Getting to Know: School District 49

ORGANIZATIONAL PROFILE

District 49 is a Colorado public school district spanning eastern Colorado Springs and several unincorporated areas of El Paso County (EPC). Our logo represents a pathway up Pikes Peak, the landmark that inspires our journey toward peak performance. D49's 30 schools are organized into four autonomous zones through which we offer individualized choices to meet the needs of all students. As the fastest growing district in Colorado, our enrollment of 28,111 students ranks largest in EPC and 10th largest in Colorado.

D49 operates in a highly competitive school choice environment with wealthy and mature districts along our western boundary. To compete more effectively, D49 has embraced the Baldrige framework as our criteria for performance excellence. Our Culture and Strategy of Continuous Improvement improves outcomes for students and stakeholders as we continuously learn, work, and lead to improve our programs and services.

EDUCATIONAL PROGRAMS AND SERVICES

D49 puts focus on learning delivery and learning support as the key work systems inspired by our vision to be the best choice and fulfilling our mission to learn, work, and lead. The key work and support processes that organize our efforts form an integrated model to operate and improve our Portfolio of Distinct and Exceptional Schools. Basic proficiency is the Firm Foundation for all academic performance, so learning in reading, writing, math, and science is our key work process for learning delivery at the elementary level. Senior Leaders have set reading at expected levels by the end of third grade as a district performance emphasis for elementary students and schools. As our primary literacy performance has matured, we have added a complementary emphasis on mathematics. Our key work process for learning delivery to secondary students is Applied and Advanced Learning. As students mature, they pursue divergent interests and abilities, expressed through individualized learning plans. Whether they pursue workforce preparation, college attendance, or aspire to military or public service, we guide every student to pursue meaningful learning and launch to life success.

REGULATORY REQUIREMENTS

D49 operates in a highly regulated environment with numerous federal and state mandates. National educational policy derives from both the Elementary and Secondary Education Act (ESEA) and the Individuals with Disabilities Act (IDEA). Colorado Revised Statues (CRS) Title 22 sets the framework for most educational requirements, including mandated content standards, days and hours of instructional time, and operational mandates. The Colorado Department of Education oversees both federal and state regulations. Required certifications include teacher licensure, bue also ensure that workforce members who manage specialized equipment are properly trained and certified. Health service professionals, whether school nurses or health aides meet appropriate licensing requirements. Drivers, cooks, accountants and many other support professionals comply with appropriate licensure and recertification expectations.

Figure P.1a(5) Key Regulatory Requirements for District 49

PROGRAM ACCREDITATION: CDE accredits D49, which in turn accredits all schools in the PDES including AEC's and all charters.

WORKFORCE CERTIFICATIONS: Licensure requirements set by CDE apply

to teachers and other educators, while various other requirements apply to other segments.

WORKPLACE CONDITIONS: D49 provides workplaces with equitable conditions compliant with the FMLA, FLSA, EEOC, and ADA.

TRANSPARENT FINANCIAL PERFORMANCE: D49 complies with all financial

requirements from GAAP, GASB, CDE, CRS, and IRS.

ACCESSIBLE PROGRAMS AND SERVICES: D49 ensures that all EPS are accessible by complying with ESSA, IDEA, ADA, and CRS.

