Still need collaboration between school leader and security

Principals – General support

- A few principals and admin leaders expressed opinion that
 - school is best to hire and evaluate security
 - concerned about potential loss of effectiveness
- Virtually all say that, if arming security, better to have security centralized

Arming Security Staff

ESCAT Initiative Discussion

Initiative: Arming a Dedicated Security Staff

Background: Train and arm dedicated security officers with D49 provided firearms

Purpose: Provide our schools access to firearm-equipped security force in case of school threat

Description

Train and arm all school security officers

Possible variations:

- Arm a percentage of security officers

- Arm all security officers

Selected officers would have to qualify for placement into an armed position (background checks, psychological etc)

Resource Required Estimate

TIME	Time Required to Initially Implement	2 Months Min
	Time Required to Maintain	Recurring Training
PEOPLE	# Additional Full Time Employees Required	0
	Training Requirements	Weapons Quals Reaction Training Use of Force Rules of Engagement
MONEY	Overall Cost of Initial Material Acquisition (estimate \$4500/officer)	21 Officers: \$95,000
	Impact on Facilities/Modifications Required	0
	Insurance Impact	Researching
	Increased Salaries (assuming \$1/hour increase...possibly more)	Across D49 with current force structure: \$31,000
	Increased Work Days (depending on training requirements)	Researching

ESCAT Initiative Discussion

Arming Dedicated Security Staff

PROS	CONS
Prevention / Deterrent	Lethal in school / accident
On-site capability	Option: less lethal options (Pepper spray, Tasers...)
Level of response matching level of threat	Misuse / theft of firearms
Person of trust on campus	Cost of training civilians
	Approachability of armed officers

Feedback – Armed Security

ESCAT –Support (at least 60% in favor)

SBOR – Support. Comments....

- Provides sense of security students desire, but can also generate a sense of fear
- Noted that have SROs on campuses now with weapons
- Concern for level of training
- “Some would love it, some would not care for it”

Principals – Support

- One principal expressed concerns that arming staffs in schools is not appropriate
- Another expressed concern about level of training and proper personnel selection

Handheld Radios

ESCAT Initiative Discussion

Initiative: Handheld Radios

Background: Handheld radios in use since 2007, however upgrades would enhance situational awareness and response coordination and replace failing equipment. Supplement or replace cell phones, intercoms, bullhorn, bells/signals

Purpose: Enhance communications, coordination, and notification within buildings during emergency situations

Handheld Radios

Analog and/or IP radio

Analog - radio to radio (often teacher use)

IP - command radios, utilizing repeaters and
FCC networks

Repeater (several locations incl Cheyenne Mtn)

5. Process Improvement around Chief Officer Evaluations

(10 minutes)

Chief Officer Team/BOE

Title	Evaluation of Chief Officers
Designation	CBI
Office/Custodian	Board of Education/Executive Assistant to BOE and Director of Human Resources

The Board shall institute and maintain a comprehensive program for the evaluation of the chief officers on a regular basis that is agreed upon by the Board and the chief officers. Through evaluation of the chief officers, the Board shall strive to accomplish the following:

1. Clarify the role of the chief officer in the school system as seen by the Board by defining objectives that will contribute to achievement of district-wide goals.
2. Clarify for all Board members the role of the chief officers in view of the job description and the immediate priority among responsibilities as agreed upon by the Board and the chief officers.
3. Develop positive communication and harmonious working relationships between the Board and chief officers.
4. Provide administrative leadership of excellence for the school system including implementation of education programs for the achievement of the educational objectives of the school district, including the district's academic standards.
5. Measure the chief officers' professional growth and development and level of performance.

Those portions of the chief officers' written evaluation relating to the performance in fulfilling adopted district objectives, fiscal management of the district, district planning responsibilities and supervision and evaluation of district personnel shall be available for inspection by the public during regular office hours.

Nothing in this policy shall be construed to imply in any manner the establishment of any personal rights not explicitly established by law or contract. Further, nothing in this policy or the accompanying regulation shall be construed to be a prerequisite to or a condition of suspension, dismissal or termination. All employment decisions remain within the sole and continuing discretion of the Board.

