## WELCOME GRETCHEN!

- We have a new district behavior analyst supporting the Sand Creek Zone who will be joining our team after Spring Break!
- Hello! My name is Gretchen Smith Vazquez and I am very excited to join the D49 Behavior Team as the BCBA for the Sand Creek Zone. I have been teaching special education for 11 years and have had the opportunity to teach students both in Colorado and overseas in Kenya and South Korea. My journey as a special education teacher has given me the chance to teach students with disabilities from Kindergarten through 12th grade with various disabilities, with a majority of my time in teaching students with Affective Needs and Social Communication Needs. My passion is working with teachers and their students who display socially significant behaviors to help provide strategies and interventions to help support student learning in the classroom. I have a bachelor's degree in Special Education and master's degrees in Educational Psychology and Educational Leadership and Administration and I am completing a master's certificate in Applied Behavioral Analysis. My husband is retiring this year from the Space Force and we have five kids that attend (and love!) D49 schools in the Sand Creek Zone. I am looking forward to building positive relationships with teachers and staff in order to help support student learning in our amazing classrooms across the Sand Creek Zone!