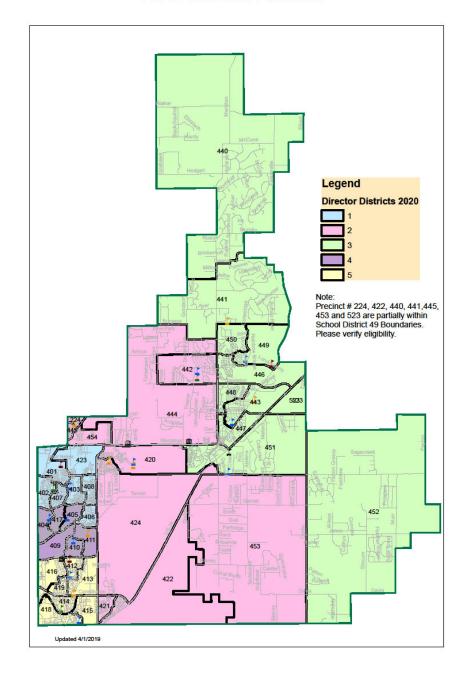

SAFETY AND SECURITY FOR STUDENTS AND STAKEHOLDERS: D49 complies

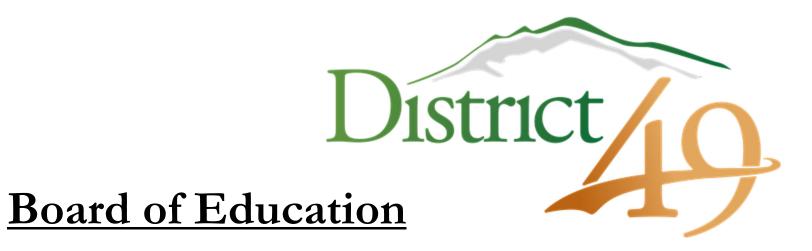

with regulations from OSHA, CIPA, USDA, and CRS.

STRATEGIC CONTEXT

D49's key strategic challenges for learning delivery relate to the divergent requirements of our students and state department of education. Key strategic challenges for learning support entail meeting growing resource demands for financial, personnel, and facility resources. The strategic challenge of balanced autonomy is a factor for both learning delivery and learning support. D49's key strategic advantages include our core competencies as well as the specific partnerships, systems, and conditions that we cultivate to empower performance excellence. Multiple key processes address strategic challenges by leveraging our advantages to deliver improvement results. Our flat organizational structure empowers building leaders to address support needs directly with support leaders and departments. 3 of 446

Vision and Mission

The Best Choice To Learn, Work & Lead

Vision: The Best Choice - Our *vision* is to be the best choice in public education.

We envision a future when every time a student, parent, or educator chooses a

school district, we are the best choice they can make.

Mission: To Learn, Work & Lead - Our commitment is to be the best place to learn,

to work, and to lead. Every day, we create environments so that everyone associated

with the district is always learning, working, and leading us to be the best.

Culture - Our Cultural Compass

A compass is an important navigational aid. It helps to find our heading; it guides in the right direction. When off course, it can be used to get back on track. A compass tells nothing about the speed of movement however, only the direction of travel.

District 49's cultural compass provides the intended bearing to students, parents, and staff; how we treat each other and our work. We use the compass to orient us as an organization and as individuals in our execution of the 'Five Big Rocks' of our strategic plan.

Each word shown on the compass can be prefaced with: 'D49 intends to create a culture of...'

The heart of the compass rose (inner ring) guides our actions in how we relate to and treat each other.

RESPECT:

A culture of respect of others and their abilities, qualities and achievements.

TRUST:

A culture of trust through positive relationships, honesty and openness with all stakeholders.

CARE:

A culture of care where we provide a safe and caring environent for students and staff.

RESPONSIBILITY:

A culture of responsibility to hold ourselves accountable for our actions.

The Outer face of the compass rose guides us in how we treat our work.

LEARNING (Our 'North Star'):

A culture of learning to encourage life-long learners

PURPOSE:

A culture of purpose where our decisions align with our Strategic Plan.

INNOVATION:

A culture of innovation where we encourage risk taking by supporting exploration of new ideas and strategies.

TEAMWORK:

A culture of working together to achieve our goals.

As our guiding paradigm, the cultural compass creates an atmosphere of teamwork and camaraderie. Maintaing a principle-centered vector to relationships and work increases the cultural capacity of the organization, making District 49 the best choice to learn, work and lead.

Strategic Priorities

District 49's board-approved strategic plan provides unified vision, goals and strategies to prepare students to achieve like never before. The strategic plan is organized around a big rocks metaphor, which comes from the work of <u>Stephen Covey</u>.

