REINFORCEMENT TIPS

As we enter the last quarter of the school year, here are a few reinforcement tips to help with increasing positive behaviors in the classroom:

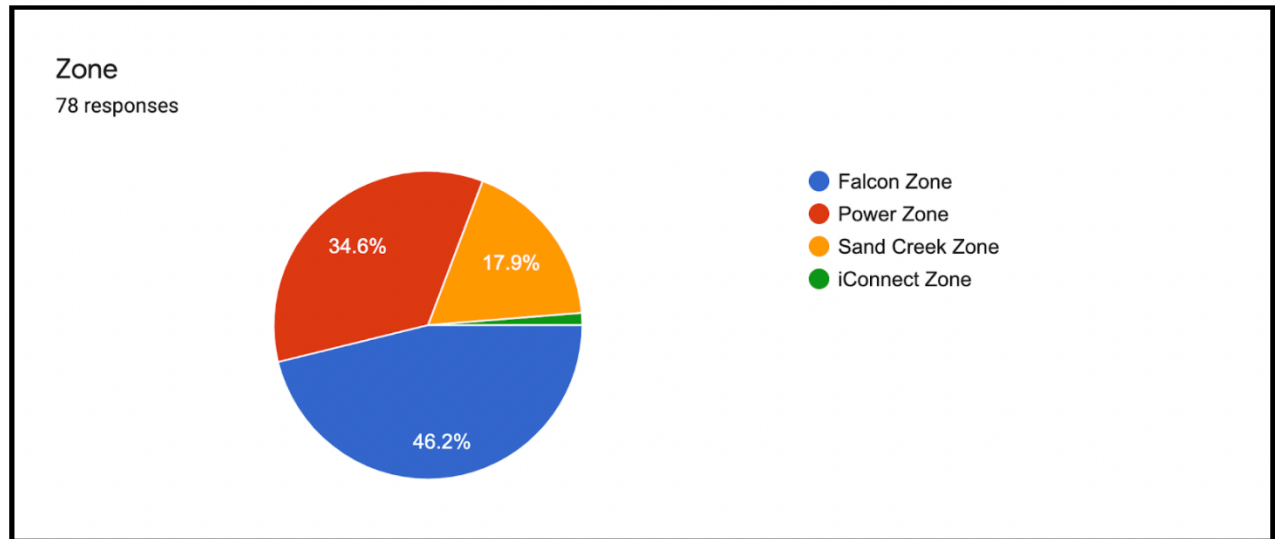

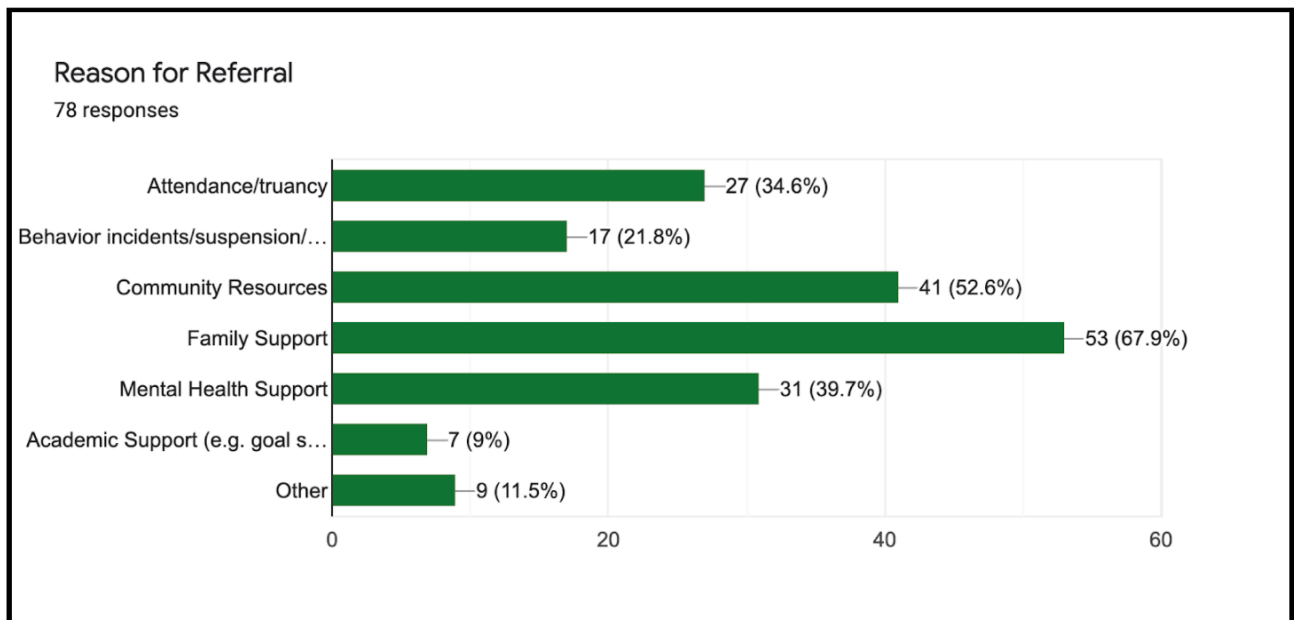

- Make sure to use **POSITIVE** language when delivering reinforcement and redirecting behavior
 - Example: “Don’t climb on the table”, “You won’t get a token if you do that” vs. “Get off the table” or “You can earn a token for sitting safely in your chair”
- Make it **PERSONAL**- It should mean something to the person receiving it
- Make it **IMMEDIATE**- The quicker it’s delivered the more effective (½ second rule)
- Make it **FREQUENT**- If done correctly, it will NEVER be done too much
- Make it **SOCIAL**- Pair it with positive social praise (High five, thumbs up, fist bump, pat on the back)
- Make it **EARNED**- Must follow an appropriate behavior (used coping strategy, followed directive, attended and participated in the activity, waited)