Chief Officer Performance Review Process

	Activity	Responsibility	Deliverable(s)	Timeframe
Quantitative Performance Targets	Identify key performance domains from the Chief job description and the CDE administrator domains.	The Chiefs will propose. The Board will revise and approve.	An overview chart that identifies, prioritizes, and describes multiple performance domains.	The Chiefs will propose a set of performance domains at the April BOE work session. The Board will affirm the domains at the May regular meeting.
	Identify performance targets in each domain.	The Chiefs will propose measurable performance targets in each domain. The Board will endorse at least one measurable target in each domain.	A table of performance targets identifying standards of performance and acceptable evidence for each target.	The Chiefs will propose targets, standards and evidence at the April work session. The Board will vote to affirm the targets, standards, and evidence at the May regular meeting.
	Confirm acceptable evidence for each performance target.	The Chiefs will propose and the Board will affirm acceptable evidence for each performance target.		
	Assess the Chief's performance on a "target to actual" basis for each target.	The Chiefs will provide a self-assessment. The board will generate a board assessment.	Each party will provide a written assessment of each performance target. The Chiefs will provide a portfolio (body of evidence) for each target.	The Board will present their assessments and receive the Chief Officer's assessment at the August, September or October BOE work session according to the review cycle.
Qualitative Multi-rater Feedback	Identify a set of evaluative questions (or statements) in each of the performance domains.	The Chiefs, in consultation with the Director of Human Resources, will develop question sets.	The Director of Human Resources will coordinate online surveys based on the question sets. The surveys will elicit numeric and narrative responses.	The survey will be available by July 1 (COO), August 1 (CEO), or September 1 (CBO).
	Identify a set of participants for the multi-rater survey.	The Chiefs will propose a set of raters. The Director of Human Resources will affirm or modify the rater set.	The Chief Officer or Director of Human Resources will invite raters to complete the survey.	Invitations will be sent by July 15 (COO), August 15 (CEO) or September 15 (CBO).
	Administer the survey.	The Director of Human Resources will coordinate the administration of the survey.	The Chiefs will receive and review their survey report. The Chiefs will provide a summary to the Board.	The Chief Officers will submit their respective summaries to the Board in August, September, or October according to the review cycle.
Consolidated Review	Finalize the performance review.	The Board will create a final review document incorporating the performance targets and survey results.	The Board will present the final evaluation to the Chief Officer.	The Board will present the final evaluation at the regular meeting according to the Chief Officer review cycle.

Chief Officer Targets, Standards and Evidence

For transparent accountability and evaluation purposes, the Board of Education, through policy CBI, directs that the chief officers propose performance goals—with targets, standards, and evidence aligned to seven domains aligned with the performance excellence criteria of the Baldrige Performance Excellence Program. The following table is the framework for chief officer goal-setting:

Baldrige Criteria	maps to	D49 Administrator Evaluation Domains
Leadership	↔	Vision & Culture
Strategy	↔	Mission & Strategy
Customers	↔	Customer Engagement & Service
Measurement, Analysis & Knowledge Management	↔	Learning & Improvement
Workforce	↔	Workforce Service & Development
Operations	↔	Efficient & Effective Management
Results	↔	Results

These goals will be embedded in our cascading planning system as well as office-specific action plans.

BOARD-APPROVED POLICY OF DISTRICT 49

Title	Evaluation of Chief Officers
Designation	CBI-R
Office/Custodian	Board of Education/Executive Assistant to BOE and Director of Human Resources

Performance Review Cycle for the Chief Officers

The Board shall review the chief officers according the following schedule:

	Performance Timeframe	Work Session	Regular Meeting
Chief Operations Officer	September - August	August	September
Chief Education Officer	October - September	September	October
Chief Business Officer	November - October	October	November

At its January regular meeting, the board shall consider continued employment of each chief officer in the next fiscal year. In the event that a January board meeting does not take place, the board shall consider the matter at its next regular meeting. By approval of a consent agenda item, the Board may express its intent to continue employment. Such consent is not a promise or guarantee of a contract for the next fiscal year. The board may delay consideration of continued employment for a chief officer who is new to position or on performance improvement plan.