Covey illustrated that if you fill your life with the small things, trivial things, then you might not have room for what's really important, what he called the big rocks. But if you first fill your life with what's most important – the big rocks – and add other things around them, the medium-sized, and finally work in the pebbles, everything better fits together.

District 49 has applied this metaphor in its strategic plan, which identifies the district's Big Rocks. District 49 will use these six rocks as the foundation for building an excellent future with its staff, students and greater community.

LAUNCH SUCCESSFUL STUDENTS:

We launch successful students into careers, college, service and leadership. Whether graduates to succeed as they serve and lead our community.

they join the workforce, head to college, serve our country or start a family, we prepare D49

BUILD FIRM FOUNDATIONS:

The district builds firm foundations for all learning and support. For our students, that means For our workforce, firm foundations means great onboarding, thorough training, and providing the

emphasizing foundational skills like literacy, math, critical thinking and creativity. right tools to do our jobs.

OFFER EXCEPTIONAL CHOICES:

We promote educational choices in our zones, our family of schools, and all our programs so parents and and achievement.

students can select high-performing options to personalize learning

ENGAGE OUR COMMUNITY:

We engage our community in holding the district accountable for school performance, projects, and outreach to

serve students and families across the region.

SUSTAIN ENDURING TRUST:

We sustain enduring trust through practices that are transparent, communications that are

clear, and decisions that preserve the good faith of our community.

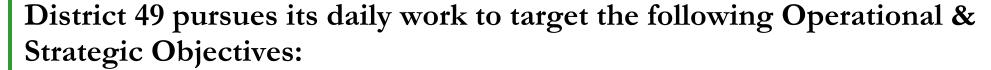

VALUE ALL PEOPLE:

We value all people by putting our values of care and respect into

action through strategic initiatives that promote equity, respect diversity, and celebrate the contributions of all.

Operational & Strategic Objectives

Ongoing Operational Objectives:

Education Present Education results that show response to School Performance Frameworks; Encourage and Measure progress toward school,

district and state innovations for P12 education;

Business Present Fund Balance results to meet criteria from BoE Policy DAA; Present financial results within the Window of Precise Performance;

Ensure all identified staff positions are well filled timely; ensure all employees' performance is appropriately evaluated.

Operations Provide safe & timely Transportation Services; Provide self-funding Nutrition Services that are well received; Maintain & Operate District

Facilities to provide an adequate learning environment; Perform Timely School Safety Assessments; Improve Technology Infrastructure.

Strategic Objectives: for 2021/22:

- 1. Upgrade Support to Address Disruptive & Harmful Behaviors
- 2. Foster Mental Wellness for Students and Workforce
- 3. Elevate Local Accountability Measures and Systems
- 4. Secure Community Leadership to Increase School Funding
- 5. Implement a Comprehensive Strategic Communications Plan
- 6. Optimize Facility Planning and Configuration
- 7. Sustain and Extend Enhanced Security

Understanding Colorado School Finance and how it applies to District 49's State program revenue.

For a full review of Colorado School Finance please see CDE Webpage at http://www.cde.state.co.us/cdefinance/fy2018-19brochure \text{\$\frac{4}{2}\$ Yes the 18-19 Brochure is the most up-to-date

Colorado public schools receive funding from a variety of sources. However, most revenues to Colorado's 178 school districts are provided through the Public School Finance Act of 1994 (as amended). Moneys provided via the Public School Finance Act of 1994 are available to each school district to fund the costs of providing public education.

PUBLIC SCHOOL FINANCE ACT OF 1994 (as amended)

(C.R.S. Article 54 of Title 22)

The Public School Finance Act of Colorado is a formula used to determine state and local funding amounts for the state's 178 school districts and the Charter School Institute. Total Program is a term used to describe the total amount of money each school district receives under the School Finance Act.

Funded Pupil Count:

Funding is based on an annual October pupil count. Each school district counts pupils in membership as of the school day nearest October 1 (the official count day). Districts are given an opportunity to provide documentation that a student re-established membership by October 31st for a student who may be absent on the official count day, but was in attendance prior to October 1st.

Generally, pupils in grades 1 through 12 are counted either as full-time or part-time depending upon the number of scheduled hours of coursework. Kindergarten, preschool special education, and a limited number of at-risk preschool (see Colorado Preschool Program discussion below) pupils are counted as part-time.

The funded pupil count is defined as the district's "On-line Pupil Count" plus the district's Colorado Preschool Program Pupil Count plus the district's Supplemental Kindergarten Enrollment (.08 of the Kindergarten headcount), plus the district's ASCENT program pupil enrollment, plus the higher of current year enrollment or the average of 2, 3, 4, or 5 years enrollment. SB13-260 established the minimum funded pupil count for any school district at 50 pupils.

Base Funding:

The base amount of funding for each pupil is \$7,225.28 in budget year 2021-22. Funding is added to this amount based on the specific factors as outlined below to arrive at a Total Per-pupil Funding amount for each district.

Cost of Living Factor:

The cost of living factor reflects the differences in the costs of housing, goods, and services among each of the 178 school districts in the state. Cost differences are reviewed every two years to allow for timely recognition of economic changes.

The cost of living calculation changed in FY 2004-05, replacing inflation with the increase in household income level. A district's cost of living factor is increased based on its cost of living increase above the household income increase, rather than its increase above inflation.

Personnel Costs Factor:

The personnel costs factor varies by school district based on enrollment. For all districts, employee salaries and benefits represent the largest single expense. As such, the formula directs funding based on these costs, using historical information and incorporating the above cost of living factor. This factor is projected to be 90.20% for District 49 in the 20/21 school year.

Size Factor:

Like the above personnel costs factor, the size factor is determined using an enrollment-based calculation and is unique to each school district. This factor is included to recognize purchasing power differences among districts and to reflect the expression of funding on a perpupil basis.

"Smaller" districts (fewer than 4,023 pupils) receive greater size factors and, thus, increased funding. Districts with greater than 4,023 pupils receive more moderate size factor adjustments.

A district with fewer than 500 pupils in which a charter school operates, receives an additional, compensating adjustment via an increased size factor designed to help mitigate the impacts of such an arrangement in a small district.

At Risk Funding:

Eligibility for participation in the federal free lunch program is used as a proxy of each school district's at-risk pupil population. Increased funding is provided to recognize that expenses among districts vary, as pupil populations vary, especially at-risk populations. For each at-risk pupil, a district receives funding equal to at least 12%, but no more than 30%, of its Total Per-pupil Funding (see prior discussion). As a district's percentage of at-risk population increases above the statewide average (roughly 37.2%), an increased amount of at-risk funding is provided.

A district receives funding for the greater of: (1) each actual pupil eligible for the federal free lunch program; or (2) a calculated number of pupils based on the number of grades 1-8 pupils eligible for the federal free lunch program as a percent of the district's entire population. Beginning in FY 2005-06 the definition of at-risk students was expanded to include students whose CSAP scores are not included in calculating a school's performance grade because the student's dominant language is not English and who are also not eligible for free lunch.

House Bill 15-267 added an additional \$5 million in funding to be distributed on a per pupil basis to districts, charter schools and the Charter School Institute for each funded at-risk pupil.

On-Line Funding:

Approximately 10,936 pupils enrolled in a certified Multi-district on-line program are funded at the on-line per pupil amount of \$7.338.38 (after a downward adjustment of -14.04% commensurate with the Negative Factor, discussed below). Pupils enrolled in a Single district on-line program are funded at the district's current per pupil funding amount as calculated below. A Single district on-line program which enrolls no more than 10 students from another district.

Budget Stabilization Factor aka... the 'Negative Factor':

Starting in FY 2010-11, an additional factor was included in the school finance formula. This factor acts as a reduction to other existing factors and shall not reduce any base per pupil funding districts receive through the school finance formula. In general, this factor is calculated by first determining the total program prior to application of the Negative Factor.