Title	School Board Policy Process
Designation	BG
Office/Custodian	Board of Education/Executive Assistant to BOE

It is the intent of the Board of Education to develop policies and put them in writing so that they may serve as guidelines for its own operations and for the successful and efficient functioning of the public schools.

The Board endorses for use in this district the policy development and codification system of the National Education Policy Network/National School Boards Association (NEPN/NSBA), as recommended by the Colorado Association of School Boards.

This system, while it may be modified to meet needs, is to serve as a general guideline for such tasks as policy research, drafting of preliminary policy proposals, reviewing policy drafts with concerned groups, presenting new and revised policies to the Board for consideration and action, policy dissemination, policy evaluation and the continuous maintenance of the Board policy manual.

The Board considers policy development one of its chief responsibilities. Proposals regarding policies may originate with a member of the Board, any Chief Officer, the Executive Assistant to the Board, staff members, parents, students, consultants, civic groups or other residents of the district. A careful and orderly process shall be used in examining such proposals prior to action upon them by the Board. The Board shall take action after hearing the recommendations of the Chief Officers, the custodian of the policy and the viewpoints of persons and groups affected by the policy.

The policies of the Board are framed and meant to be interpreted in terms of state laws and regulations and other regulatory agencies within state and federal levels of government.

Policy adoption

Adoption of new policies or the revision or repeal of existing policies is solely the responsibility of the Board of Education.

The Board shall adhere to the following procedure in considering and adopting policy proposals to ensure that they are well examined before final adoption.

1. First meeting: The proposal shall be presented for the first reading and discussion.
2. Second meeting: The proposal shall be presented for a second reading, discussion and vote.

During discussion of a policy proposal, the views of the public and staff shall be considered. Amendments may be proposed by Board members. An amendment shall not require that the policy go through an additional reading except as the Board determines that the amendment needs further study and that an additional reading would be desirable.

Under unusual circumstances, the Board may temporarily approve a policy to meet emergency conditions. However, the above procedure is required before the policy shall be considered permanent. In addition, the Board shall establish procedures to waive policies to facilitate attainment of school-level goals.

Policy revision and review

In an effort to keep its written policies up-to-date, the Board shall review its policies on a continuing basis.

The Chief Officers and the Executive Assistant to the Board are given the continuing commission of calling to the Board's attention all policies that have not been reviewed or revised within the past three years or for other reasons appear to need revision. Policy revision shall be accomplished in the same manner as policy adoption.

Board review of regulations

The Board reserves the right to review regulations issued by the administration at its discretion, but it shall revise or veto such regulations only when, in the Board's judgment, they are inconsistent with policies and regulations adopted by the Board. The Board shall be provided with copies of all district wide regulations issued by the administration.

The administration shall adhere to the following procedure in considering and adopting regulation proposals to ensure that they are well examined before final adoption.

1. First meeting: The proposal shall be presented for the first reading and discussion.
2. Second meeting: The proposal shall be presented for a second reading, discussion and adoption by the administration.

Regulations shall be officially approved by the Board when first created or when approval is required by state or federal law or when in the judgment of the board, strong community, staff or student attitudes make it advisable for the Board to formally indicate explicit approval.

Before issuance, regulations shall be properly titled and coded as appropriate to the policy codification system selected by the Board.

Policy communication/feedback

The Chief Officers and the Executive Assistant to the Board are directed to establish and maintain an orderly plan for preserving and making accessible the policies adopted by the Board and the regulations needed to put them into effect. Staff will be informed of policy changes on a regular basis.

Accessibility is to extend to at least all employees of the school system, to members of the Board and, insofar as conveniently possible, to all persons in the District.

The Board shall evaluate how the policies have been executed by staff and shall weigh the results. It shall rely on the staff, students, and community for providing evidence of the effect of the policies which it has adopted.

The Board's policy manual is a public record and shall be open for inspection on line at www.d49.org under Board of Education Board Policies.

Suspension/repeal of policy

In the event of special circumstances, the operation of any section or sections of Board policies, including those governing its own operating procedures, may be temporarily suspended by a majority vote of Board members present at any regular or special meeting. This, however, does not apply to any section of Board policies that may be established by law or by contract.

Policy repeal shall be accomplished in the same manner as policy adoption.