The difference between the total program amount prior to application of the Negative Factor and the established floor amount of no less than \$6,634,600,182 for total program is utilized to calculate a percentage reduction, that is then applied to each district's respective total program funding amount.

This calculation is detailed below:

- (A) = Statewide Total Program after application of the Negative Factor
- (B) = Calculated Total Program prior to application of the Negative Factor
- (C) = Negative Factor reduction ((A / B) 1 = C)

The 'Negative Factor' effect on District 49:

In Fiscal year 20/21 the 'Negative Factor' had a – (\$1,138.45) in per pupil revenue, taking the district from \$8,915.23 per pupil to \$7,776.78 equating to a -(\$2,371,386.40) effect on District 49's overall budget.

For Fiscal year 20/21 the 'Negative Factor' will have a -(\$2,383.12) in per pupil for a total program effect of -(\$17,073,350).

Minimum Total Program:

For budget year 2020-21, each school district is guaranteed Total Program funding (before applying Negative Factor) consisting of the sum of \$7,846.69 per traditional pupil plus \$7,325.15 per online pupil. These amounts are adjusted in accordance to the application of the Negative Factor. In FY 2007-08 minimum per pupil funding for traditional pupils was increased to represent 94.3% of the state average per pupil funding less on-line funding. Beginning in FY 2008-09 and budget years thereafter, minimum per pupil funding for traditional pupils equals 95% of the state average per pupil funding less on-line funding.

Limitation on Increases in Total Program:

Each school district's annual revenue and spending growth is limited by its percentage of growth in pupil enrollment plus the rate (percentage) of inflation, in accordance with the Taxpayer's Bill of Rights (TABOR) state constitutional amendment. This limit initially may restrict a district's ability to accept the full amount of funding as determined by the Total Program formula calculation.

In such a case, to subsequently receive the full formula amount of funding, a district must certify to the Colorado Department of Education that receiving the full amount of Total Program funding would not violate its TABOR limit. A district may need to seek voter authorization for an increase to its TABOR limit before being able to make such a certification.

Categorical Funding:

In addition to the Total Program Funding from the Public School Finance Act of 1994 (as Amended), school districts may receive state funding to pay for specific programs designed to serve particular groups of students. These programs include, English Language Proficiency Education, Gifted and Talented Education, Special Education, Transportation and Vocational Education Categorical Funding should increase at the rate of inflation, however costs for these program continue to rise at a rate higher than inflation causing the General Fund to subsidize these programs at greater rates.

General Funds: Fund Definitions

The General Fund (10) - Used to account for and report all financial resources not accounted for and reported in another fund. GASB 1300.104 and GASB Statement No.54. Section 22-45-103(1)(a), C.R.S., states that all revenues, except those revenues attributable to the Bond Redemption Fund, the Capital Reserve Fund, the Special Building Fund, the Insurance Reserve Fund, and any other fund authorized by the State Board of Education, shall be accounted for in the General Fund. Any lawful expenditure of the school district, including any expenditure of a nature that could be made from any other fund, may be made from the General Fund.

For District 49 – This is our main operating fund receiving local, state and federal funds to cover the day-to-day activities of the District.

Mill Levy Override Funds:

MLO Operational Funds (14 &16) – These sub-funds of General Funds segregate Operational (i.e. non-capital) Spends supported by Mill Levy Override revenues allocated by constituent votes in 2014, 2016, and 2018. As per the ballot language, we direct monies to priorities of Teacher Pay, Safety and Security, Technology & Classroom programs.

MLO Project Fund (49) - Used to account for the purposes and limitations specified by Section 22-45-103(1)(c), C.R.S., including the acquisition of sites, buildings, equipment, and vehicles. According to 2016 ballot language, it is available for (1) Supporting a ten-year cycle to Refresh and Refurbish all buildings, (2) making equitable additions to the District's regular operated High Schools and (3) building new schools (starting with two new elementary schools).

MLO Capital Financing - Instrument Service Fund (39) - Accounts for Certificate of Participation (CoP) payments used to fund capital projects via a capital lease strategy as voted on in 2005, 2014, and 2016.

General Fund Sub-Funds:

Capital Maintenance & Improvement [aka Capital Reserve Fund] (15) - Segregates maintenance & improvements to real property assets of the district, purchasing of district vehicles (especially student transportation busses), payments generally-funded payments on capital lease financings, and other material periodic projects.

Risk Management [aka Insurance Reserve Fund] (18) - Segregates real property risk and related insurance accounting, and maintain a self-balancing set of records specific to risk management insurance reserve requirements for allocations. Used to account for the purposes and limitations specified by Section 22-45-103(1)(e), C.R.S., and used to account for financial transactions as identified in Section 24 10 115, C.R.S. Funds 10 and 18 are the only funds available for risk-management purposes pursuant to 22-45-103(1)(e), C.R.S.

Colorado Pre-School Program (19) - This fund allows a district to separate the Colorado Preschool Program accounting, and maintain a self-balancing set of records specific to the Colorado Preschool Program requirements for allocations. Used to account for the purposes and limitations specified by Section 22-28-108(5.5) C.R.S.

Special Revenue Funds:

Fund Definitions

Food Service (aka Nutrition Service) Fund (21) - Used to record financial transactions related to food service operations. If the district receives USDA school breakfast/lunch money, this fund is required.

Governmental Designated-Purpose Grants Fund (22) & Local/Private Grants Fund (26) - Used to record financial transactions for grants received for designated programs funded by federal, state or local governments. If the program is identified by a Catalog of Federal Domestic Assistance (CFDA) number (except food service programs), it is recommended that the applicable program be reported in this fund.

Transportation Fund (25) - Used to account for revenues from a tax levied or fee imposed for the purpose of paying excess transportation costs pursuant to the provisions of Sections 22-40-102(1.7)(a) or 22-32-113(5)(a), C.R.S., respectively. Section 22-45-103(1)(f), C.R.S., requires a district to use this fund when such a tax is levied or such a fee is imposed. When use of this fund is required, transportation categorical program revenues received from the state pursuant to Article 51 of Title 22, C.R.S., also shall be recorded in this fund.

BASE 49 Fund (27) - Used to account for participant-funded before/after school child care operations.

Fiduciary (& pseudo-fiduciary) Funds:

Scholarship Fund (73) - Used to account for assets held for other funds, governments or individuals. Agency funds are custodial in nature and do not involve measurement of operations. Agency funds generally serve as clearing accounts. This fund accounts for the Dane Balcon Scholarship program that is managed by outside parties related to the program.

Pupil Activity Special Revenue Fund (23) - Used to record financial transactions related to school-sponsored pupil intrascholastic and interscholastic athletic and other related activities. These activities are supported in whole or in part by revenue from pupils, gate receipts, and other fund-raising activities. District 49 uses this to account for all extra-curricular and co-curricular academic, athletic, arts, & other delineated programs where revenue is mainly generated from participation fees. Many programs within this fund are subsidized with revenue allocations from the District Board of Education's budget of the General Fund, to ensure participation of students with documented financial limitations, so as to prevent the potential that fee-paying students' participation revenues are subsidizing the participation of students with documented financial limitations.

Pupil Activity Agency Fund (74) - Used to record financial transactions related to school-sponsored pupil organizations and activities. These activities are self-supporting and do not receive any direct or indirect district support within fund 74. For agency funds, revenue and expenditures are reported in total; therefore, the Pupil Activity Agency Fund does not require the same level of detail as the Pupil Activity Special Revenue Fund (fund 23). District 49 does choose to use the same style and level of detail, however. Programs in this fund involve fundraising for extracurricular and cocurricular activities and are not associated with specific student participants and other programs where sources of revenue are external to the district and are not tied to specific timing requirements/expectations of related spends.

Special Fiduciary Fund Trend Summary

Other Current & Historical Funds:

Fund Definitions

Bond Redemption Fund (31) – Formerly used to account for the accumulation of resources for and the payment of principal, interest, and related expenses on long-term general obligation debt. This fund is currently dormant as all G.O. debt was paid off in December 2018.

Charter School Fund (11) - Used to track revenues and expenditures of charter schools. The district is not required to include charter school transactions in its financial database for normal day-to-day operations. However, Charter School transactions must be included in the district's database for Automated Data Exchange (ADE) reporting purposes.

Capital Reserve Capital Projects Fund (43) - Used to account for the purposes and limitations specified by Section 22-45-103(1)(c), C.R.S., including the acquisition of sites, buildings, equipment, and vehicles.

Health Insurance Fund (64) - Used to account for financial transactions for services that are purchased from an Internal Service Fund by other funds (cost-recovery basis). Included, is self-insurance covering the district and its employees.

Other fund numbers are sometimes used in the District's accounting system to make sub-segregations of general fund monies (funds 12,13,17), but are consolidated appropriately for any budget or audit presentation. In addition, some other fund numbers, not listed here, are sometimes used for business office data needs (i.e. non-monetary statistical data). Still other fund numbers are used for strategic purposes that improve the sophistication of financial data & processes and/or to manage limitations of the financial system that are either put in place by the system vendor, or by the Business Office to manage visibility to categories of data

Grand Peak Academy Amended Budget 2021-2022

The mission of Grand Peak Academy is to develop students of great character, who are culturally aware, accepting of diversity, appreciators of history, arts, mathematics, and sciences, and are prepared to meet the challenges of the world today. We value parental partnership through direct involvement in classroom and school activities and community stewardship through our support of local charities and hosting of community events.

MEMORANDUM

To: Mountain View Academy Board of Directors

Subject: 2021-22 Amended Budget

Date: December, 20 2021

Attached to this memo is the amended budget for the 2021-22 school year for your consideration and approval. This budget is being amended to reflect the most current information available at this time.

The budget has been constructed with the following assumptions:

353 students

16 classrooms utilized

\$8,561 per pupil funding

Student counts shown above are as of fall 2021 and do not necessarily reflect the blended or full-time equivalent counts used by the states to determine state aid funding. Each state has a different method of measuring student counts for purposes of allocating funds.

There are four similar reports included in this package:

The first report, entitled "A Resolution to the Board of Directors", is for your approval of the amended budget as it is being presented. A signed board resolution is required as an acknowledgement of the board's approval of the budget.

The budget is presented in two funds:

The **General Fund** contains the activity of the school pertaining to the general or main functions at the school. This fund contains the primary revenue sources such as state and local student aid and the primary expenditures.

The **School Service Fund** contains the activity for the food service program at the school. This fund includes the revenue generated for the food service program from federal (Department of Agriculture) and state sources, as well as from parents. It also includes the expenditures related to the food service program.

We recognize that the School Service Fund may need assistance from the General Fund to balance its budget. Therefore, a fund transfer is indicated on the "Transfer between funds" line on the budget as necessary.

The total of these funds will be the basis for the comparisons on the following pages.

The second report, entitled "2021-22 Amended Budget - Detail", shows the amended budget for the current school year in greater detail.

The third report, entitled "2021-22 Initial Budget Comparison to 2021-22 Amended Budget", compares the amended budget for the current school year to the initial budget that was presented to the board for approval in the spring of 2021.

Changes between the budgets are primarily due to changes in student counts, classrooms, and projected grant investments. The amended budget that is being presented at this time is based on the actual fall 2021 student counts and updated funding. At this time, we also have more information regarding projected grant revenues and expenditures for the current fiscal year, which may cause variances to appear in comparison to the budget presented last spring. Any changes in grant revenue will have an accompanying change in grant expense.

MEMORANDUM

For comparison, the original budget presented to you last spring was based on the following assumptions:

574 students

21 classrooms utilized \$7,974 per pupil funding

The fourth report, entitled "2020-21 Compared to 2021-22 Amended Budget", compares the actual results from last year to last year's final budget and to this current year amended budget.

To follow is a brief explanation of budget line items:

REVENUES:

<u>State Aid</u> – The per pupil funding provided by the state for general education.

Other State Sources – The portion of state funding allocated for special education as well as grant funds issued by the state and state funding for food services.

<u>Local Sources</u> – Primarily special education funds that flow through the local school district as well as grant funds and student aid issued by local municipalities.

<u>Federal Sources</u> – Grant funds issued by the federal government such as charter school grants and entitlement program grants for specific education purposes. Also included in Federal Sources is the Department of Agriculture reimbursement for the food services program. ESSER grants and most other COVID-related grant funds are also from Federal sources.

<u>Private Sources</u> – Any non-governmental funds, e.g. privately funded grants, including those from authorizers or private foundations, as well as any amount paid to the school by parents.

Contribution from NHA - The contribution from NHA if the overall revenues are not sufficient to cover all expenses.

EXPENDITURES:

Instruction:

<u>Basic Instruction</u> – Expenses incurred for the basic educational experience at the school including items such as salaries and benefits for teachers, curriculum and textbooks, classroom supplies, and field trips. Also included is the contribution to the TABOR reserve fund, if applicable, and board discretionary expense. Since we don't know how the board will allocate these funds, it is all budgeted in this line. As the funds are spent, they are charged to the correct category in the actual column - i.e. equipment, field trips, etc. Investment of ESSER and other COVID-related grants for supplemental interventionists, tutors, teacher stipends, summer school programs, professional development, curricular tools, classroom supplies, school uniforms, and community in schools programs is included in Basic Instruction.

<u>Added Needs</u> – Costs associated with at-risk programs at the school. At-risk programs are designed to meet the needs of children who are academically or economically challenged. Costs include items such as salaries and benefits for teachers, curriculum and textbooks, and classroom supplies.

<u>Special Education</u> – Expenses for classroom-type settings for special education students including costs incurred in the Resource Room and individual aides within a classroom setting. Investment of ESSER and other COVID-related grants for teacher stipends is included in Special Education.

Support Services:

<u>Pupil Services</u>— Costs related to the special education student's individualized instruction, including speech and language services, occupational therapy, physical therapy, social work services, and psychology services. Investment of ESSER and other COVID-related grants for supplemental social work services is included in Pupil Services.

<u>Instructional Staff Support</u> – Costs for services focused on working with staff to better enhance the educational experience for all students. Included in this area are Dean and library and technology personnel costs, as well as

MEMORANDUM

supplies and equipment for these school departments. Professional development for teaching staff is also included here. Investment of ESSER and other COVID-related grants for educational technology coordinators, staff stipends, and improved internet access for students is included in Instructional Staff Support.

Board of Education – Board supporting services such as legal and audit costs, and NHA board relations assistance.

<u>Executive Administration</u> – Support services representing the general administration cost from the authorizer (where applicable) and NHA.

<u>School Administration</u> – Costs associated with the principal and general office of the school including salaries and benefits, supplies, postage, printing and general fees.

Other School Administration – Central services in support of admissions and parent relations, as well as ensuring school quality.

<u>Business & Internal Services</u> – The NHA cost for accounting, financial reporting, payroll, purchasing, and compliance services.

<u>Central Services</u> – Costs associated with the recruiting and hiring of staff and employee relations, as well as technology and marketing functions, and the design and delivery of professional development to school leadership.

<u>Operations & Maintenance</u> – Costs related to renting and maintaining the building, including utilities, as well as the purchase of any general equipment for use in the building. Costs related to maintaining school safety and security are also included. Investment of ESSER and other COVID-related grants for technology, personal protective equipment, and COVID-related cleaning and cleaning supplies is included in Operations and Maintenance.

Pupil Transportation Services – Costs related to the conveyance of pupils to and from school.

Food Services – The total cost of the food service program at the school.

If you have any questions on this, please direct them to your Partner Services Representative.
